Joint Organising Secretary

We cordially invite you to the **Ganga Operative Spine Course** at Coimbatore, India from **April 7th to 9th 2017**. We are privileged and honoured to have this course in association with **Scoliosis Research Society** and to have their eminent members as a part of our faculty. As in our previous courses, the emphasis will be on understanding spinal disorders, evaluating the patient, planning the surgery, practical tips to enhance results and avoid complications - without any focus on any particular implant or instrumentation.

Approximately, **20 spine surgeries will be demonstrated live** by the leaders in the field. The surgeries will cover the entire spectrum of the spinal surgeries in addition to all deformity surgeries. Five operating theatres, three lecture halls and state-of-the-art audio visual transmission facilities will be available to provide the best educational experience. Adequate time will be allotted for interaction with the faculty members to discuss and clear the participant's doubts.

Coimbatore is an important city of India and has ample opportunities for pre and post congress tours. We welcome you and your family to have a rich and memorable academic and social experience.

Prof. S Rajasekaran
Chairman-Dept of Orthopaedics & Spine Surgery

Ganga Operative Spine Course ...

The Ganga Operative Spine Course is held once in two years and is globally popular for its specific focus on live demonstration of spine surgeries, ranging from the simple to the most complex. Experts in the field share their wealth of experience and practical skills with the delegates, taking them through the various steps of surgery in detail. The Course thus offers the unique possibility for the delegates to not only witness the surgical procedures live but also to interact with the expert and clarify their doubts.

The 7th Ganga Operative Spine Course from April 7th to 9th 2017 is unique in that we are joining hands with the **Scoliosis Research Society** with many of their eminent members participating. They will be joined by many eminent faculty from the **Association of Spine Surgeons of India**.

Course Highlights:

- ♦ Eminent National and International Faculty.
- ♦ 20 live surgeries.
- ♦ Patient assessment, surgical plan surgical exposure and technical tips at each stage of surgery.
