MI10'S AI FOR HEALTHCARE LEADERS is a two-day conference gathering the leading innovators in healthcare to learn how to transform their organizations and prepare for an AI-enabled future. Through a series of presentations, interactive panels, and working sessions, MI10 will explore ways to leverage AI, educate your organization, and assess new AI technologies.

Topics Covered Include:

How AI can fix the broken healthcare system • Evaluating ROI • How to execute and integrate AI solutions
Implementing AI solutions in a non-biased way • How to explain AI to members of your organization • An more!

WHO SHOULD ATTEND?

- Healthcare Executives
- Clinician Leaders
- CEOs, CFOs, CMOs, CMIOs, CIOs, & CNOs
- Chief Clinical Officers
- Strategy, Innovation and Digital Officers
- AI Entrepreneurs
