

Aesthetic management of the missing dentition

Treatment considerations for long-term aesthetic results

Subir Banerji
Andrew Chandrapal

LEEDS | Friday 7 February 2020
LONDON | Friday 27 March 2020

6 hours
CPD

DEVELOPMENT OUTCOME

Learning objectives

- A clinically oriented overview on the management of anterior diastemas and the partially dentate
- Evidence based options with tips for optimal outcomes
- Aesthetic classification of form defect of the anterior dentition
- General practice-based management in real terms with hints and pitfall avoidance.

SEMINAR PROGRAMME

08:30 Registration, refreshments and exhibition

09:00 Managing gaps and the partially dentate

- Understand the relevance when applying the various options for the management of diastemas and the partially dentate
- Be able to apply the clinical tips shown into practice to optimise outcomes.

Subir Banerji, Programme Director MSc Aesthetic Dentistry and Senior Clinical Lecturer, King's College London, Private Practice Ealing, London

10:30 Morning refreshments and exhibition

10:50 Managing gaps and the partially dentate (continued)

- Evaluate the options with reference to the available evidence
- Be able to evaluate long term outcomes of the clinical cases presented.

Subir Banerji, Programme Director MSc Aesthetic Dentistry and Senior Clinical Lecturer, King's College London, Private Practice Ealing, London

12:20 Lunch and exhibition

13:20 Management of form corrections in the anterior dentition: diagnosis and planning

- Understanding the importance of visualising the correct form of the single tooth or multiple teeth in the anterior dentition
- Criteria of form corrections and types of aesthetic defects
- Diagnosis and planning of form correction cases.

Andrew Chandrapal, Dentist in general practice, Buckinghamshire and Past President, British Academy of Cosmetic Dentistry

14:50 Afternoon refreshments and exhibition

15:10 Management of form corrections in the anterior dentition: clinical procedures and application

- Management of anterior form corrections using direct composite resin – MI Dentistry
- Missing anterior and posterior structural issues – case management
- Smile frame direct bonding to replace or repair missing tooth.

Andrew Chandrapal, Dentist in general practice, Buckinghamshire and Past President, British Academy of Cosmetic Dentistry

16:40 Close of seminar

SPEAKERS

Subir Banerji

Programme Director MSc Aesthetic Dentistry, King's College London and Private Practice London.

Dr Banerji designed and is the Programme Director of the world acclaimed MSc in aesthetic dentistry programme at King's College London Faculty of Dentistry Oral and Craniofacial Sciences. He is also in private practice in London.

Apart from his clinical practice and teaching Dr Banerji conducts research at King's College London supervising Master's and PhD students. He has published in numerous peer reviewed international journals, is author of several books, and board member on expert and advisory international panels including the European Expert Consensus Panel on severe tooth wear. He has lectured and taught postgraduate dentists internationally and is an internal and external examiner for universities in the UK and around the world.

Andrew Chandrapal

Dentist in general practice, Buckinghamshire and Past President, British Academy of Cosmetic Dentistry.

Qualifying from Birmingham University, Andrew has followed a journey to progress to further qualifications, experience and training which form the basis of his special interests in dental aesthetics, composite resin bonding, complex rehabilitation and management of wear.

Having gained Distinction in a double Masters of Clinical Dentistry (MClinDent) in fixed and removable prosthodontics as well as two further academic diplomas. He is also a graduate of the Kois Centre, based in Seattle – of which only a handful have attained this 9-step level of training within the UK.

Andrew is Past President for the British Academy of Cosmetic Dentistry and a long-standing member of the American Academy of Cosmetic Dentistry, the International Team for Implantology, the Association of Dental Implantology and the British Society of Occlusal Studies. He is also a post-graduate tutor for Kings College London and sits on the editorial board of many dental subscriptions.

He is also an educator to other dentists on a nationally and international level. Andrew is a key opinion leader to the industry and is Director of IndigoDent - dental education focusing on composite resin, photography and tooth wear management.
