NDDA MID-WINTER SPEAKERS

THURSDAY, JANUARY 19, KELLEY JOHNSON

Kelley Johnson is an accomplished dental educator whose work is focused on helping practices all over North America optimize their performance. She has extensive influence, and over 24 years of experience leading others thru change, operational transformation, and technology implementation. Aside from helping others achieve their level of excellence, Kelley is well known for her ability to connect and build lasting relationships. She is often heard saying "Being a part of this industry and not only watching practices become more profitable but seeing how others develop a true joy for their daily work is such a privilege". From the upper Midwest, Kelley is passionate about spending time with her friends and family or can be found "trying" to golf on occasion. Prior to becoming a manager of education and practice growth, Kelley was a Technology Advisor at Patterson Dental and served on several advisory councils/elite project groups. Taking the customer experience to the next level is the heartbeat of what you can expect when working with Kelley.

"INFECTION CONTROL PLUS BLOODBORNE PATHOGENS"

6:00 P.M. – 9:00 P.M. SPONSORED BY ERICKSON DENTAL TECHNOLOGIES

OSHA requirements include an annual retraining session for all employees. This course will help fulfill these requirements & will update participants on the latest from OSHA, including the Globally Harmonized System (GHS) for Hazard Communication. The course also covers the Bloodborne Disease Pathogens

Standard and the Centers for Disease Control & Prevention Infection Control Guidelines for Dentistry. Other topics include requirements in the areas of fire, noise, ventilation, egress, ionizing radiation and workplace violence.

Please Join Us!

Let the warmth of friendship take the chill from the air, and the spirit of the season make winter easier to bear. Please join us for a cocktail social starting at 8:00 p.m. to 11:00 p.m. All meeting attendees and exhibitors are welcome. **Drinks and appetizers will be provided.**

FRIDAY, JANUARY 20, LUNDON ALBRECHT, DDS

Dr. Landon R. Albrecht attended The Ohio State University College of Dentistry. Dr. Albrecht has an innovative mind and is constantly seeking ways to improve dentistry for the patient and the dentist. He has lectured internationally to dentists regarding cosmetic and restorative dentistry. He received his Fellowship in implants from the International Dental Implant Association and is a member of the Ohio Dental Association, American Dental Association®, American Academy of Oral Medicine and the Northeastern Ohio Dental Society.

"INNOVATIVE WAYS TO UPGRADE EVERYDAY DENTISTRY"

8:00 A.M. – 4:30 P.M. SPONSORED BY COLTENE

As dental materials continue to evolve, so should our restorative techniques. From injection molding restorations to simplified bonding to tricky black triangles, learn innovative ways to upgrade everyday dentistry! Also learn how minimal invasive and biomimetic approaches can provide longer lasting restorations and how composite veneers can be done faster to increase patient comfort and reduce chair time without compromising performance.

Synopsis:

- One quick treatment
- Reduced chair time
- Consistent and predictable results
- Greater profit
- Same-day results
- Happier patients due to a more premium experience

Course Outline:

- Direct composite veneer applications
- Cosmetic mock-up and shade selection
- Temporaries during porcelain veneer creations

- All Class 3, 4 & 5 restorations
- Misaligned teeth not requiring orthodontics
- Peg laterals
- Composite crowns
- Abraised/Grinding teeth
- Discolored teeth

Learning Objectives:

- Innovative ways to upgrade everyday dentistry
- Injection Molding to combat microleakage and improve posterior restorations
- Simplify same-day cosmetic bonding
