

BARROW LIVE SURGERY COURSE

DEMONSTRATION COURSE IN OPERATIVE
MICRONEUROSURGERY

February 18-21, 2018

Barrow Neurological Institute
350 West Thomas Road
Phoenix, AZ

Endorsed By:

PROGRAM

COURSE OVERVIEW

Mirrored after the Helsinki course, this will showcase approaches and microsurgical techniques in live operations on various lesions (aneurysms, AVMs, cavernous malformation, extrinsic and intrinsic tumors and EC/IC bypass surgery).

During the course, there will be 4–6 operations per day. Professors will discuss the cases and present microsurgical videos between and after the operations. The operative schedule runs every day from 8:00 am to approximately 4:00 pm followed by case discussions and lectures.

Please bring a case to present at the meeting. This should be a current or recent patient of yours. You will get feedback from the instructors and the participants about how they might approach the case.
