CONFERENCE DESCRIPTION

Sexual health is a dynamic and multifaceted phenomenon that is closely linked to a person's overall quality of life. Sexual disorders can interfere with intimacy, affect a relationship, and ultimately erode well-being and overall health. Determining the etiology of sexual complaints in women and men is often a complex process; the healthcare provider must be a cautious detective, exploring both the medical and psychological issues that can influence the sexual response cycle.

Our **Challenges in Male & Female Sexual Healthcare** conference has been designed to provide primary care physicians, nurse midwives, nurse practitioners, physician assistants, and nurses with up-to-date and clinical data about the disorders, both medical and psychological issues, which can influence the sexual response cycle. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; literature review; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **Challenges in Male & Female Sexual Healthcare** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of the Napa Valley.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Identify and treat the common sexual problems that men and women experience throughout their lifecycle
- Effectively address the sexual health issues that lesbian, gay, bisexual, and transgender patients experience
- Identify the elements for taking a sexual history and describe common abnormalities found during male or female physical exams
- Use evidence-based data to design a comprehensive treatment paradigm to treat male and female sexual disorders and dysfunctions that incorporate both sexual pharmacology and non-medical interventions
- Discuss with patients the wide range of human sexual expression, including BDSM and paraphilias

CONFERENCE LOCATION

California's wine country offers scenic countryside, great wines and superb restaurants. **With over 450 wineries offering a variety of wines for all tastes, it's no wonder that the Napa Valley is considered the heart of the American wine industry.** Located approximately 50 miles north of San Francisco, there is much more to Napa than just its grapes! **Enjoy hot-air ballooning, horseback riding, mountain biking or challenging golf.** Find incredible discounts on your favorite brand-names at the Napa Premium Outlets or visit Old Town for more unique shopping. Visit the recently restored Napa Valley Opera House for headliners from Jazz to Country music. It might be wine that comes to mind when thinking of the Napa Valley, but with world-renowned restaurants, such as *The French Laundry*, it's the food that will keep you occupied while there.

With so much to do, you'll find that fine wine is only a part of this abundant valley. If the Napa Valley isn't enough to keep your interest, San Francisco, with Fisherman's Wharf, Chinatown and famous cable cars, is just an hour away; or the kid inside you will love the excitement of Six Flags Amusement Park located just 20 minutes away.

The **Napa Valley Marriott Hotel & Spa** combines modern convenience with traditional comfort. Exercise at the state-of-the-art fitness center, or enjoy "The Spa," one of the best full-service spas in the Napa Valley. Enjoy the cuisine at VINEleven, the hotel's indoor/outdoor restaurant and bar, specializing in small and shared plates, and featuring an amazing list of Napa Valley's finest wines.

Whatever your pleasure, you are sure to find it at our conference on **Challenges in Male & Female Sexual Healthcare** in Napa, California!

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available 6-8 months prior to the conference.
