WELCOME MESSAGE

Motohiro Ebisawa, MD, PhD
President of APAPARI

Dear Colleagues and Friends,

The 2025 APAPARI annual conference will be held in Indonesia for the fourth time since 2019. It will be held jointly with the Indonesian Pediatric Society. This will be the second time, following 2019, that the conference will be held on the beautiful island of Bali. The conference will be held at the Bali International Convention Centre (BICC) from November 20th to 23rd, 2025. In recent years, the number of submissions from the Asia-Pacific region to international journals, including the only international academic journal for pediatric allergy; PAI (Pediatric Allergy and Immunology), related to pediatric allergies has increased, demonstrating a remarkable improvement in the academic level of this region. The four-day academic program is extremely fulfilling and we believe it will be a valuable learning opportunity for all participants.

Finally, I would like to express our sincere appreciation to Indonesian colleagues to make joint activity possible.

See you in Bali, November 2025!

WELCOME MESSAGE

dr. Piprim Basarah Yanuarso, Sp.A, Subsp. Kardio
President of Indonesian Pediatric Society

Dear Colleagues and Friends,

Once again, the Indonesian Pediatric Society has the opportunity to hold a prestigious regional congress: The Asia Pacific Academy of Pediatric Allergy, Respiriology, and Immunology (APAPARI) Annual Congress 2025, which will be held in beautiful Bali from November 20 to 23, 2025.

Like the previous meetings, this prestigious event will bring together leading experts, researchers, and practitioners from the Asia Pacific region to discuss the latest advancements in pediatric allergy, respirology, and immunology. Attendees can look forward to inspiring keynote speeches, interactive sessions, and valuable networking opportunities, all set against Bali's stunning cultural backdrop.

We warmly invite you to immerse yourself in the vibrant scientific atmosphere and the invaluable connections waiting for you here in Bali.

dr. Dina Muktiarti, Sp.A, Subsp. AI
Chair of APAPARI Annual Congress 2025
Organizing Committee

Dear Colleagues and Friends,

We are excited to announce that the Asia Pacific Academy of Pediatric Allergy, Respiriology, and Immunology (APAPARI) Congress 2025 will take place in Bali from November 20th to 23rd, 2025. This event will be held in conjunction with the 10th Indonesian Pediatric Allergy and Clinical Immunology Meeting.

This esteemed event will gather leading experts, researchers, and practitioners from the Asia Pacific region to discuss and share the latest advancements in pediatric allergy, respirology, and immunology. The Congress will feature a diverse program that includes keynote presentations, interactive sessions, and networking opportunities, all set against the breathtaking backdrop of Bali's cultural and natural beauty.

We believe this meeting will be as productive and impactful as the previous APAPARI Annual Congress held in Bali in 2019. I look forward to meeting you in Bali.

PROGRAM

WS 1 - APAPARI-PAI JUNIOR WORKSHOP

Course Director : IB Ramajaya Sutawan
Day and Time : Thursday, 20 November 2025

TIME	AGENDA/ SPEAKER
09.00 - 10.00	Introduction & Overview of Pediatric Allergy Immunology Journal Best Articles Philippe Eigenmann
10.00 - 10.15	Tea Break
10.15 - 10.45	Designing and Analyzing Nutrition-Focused Research in Allergy Carina Venter
10.45 - 11.15	Bridging Clinic and Lab: Designing Mechanistic Studies in Food Allergy Hideaki Morita
11.15 - 11.30	Q&A
11.30 - 12.00	Practicalities of Drug Allergy Workup Michaela Lucas

WS 2 - BASIC OF PEDIATRIC ALLERGY

Course Director : Edy Noverly
Day and Time : Thursday, 20 November 2025

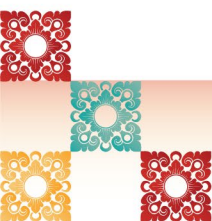

TIME	AGENDA/ SPEAKER
08.30-08.40	Registration
08.40-08.50	Opening Edy Noverly
08.50-09.00	Pre-test Edy Noverly
Moderator: Hugo van Bever & Dina Muktiarti	
09.00-09.40	The spectrum of allergic diseases in children Hugo van Bever
09.40-10.10	Allergic diseases in Indonesian children Zakiudin Munasir
10.10-10.40	Diagnostic tests in allergy: the good, the bad and the ugly Lee Be Wah
10.40 - 11.10	Approach to respiratory allergy Neeraj Gupta
11.10-11.40	Panel discussion
11.40-13.00	Lunch and prayer break
13.00-13.40	Case study: skin allergy Dina Muktiarti
13.40-14.20	Case study: allergic rhinitis Hugo van Bever
14:20 - 15:00	Case study: allergic asthma Neeraj Gupta
15.00 - 15.40	Skin prick testing (demo): when, what, who, and how Sumadiono
15.40 - 16.00	Wrap Up & Post-test Edy Noverly

