

AROUND THE NOSE

**18th International Course
on Reconstructive and
Aesthetic Surgery
of the Nose and Face**

June 14-16, 2017

Radboudumc
university medical center

Introduction

External rhinoplasty, Transposition flaps, Nasal reconstruction, Otoplasty, Blepharoplasty, Mentoplasty and Rhytidoplasty.

These techniques are explained step by step by a multidisciplinary international faculty of experts.

After each presentation you will practice a technique hands on.

Instead of employing chemicals to preserve bodies, the bodies are fresh frozen and brought to room temperature, providing the feel and texture of facial soft issue.

You will be practicing the techniques with only two participants per body.

We are looking forward to meeting you in Nijmegen, The Netherlands.

Dr. Koen Ingels and Dr. Niels van Heerbeek
Course directors

Programme

WEDNESDAY JUNE 14, 2017

08.00 Registration
Chairman: K. Ingels/N. van Heerbeek

08.30 Welcome
K. Ingels/N. van Heerbeek
