

Tuesday 6th February 2018 | Holiday Inn Manchester City Centre, Manchester

Haematological Cancer Service Delivery

From referral to treatment and survivorship:
how to manage demand and deliver effective patient care

This haemato-oncology conference is a unique chance to benefit not only from innovative case studies, but also from having time to discuss your challenges and ask your questions. Discover practical strategies to grow your outcomes as well as your capacity:

- **New drugs, strategies and treatment possibilities:** managing toxicities and side effects
- **The journey from inpatient to outpatient care:** minimising length of patient stay
- **Patient perspective:** helping patients to deal with the rapid pathway from diagnosis to treatment
- **Enabling survivors to live well:** supporting and empowering survivorship
- **Post-transplant case study:** managing complications and enabling better quality of life
- **Staffing strategies case study:** setting up nurse-led clinics and services to increase capacity
- **Setting up your 24/7 haematology telephone triage service:** how it works in practice

Grow your knowledge of recent advances in diagnosis, treatment and service improvement strategies:

- **Christopher Parrish**, Consultant
Haematologist, **The Leeds Teaching Hospitals NHS Trust**
- **Deborah Grimes**, Haematology Clinical Nurse Specialist, **County Durham and Darlington NHS Foundation Trust**
- **Satarupa Choudhari**, Consultant
Haematologist, **The Pennine Acute Hospitals NHS Trust**
- **Manoj Raghavan**, Consultant
Haematologist, **University Hospitals Birmingham NHS Foundation Trust**
- **Patient Representative**

Plus: Advanced Nursing Skills for Haematology
Wednesday 7th February 2018, Manchester

NHS SPECIAL PRICES
£299 each with 2 places
£279 each with 4 places

Haematological Cancer Service Delivery

From referral to treatment and survivorship: how to manage demand and deliver effective p

8.45 Registration and refreshments

9.20 **Chair's opening remarks**

Satarupa Choudhari, Consultant Haematologist, **The Pennine Acute Hospitals NHS Trust**

Recent Advances in Treatment

9.30 **Clinical developments for myeloma: new drugs, strategies and treatment possibilities**

- Clinical trials update: increasing stem cell transplant effectiveness and developing alternatives
- Combination treatments: what effects can this have on overall survival rates?
- Tailoring treatment for elderly patients: how can we improve outcomes for over 65s?

Christopher Parrish, Consultant Haematologist, **The Leeds Teaching Hospitals NHS Trust**

10.00 **Clinical developments for leukaemia: mapping variations in treatments and side effects**

- New treatments: targeted therapies and the effects on outcomes, toxicities and interactions
- Deciding treatment approaches: when age and performance status inhibit treatment options
- Delivering treatment in the community: how community chemotherapy works in practice

Manoj Raghavan, Consultant Haematologist, **University Hospitals Birmingham NHS Foundation Trust**

10.30 Networking break

10.50 **A Current Landscape of Chronic Myeloid Leukaemia: trials and treatment breakthroughs**

- Current treatment approaches: exploring advancements first and second line CKIs
- Trial updates: recent developments, major trial data and how they will impact treatment
- 2018 NICE status: approved treatments, upcoming considerations and funding challenges

Satarupa Choudhari, Consultant Haematologist, **The Pennine Acute Hospitals NHS Trust**

11.20 **Q&A with morning speakers**

Improving the Patient Pathway

11.50 **Streamlining GP referrals: building effective pathways from primary to secondary care**

- Where is the unmet need? Understanding the challenges and needs from a GP perspective
- Developing ways to educate GPs: empowering more confident and accurate referrals
- Improving continuity and clarity for patients: how the project will boost patient experiences

12.20 **Group discussion: working with services beyond the acute trust to provide holistic care**

How often does your team interact with community services, social workers and charities? Share ways in which you could work more closely across these teams to ensure that you are all working towards the same goal; effective and efficient patient care.

12.50 Networking lunch

Streamlining Patient Care

2.00 **Patient perspective: dealing with the rapid pathway from diagnosis to treatment**

- Understanding diagnosis: how can clinicians support the rapid transition in to being a patient?
- The psychological effect of cancer: responding to depression, anxiety and the wider effects
- Living with haematological cancers: how could the NHS promote and enable 'living well'?

Patient representative tbc

2.20 **Enabling survivors to live well: educating, supporting and empowering survivorship**

- What are the core principles of survivor support? Identifying how you can make an impact
- Symptom management: ensuring that your practice enables people to live as fully as possible
- Expanding availability: managing the demand to deliver support for as long as people need it

Deborah Grimes, Haematology Clinical Nurse Specialist, **County Durham and Darlington NHS Foundation Trust**

2.50 **Group discussion: what responsibilities do you have to support patients psychologically?**

How often does your team interact with community services, social workers and charities? Share ways in which you could work more closely across these teams to ensure that you are all working towards the same goal; effective and efficient patient care.