WS 3 - SKIN ALLERGY FOR GENERAL PEDIATRICIAN (Indonesian session)

Course Director : Endah Citraresmi
Day and Time : Thursday, 20 November 2025

TIME	AGENDA/ SPEAKER
08.40 - 08.45	Opening Endah Citraresmi
08.45 - 09.00	Pre-test Endah Citraresmi
09.00 - 09.40	Prompt treatment for acute urticaria and anaphylaxis Wisnu Barlianto
09.40 - 10.20	How to deal with chronic urticaria Wistiani
10.20 - 10.40	Q&A
10.40 - 11.20	Comprehensive management of atopic dermatitis Endah Citraresmi
11.20 - 12.00	Recognizing and managing the severe cutaneous adverse drug reaction Ketut Dewi Kumara Wati
12.00 - 12.20	Q&A
12.20 - 13.05	Break symposium
13.05 - 13.20	Ishoma
13.20 - 14.05	Study case 1: Acute Urticaria and Anaphylaxis Wisnu Barlianto
14.05 - 14.50	Study case 2: Chronic Urticaria Wistiani
14.50 - 15.35	Study case 3: Atopic Dermatitis Endah Citraresmi
15.35 - 16.20	Study case 4: Severe Cutaneous Adverse Drug Reaction Ketut Dewi Kumara Wati
16.20 - 16.35	Post test, wrap-up, and closing Endah Citraresmi

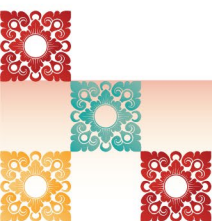

Friday, 21 November 2025

TIME	Room: Mangapura Hall	Room: Nusantara 1	Room: Nusantara 2
08.30-09.00	OPENING CEREMONY Speech: 1. APAPARI President 2. IPS President 3. Congress Chairman		
09.00-10.00	PLENARY 1 Hot Topics in Food Allergy		
09.00-09.30	Management of Food Allergy and Anaphylaxis in Society Motohiro Ebisawa, Japan		
09.30-10.00	Novel Therapeutic Approach in Managing Food Allergy Gary Wong, Hong Kong		
10.00-10.30	Room: Exhibition Hall Networking, Refreshment Break, Poster Presentation, & Visit Exhibition		
10.30-12.00	PARALLEL SYMPOSIUM 1 IgE-Mediated Food Allergy	PARALLEL SYMPOSIUM 2 Drug Allergy	PARALLEL SYMPOSIUM 3 Trajectories, Phenotypes, and Endotypes of allergic diseases in early childhood from Asian birth cohorts: Toward Personalized Prevention and Treatment of Allergic Diseases
10.30 - 10.55	Seafood and Fish Allergy in Asia Pacific Agnes Leung, Hong Kong	Step Wise Approach in Drug Hypersensitivity Diagnosis Wistiani, Indonesia	Trajectories, Phenotypes, and Endotypes of Atopic Dermatitis in Children Soo-Jong Hong, South Korea
10.55 - 11.20	Accelerating Oral Tolerance Induction in Food Allergy Intan Hakimah Ismail, Malaysia	Recent Updates on NSAID Hypersensitivity Tu Trinh, Vietnam	Trajectories, Phenotypes, and Endotypes of Food Allergy in Children Elizabeth Tham, Singapore
11.20 - 11.45	Improving The Quality of Life in Children with Multiple Food Allergy Pantipa Chatchatee, Thailand	Drug Desensitization in Clinical Practice Michaela Lucas, Australia	Trajectories, Phenotypes, and Endotypes of Wheezing and Asthma in Children Yukihiro Ohya, Japan
11.45 - 12.00	Discussion	Discussion	Discussion
12.00-13.30	LUNCH SYMPOSIUM 1	LUNCH SYMPOSIUM 2	LUNCH SYMPOSIUM 3

