Introducing two new featured lectures to ACEP19 –
Brooks F. Bock Lecture and Nancy Auer Lecture

BROOKS F. BOCK LECTURE

Acute Care Delivery in the US - Don't Hate the Player, Change the Game

Monday, October 28 | 9:00 am – 9:50 am

Faculty: Brendan G. Carr, MD, FACEP

Brooks F. Bock, MD, FACEP, served as President of ACEP from 1983-1984, is a member of the Emergency Medicine Foundation Board of Trustees, and recipient of ACEP's highest honor, the John G. Wiegenstein Leadership Award. The Brooks F. Bock Lecture provides a forum to recognize innovative emergency medicine researchers whose work has contributed to the advancement of the specialty. The session also includes abstract presentations on research that has potential to transform clinical practice.

NANCY AUER LECTURE

EM for Delivery: How Elite Entrepreneurs are Innovating Healthcare

Monday, October 28 | 10:00 am – 10:50 am

Faculty: Jennifer L. Wiler, MD, MBA, FACEP

Nancy J. Auer, MD, FACEP, was the first female president of the American College of Emergency Physicians in 1997-98 and served on the ACEP Board from 1991-1999. The selection of the Auer Lecture is to recognize visionary leaders in emergency medicine who elevate the specialty through their ability to break through traditions, finding innovative solutions and building consensus to resolve the challenges in emergency medicine.

In addition to the two new lectures, ACEP19 continues to feature the Colin C. Rorrie, Jr. Lecture and James D. Mills, Jr. Lecture

COLIN C. RORRIE, JR. LECTURE

That's Crazy Talk: Using Health Policy to Improve Care for our Mental Health Patients

Tuesday, October 29 | 10:00 am – 10:50 am

Faculty: L. Anthony Cirillo, MD, FACEP

Colin C. Rorrie, Jr., PhD, CAE, faithfully served the American College of Emergency Physicians from 1982 to 2003 as executive director. The selection of the Rorrie Lecture is based on the importance of the topic to the specialty of emergency medicine in the health policy arena.

JAMES D. MILLS, JR. LECTURE

Gun Violence & EM: #itisourlane

Sunday, October 27 | 1:30 pm – 2:20 pm

Faculty: David W. Callaway, MD, FACEP

James D. Mills, Jr., MD was one of the founders of the American College of Emergency Physicians and served the College as president for two consecutive terms from 1972-73. The selection of the Mills Lecture is based on the importance of the topic to the specialty of emergency medicine - its past, present, and future.

Pre-Conference Courses – even more CME!

Counter-Narcotics and Terrorism Operational Medical Support (CONTOMS) Medical Director's Course*

October 26 | 8:00 am – 5:00 pm

Price: \$300

Designed for physicians and others who provide medical oversight for prehospital personnel operating with tactical law enforcement teams or who require a clearer understanding of TEMS as part of their work. This course consists of classroom work and extensive demonstrations.

Emergency Ultrasound Management Courses*

October 26 | 8:00 am – 5:00 pm

Price: \$300

Hear from national experts with highly successful emergency ultrasound programs. Two tracks are available, the **Core Track** for those starting a new program or to improve an existing one and the **Advanced Track** for programs looking to expand and enhance their current program. These courses are not hands-on.

Mass Casualty Medical Operations Management Course*

October 26 | 8:00 am – 5:00 pm

Price: \$300 Physician | \$175 RN/EMS/PA

Learn the skills and principles you need to plan, prepare, and manage any kind of mass casualty incident or patient surge event.

MAT Waiver Training (Emergency Medicine Focused Medication Assisted Treatment Waiver Training)*

October 26 | 8:00 am – 5:00 pm

This is your chance to complete the updated Emergency Medicine focused MAT training required to apply to the Drug Enforcement Agency for a waiver to prescribe buprenorphine. This is one of three medications, (buprenorphine, naltrexone and methadone), approved by the FDA for the treatment of opioid use disorder. Research demonstrates that MAT is effective in the treatment of opioid use disorders and can help some people to sustain recovery.

Disruptive Innovations in Injury Prevention*

October 26 | 12:30 pm – 6:00 pm

Price: \$89 ACEP Members | \$139 Non-Members | \$69 Residents

Gain insights on the newest innovations in acute and emergency care with a focus on innovations for injury prevention. Learn what new ideas and methods you can implement in your ED and community to help reduce preventable injuries.

Care Under Fire*

October 26 | 1:00 pm – 5:00 pm

Price: \$250

Threat management is an evidence-based, multidisciplinary team approach to identifying people at risk of engaging in targeted violence - including mass shootings - and intervening before they attack. Join the Coalition on Psychiatric Emergencies and Affirm to learn what you can do to prevent these events.

The Evolution of Geriatric Care in the ED*

October 26 | 3:00 pm – 7:00 pm

Price: FREE

Learn from geriatric experts as they share best practices in geriatric emergency care including pragmatic experience and strategic advice on how to make your ED more geriatric-friendly and how to garner leadership buy-in to support your mission. We'll end our session with tips on achieving GED accreditation.
