

TARGETED AUDIENCE

Plastic surgeons, Orthopedic Surgeons, Hand Surgeons, Residents of these specialties

Why Take this course?

Soft tissue coverage of the upper extremity continues to be a challenging and evolving field. The priorities in soft tissue reconstruction for the upper extremity are to restore form and function. In the era of free flaps, local flap coverage options for the upper extremity are sometimes forgotten. Therefore, we designed a Two-day course with theoretical and practical sessions offering a wide range of local flaps options for coverage of the upper extremity from fingertip to elbow. All demo sessions will be performed on fresh frozen cadavers per extremity.

A full one and half day course that cover 16 possible local and regional flaps in the upper extremity. All candidate will receive a pdf course manual upon registration for the course where they can prepare and study about the flap. This will give us more time to demonstrate and provide hand-on dissection.

Course Objective

- Learn the basic and advanced anatomy of hand, wrist and upper extremity
- Understand the different options of flap coverage in upper extremity

Course Faculty

Khalid Alawadi
Consultant Plastic &
Hand Surgeon at
Rashid Hospital, DHA,
Dubai, UAE

Ehab Bassim Aldlyami
Hand & Wrist Orthopedic
Surgeon, Medcare
Orthopedic,s & Spine
Hospital, UAE

Nebojsa Jovanovic
Orthopedic Surgeon &
Traumatologist- Hand
Surgeon at Rashid
Hospital

Agenda

M31, Basement, Medical
and Health Science
College Campus,
University Of Sharjah

Day 1

08:00 - 8:10 Opening
08:15 - 8:30 Lecture: Soft tissue anatomy of the hand
08:30 - 8:45 Lecture: Soft tissue coverage of fingertip
08:45 - 9:15 Venkatswami flap
09:15 - 9:45 Homodigital island flap
09:45 - 10:15 Moberg flap
10:15 - 10:30 Lecture: Soft tissue coverage of the dorsal aspect
10:30 - 11:00 Quaba flap
11:00 - 11:30 Adipofascial turnover flap
11:30 - 11:45 Lecture: Soft tissue coverage of the volar aspect
11:45 - 12:15 Cross finger flap
12:15 - 12:45 Kite flap
12:45 - 13:15 Littler flap
13:15 - 14:00 Lunchbreak
14:00 - 14:30 Brunelli flap
14:30 - 14:45 Lecture: regional flap in forearm
14:45 - 15:30 Radial forearm flap
15:30 - 16:15 Posterior interosseous flap
16:15 - 17:00 Becker flap

Day 2

08:00 - 8:15 Opening
08:15 - 8:30 Lecture: Regional flap in upper arm
08:30 - 9:15 Lateral arm flap
09:15 - 10:00 Medial arm flap
10:00 - 10:15 Lecture: Muscle flaps in upper extremity
10:15 - 11:00 Brachioradialis muscle flap
11:00 - 11:45 Hypothenar muscle flap
11:45 - 12:00 Coffee break and closing remarks
12:00 - 12:30 Certificate distribution