TIME	Room: Mangapura Hall	Room: Nusantara 1	Room: Nusantara 2
13.30-15.00	PARALLEL SYMPOSIUM 4 Allergic Rhinitis	PARALLEL SYMPOSIUM 5 Inborn Error of Immunity: Infections and Beyonds	BREAK SYMPOSIUM Atopic Dermatitis Guidelines
13.30 - 13.55	The Guideline Evolution of Allergic Rhinitis Cahya Dewi Satria, Indonesia	Which IEI to Suspect When a Child Presents with Autoimmune Features? Amit Rawat, India	
13.55 - 14.20	Allergic Rhinitis Comorbidities: How to Recognize, Prevent, and Manage Alfred Tam, Hong Kong	When Should an Allergist Suspect IEI in a Child with Eczema and Elevated IgE? Hideaki Morita, Japan	
14.20 - 14.45	Nasal Hyper-responsiveness: not merely an allergic inflammation Niken L Poerbonegoro, Indonesia	Common Infections in IEI Children in Asia Pacific Narissara Suratannon, Thailand	
14.45 - 15.00	Discussion	Discussion	Discussion
15.00-15.30	Room: Exhibition Hall Networking, Refreshment Break, Poster Presentation, & Visit Exhibition		
15.30-17.00	PARALLEL SYMPOSIUM 6 Atopic Dermatitis - From Pathogenesis to Local Management	PARALLEL SYMPOSIUM 7 Immunology - State of the Art	FREE PAPER 1
15.30 - 15.55	Role of Skin Barrier in AD: From Epithelial Cells to Microbiomes Zakiudin Munasir, Indonesia	Climate Change and Air Pollution Impact on Respiratory Allergy Anang Endaryanto, Indonesia	
15.55 - 16.20	Ingredients That Matter: Key Components in Moisturizers for Atopic Dermatitis Triana Agustin, Indonesia	Dietary Factors and Allergic Disease Development Lee Bee Wah, Singapore	
16.20 - 16.45	When, What, and How: Between TCI and TCS in AD Hugo van Bever, Singapore	Update in Inborn Error of Immunity Mechanism Yu Lung Lau, Hong Kong	
16.45 - 17.00	Discussion	Discussion	Discussion

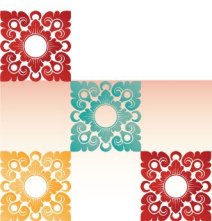

Saturday, 22 November 2025

TIME	Room: Mangapura Hall	Room: Nusantara 1	Room: Nusantara 2
07.00-08.00	APAPARI Business Meeting		
08.00-09.00	PROBLEM-BASED LEARNING 1 (Indonesian Session) The Mimics of Atopic Disease	PROBLEM-BASED LEARNING 2 (Indonesian Session) Atopic Dermatitis	PROBLEM-BASED LEARNING 3 (Indonesian Session) Primary Immunodeficiency
08.00 - 08.25	Rizqi Amalia, Indonesia	Molly Dumakuri, Indonesia	Edy Noverly, Indonesia
08.25 - 08.50	Myrna Alia, Indonesia	Komang Ayu Witarini, Indonesia	Dina Muktiarti, Indonesia
08.50 - 09.00	Discussion	Discussion	Discussion
09.00-10.00	PLENARY 2 Exploring the Intersection of Allergy, Immunity, and Microbiomes		
09.00-09.30	The Intersection of Allergy and Inborn Error of Immunity Yu Lung Lau, Hong Kong		
09.30-10.00	Utilizing Big Data from Worldwide Birth Cohorts for Allergic Prevention Soo-Jong Hong, South Korea		
10.00-10.30	Room: Exhibition Hall Networking, Refreshment Break, Poster Presentation, & Visit Exhibition		
10.30-12.00	PARALLEL SYMPOSIUM 8 WAO Sister Symposium	PARALLEL SYMPOSIUM 9 Allergen Immunotherapy Practice	PARALLEL SYMPOSIUM 10 Non-IgE Mediated Food Hypersensitivity - from Diagnosis to Management
10.30 - 10.55	Food Allergy Epidemiology Global Trend Gary Wong, Hong Kong	Oral immunotherapy, the State of the Art of a very effective method of allergen immunotherapy Pakit Vichyanond, Thailand	When to Think of Non-IgE Mediated Food Allergy in Clinical Practice Endah Citraresmi, Indonesia
10.55 - 11.20	Dramatic Increased of Food Protein-Induced Enterocolitis Syndrome Hideaki Morita, Japan	Innovations in Oral Immunotherapy: Assessing New Approaches for Treating IgE-Mediated Food Allergies Sakura Sato, Japan	How to Manage a Child with Non-IgE Mediated Food Allergy Philippe Eigenmann, Switzerland
11.20 - 11.45	Food Allergy Management by Stepwise OFC and More Motohiro Ebisawa, Japan	House Dust Mite Immunotherapy in Asia, Do We Need Different Approach? Kok Wee Chong, Singapore	Nutritional Interventions in Allergic Esophagitis Carina Venter, USA
11.45 - 12.00	Discussion	Discussion	Discussion
12.00-13.30	LUNCH SYMPOSIUM 4	LUNCH SYMPOSIUM 5	LUNCH SYMPOSIUM 6