3.20 Networking break

Managing Capacity and Demand

3.40 **Post-transplant case study: managing complications and enabling better quality of life**

- Identifying and treating early post-transplant complications: infection and regeneration
- Identifying and treating later post-transplant complications: monitoring recovery closely
- Providing support on a limited budget: what can services do if they can't access specialist staff?

4.10 **Group discussion: developing more nurse-led services to increase capacity**

What nurse-led services are up and running at your trust? How have you found allocating the time and space to develop these? Discuss how nurses in your service have grown their responsibilities and helped patients to be seen more quickly.

4.40 Close of day

Sponsorship, Exhibition and Branding Pre, On the Day and Post Event

Business, Education & Networking . . .

If you join us in 2018, you will be able to talk directly to this audience of Haemato-oncology professionals, build familiarity and take away leads. Only at this event will you achieve quality exposure, long term recognition and the opportunity to demonstrate your expertise. For further details email sanjay.singh@sbk-healthcare.co.uk or telephone **Sanjay Singh** on **01732 89 77 88**.

Book today to re-focus your professional approach to haemato-oncology

By attending this haematological cancer training day, you will be linking in with services from around the country to outline, discuss and overcome your challenges including:

- **Learn about progressions in diagnosis and treatment:** update and improve patient care
- **Improve the patient pathway:** ensure that transitions of care are completed efficiently
- **Benchmark your service:** compare your current delivery and gain ideas to progress
- **Streamline patient care:** practical strategies to manage toxicities, understand post-transplant complications and deliver the support that patients find most helpful
- **Manage capacity and demand:** maximising capacity with nurse-led clinics and triage lines

Plus a co-located workshop:

Advanced Nursing Skills for Haematology

Wednesday 7th February 2018, Manchester

Improve clinical practice, patient care and symptom management by developing ANP skills

With the Advanced Nurse Practitioner role becoming more prevalent in haematological cancer services, this workshop is your chance to discover how to grow your role as a nurse and confidently assess, treat and educate patients. By boosting your knowledge of toxicities and refining your everyday practice as well as mapping the possibilities for upskilling your role, this workshop is your unmissable guide to advanced nursing skills for haematology.

Venue: Holiday Inn Manchester City Centre,
25 Aytoun St, Manchester M1 3DT

Tel: 0161 242 5444.

Email: dos@himanchestercity.com

Travel: Holiday Inn Manchester - City Centre is less than one minute walk from Piccadilly Station. Trains run regularly from London Euston, Birmingham, Leeds, Nottingham and Liverpool to Manchester Piccadilly station.

Accommodation: Holiday Inn Manchester City Centre, 25 Aytoun Street, Manchester, M1 3DT. Bed and breakfast is available at the specially discounted price of £105 plus VAT subject to availability. Simply tick the dates that you wish to book under fees and payment details. In order to guarantee your reservation, credit card details must be provided at the time of booking. We regret that bookings for bed and breakfast accommodation cannot be accepted without full credit card details. Cancellations need to be made 4 weeks prior to the night of your stay otherwise full payment is required. Your credit card will be charged in the event of the invoice not being settled one month following the event. Lower rates may be found by booking directly with an on-line accommodation website.

Special Needs: If you have any special needs or any particular dietary requirements, we are happy to help where possible. Please contact us with details. Vegetarians will be catered for.

Certificate of Attendance: A certificate for Continuing Professional Development will be given to each participant who completes the course, as a record of your continuing professional training and development.

Fee: Registration fees are payable in advance. The fee includes documentation, refreshments and lunch, it does not include travel costs or accommodation.

Cancellation and Substitutions: A refund of fees will be made only for cancellations received in writing 28 days prior to the event (less £90 administration charge). No refunds will be accepted after this date. Substitution of one conference attendee for another will be accepted at any time – please send us an email informing us of the change.

Data Protection: Your details will be held on our database to enable us to process your order and so that you can be kept up to date with relevant details of future events. Sometimes they may be made available to external organisations for marketing purposes. If you do not wish to receive such information please write to: Database Manager, SBK (UK) Ltd, 10 Churchill Square, Kings Hill, West Malling, ME19 4YU

Are you Registered? You will always receive an acknowledgment of your booking. If you do not receive anything, please call us on 01732 89 77 88.

All best endeavours will be made to present the programme as printed. However, SBK: Healthcare reserves the right to alter the programme, speakers, date or venue.
