- ▶▶ **CONTINUUM OF CARE.** Explore the care continuum pathway through the patient's story, long-term care facilities, behavioral health, and transforming quality of care through technology.

*CNEs offered for sessions within these topic sessions.

"If you're looking for something to do after hours, I recommend Kingston Mines on North Halsted. It's an iconic Chicago bar serving up live blues music every night since the 60's. Anyone who's anyone has played at this place."

—Tom Murray, Senior Director, Marketing

"You definitely need to stop by Cloud Gate (or as the locals call it, The Bean!). It's an iconic landmark in Chicago and won't disappoint!"

—Melanie Endicott, Vice President, HIM Practice Excellence

"The women's bathroom at the Signature Room on the 95th floor of Hancock Tower has one of the most iconic views of the Chicago city-scapes! Sorry, guys. No men allowed!!"

—Emily Bucarich, Manager, Digital Products

"I love going to Punch Bowl Social in West Loop. It's a ton of fun with a group of people because it has lots of board games, giant scrabble, virtual reality and bowling."

—Alana Anderson, Business Analyst

"The rooftop patio at Whiskey Business in Wicker Park won't disappoint. They have happy hour specials daily and they even do rooftop yoga in the summer! You'll have a great time!"

—Meghan McLaughlin, Marketing Manager

"If you're bringing your family along, I'd recommend Safehouse in the River North neighborhood. It's an interactive spy-themed restaurant that kids will love!"

—Monica Reyes, Meeting Content Planner

For the last two years, a million Condé Nast readers ranked Chicago as the number one city to visit in the United States.*