TIME	Room: Mangapura Hall	Room: Nusantara 1	Room: Nusantara 2
13.30-15.00	PARALLEL SYMPOSIUM 11 Insight for Microbiome in Allergy	PARALLEL SYMPOSIUM 12 Inborn Error of Immunity: Diagnostic & Therapy	PARALLEL SYMPOSIUM 13 EAACI Sister Symposium
13.30 - 13.55	Early Life Microbial Dysbiosis and The Development of Allergic Diseases Budi Setiabudiawan, Indonesia	From Routine Lab to Genetic Testing in Inborn Errors of Immunity: What, When, How Intan Hakimah Ismail, Malaysia	Management of Iodinated Contrast Media Allergy Maria Torres, Spain (pre-recorded)
13.55 - 14.20	Are There Sufficient Evidences of Probiotic in Allergy Prevention Ketut Dewi Kumara Wati, Indonesia	Current Update on IEI Management Narissara Suratannon, Thailand	Mohamed Shamji, UK
14.20 - 14.45	Current Evidence of Probiotic in Allergic Disease Management Allesandro Fiocchi, Italia (online)	Asia Pacific Perspective of IEI Diagnosis and Treatment Dina Muktiarti, Indonesia	Endotypes of Atopic Dermatitis in children Sophia Tsabouri, Greece (pre-recorded)
14.45 - 15.00	Discussion	Discussion	Discussion

ABSTRACT SUBMISSION

The Scientific Program Committee invites clinicians and researchers in general pediatrics and pediatric allergy-immunology to submit abstracts for oral or poster presentations, and/or for inclusion in the conference abstract book. Submissions may include clinical studies, basic or translational research, case series, management strategies, or clinical practice insights related to pediatric care.

Please read the Abstract Submission Guidelines carefully before submitting. All abstracts must be submitted electronically via the official Congress website www.apapari2025.com/abstract. Submissions by post, fax, or email WILL NOT BE ACCEPTED.

Key Date

- Abstract submission deadline: **1 September 2025**

Submission Notes

- Accepted abstracts will be scheduled for presentation in either thematic Poster Sessions or Oral Presentation Sessions. Abstracts not selected for presentation may still be included in the official abstract book.
- All presenting authors of accepted abstracts are required to register for the Congress. They are responsible for their own presentation materials, travel, accommodation, and any other expenses related to attendance.
- It is the author's responsibility to ensure that abstracts are written clearly, in grammatically correct English, and contain accurate scientific content. Abstracts lacking data or written in poor English will not be considered.
- Detailed presentation instructions will be sent to all presenting authors upon acceptance of their abstract(s), closer to the Congress date.
- A confirmation of receipt will be sent automatically to the presenting author upon submission. Notification of acceptance or rejection will follow after peer review. All communication regarding the abstract, including its status, session assignment, date, and time of presentation, will be sent to the email address provided during submission.

ABSTRACT GUIDELINES

- Abstracts must be written and presented in English.
- All abstracts must be submitted online via the official Congress submission portal.
- You must be registered for the Congress in order to submit an abstract.
- Abstracts must contain original data and comply with international ethical standards.
- Case reports may be considered if they present significant findings and include appropriate statistical and analytical methods.
- Abstracts that have been previously presented or published may be submitted; however, they will not be republished on the Congress website.
- Do not include the abstract title, author names, or institutions in the body of the abstract text.
- Standard abbreviations may be used; any non-standard or uncommon abbreviations should be spelled out in full upon first mention, followed by the abbreviation in parentheses.
- Use generic (non-proprietary) drug names in lowercase upon first mention. Trade names are not allowed.
- Multiple abstract submissions by the same author are permitted.

