Why Belgium?

The city of Brussels being the official capital of Belgium is likewise the most thickly populated and most extravagant area in entire Belgium. Belgium is arranged in Western Europe and is encompassed by France, Germany, Netherlands, Luxembourg and the North Sea. The city of Brussels has developed ordinarily however till date one can locate the unblemished old city dividers. Since antiquated occasions it has been acclaimed for its exchange center point, makes and obviously the Kings of Belgium.

History of Belgium and Brain could be gone back to sixteenth century and the main examination on human mind was performed by Andreas Vesalius. After that Arthur Van Gehuchten, most renowned Belgian nervous system specialist, spearheaded in the life systems and pathology of the sensory system. Together with Ramon y Cajal, they named the extensor plantar reflex as "Babinski sign". Ongoing progressions in nervous system science saw that Belgian nervous system specialists have dependably been effectively working being a piece of the European neurological society.

Testimonials

Wolfgang Siegra

Thank you for the wonderful opportunity from Aurelius Conferenes. That was a great opportunity to communicate with the experts. The meeting was very well organized and worth a reommendation to more scientists and researchers.

Bram D'hand

Quite edifying even for university professors, very encouraging reports by young researchers. It was a real pleasure to attend meetings organized by Aurelius Conferences.

Piet Van Loo

Thanks to Aurelius team for this outstanding help, which obvisously put in a treatmendous effort and helped with all our requests.

Joachim Rajek

Thank you for the wonderful opportunity, I am so glad to associate with Aurelius Conferences.