ABSTRACT TOPIC CATEGORIES

- Allergens & Immunotherapy
- Allergic Rhinoconjunctivitis
- Allergy Prevention, Diagnosis, and Treatment
- Anaphylaxis
- Asthma
- Atopic Dermatitis
- Basic & Clinical Immunology
- Climate Change and Allergy
- Drug Allergy
- Food Allergy
- Inborn Errors of Immunity
- Urticaria & Angioedema
- Miscellaneous

ABSTRACT STRUCTURE

Research Report Abstracts

Please structure your abstract using the following subheadings in bold:

1. **Background:** Briefly state the purpose and rationale of the study.
2. **Methods:** Outline the study design, methodology, and, if applicable, patient selection criteria.
3. **Results:** Summarize the key findings with appropriate statistical data.
4. **Conclusions:** Present the main conclusions derived from the results. Avoid vague statements such as "Results will be discussed" or "Data will be presented."

Case Report Abstracts

Please structure your case report abstract using the following subheadings in bold:

1. **Background:** Provide a brief overview of the clinical relevance and rationale for reporting the case. Highlight the novelty, significance, or unusual nature of the case in the context of existing medical knowledge.
2. **Case/Cases:** Present the case in a clear and concise manner. Include relevant patient demographics (e.g., age, sex), clinical history, diagnostic work-up, management, and outcomes. Emphasize key findings and their relevance to the diagnosis or treatment approach. For multiple cases, briefly describe each case while focusing on shared insights or differences.
3. **Conclusion:** Summarize the clinical lessons, implications for practice, or broader relevance of the case. Avoid vague statements such as "The case will be discussed" or "Further data will be presented."

Keywords: Include 3–5 keywords that reflect the core topics of the case report. These will help index the abstract and improve its discoverability.

- The abstract text is limited to 300 words.
- Tables, figures, and graphs are not permitted within the abstract text.
- Abstracts that do not follow this format may be rejected.

AFFILIATIONS

List all affiliations including department, institution, city, and country. If there are multiple affiliations, list each one separately and match them using superscript numbers as follows:

1. Department, University, City, Country
2. Institution, City, Country
3. Company, City, Country

CONSENT TO PUBLISH

If the abstract contains identifiable patient information, authors are required to obtain prior consent before submission. Please confirm during submission whether consent has been obtained or is not required.

ABSTRACT REVISIONS

Revisions can be made through the abstract submission system until August 15, 2025. No further changes will be accepted after this date.

NOTIFICATION OF ACCEPTANCE

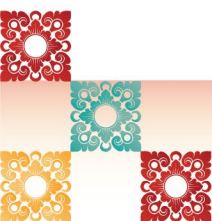

Acceptance notifications will be sent by September 15, 2025, to the Presenting Author via the email address provided during submission. This communication will include the abstract status, presentation type, date, and time.

PUBLICATION OF ABSTRACTS

Accepted abstracts will be published online as part of the official Program Book.

PRESENTER ATTENDANCE POLICY

APAPARI reserves the right to decline future abstract submissions from authors who fail to attend and present their accepted work during the sched

METHODS OF PAYMENT

Midtrans is the official payment gateway partner of APAPARI 2025

1. Midtrans holds a Payment Card Industry Data Security Standard (PCI-DSS) license. Published by the PCI Security Standards Council, this license certifies that our systems meet high data security standards.
2. Implementation of AES-256 encryption ensures that Midtrans protects sensitive data from thieves and unauthorized access. Midtrans protects every transaction with AES-256 so you can transact with peace of mind.

CREDIT CARD

1. Available only for VISA and MASTERCARD
2. Payment by Credit Card will be redirect to our online payment gateway (MIDTRANS)
3. There will be additional charge at 2,9% + IDR 2.220 from the total amount
4. The confirmation of registration will be sent automatically to your email once the payment succeeds

VIRTUAL ACCOUNT

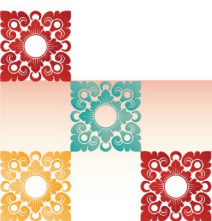

1. Payment by Virtual Account should be made by Bank transfer using Internet Banking or ATM
2. Each participant will get a unique Virtual Account No. which will only valid for 7 (seven) days after the online registration made
3. There will be additional charge at Rp 4.440,- per transaction
4. The confirmation of registration will be sent automatically to your email once the payment succeeds.

BANK TRANSFER

1. Payment could be made by Internet Banking, Mobile Banking or ATM
2. The copy of remittent should be submitted through this link or send by email to registration@apapari2025.com
3. The confirmation letter will be send after the remittent has been verified by registration team. It will be take 5 (five) days
