_____ **Fitness Fun and Funding**  **Presenter: Christi Kay, President of HealthMPowers, Inc.**

A fitness focused physical education class is not only great for students, but it can be just as beneficial for teachers. It can produce tangible health results to help students with goal setting and program planning, and it can provide teachers with the data they need for providing exciting and useable evidence of the benefit of their program. The Presidential Youth Fitness Program (PYFP) is the national fitness education and assessment program and helps achieve excellence in physical education through quality fitness education and assessment practices. This session will provide interactive training on the fitness assessment protocols, the fitness education process, and strategies for integrating fitness education and assessment into your existing program with free and low cost materials. Come prepared to participate, learn and share in a fun and innovative approach to physical education! Physical Education and Health Educators please attend!

_____  **Presenter: Lana Peterson-Pressler National Elementary PE Teacher of the Year 2010. *8:00 – 11:45**

The First Tee, a 501(c) (3) youth development organization, is honored to conduct this unique certification training for the first time at MOAHPERD! Elementary Physical Educators will experience the lifetime sport of golf, with seamless integration of core values and healthy habits, designed to impact the lives of students every day in PE, school and at home! Leave with full certification to implement the National School Program and discover opportunities to join over 8000 schools around the United States in bringing best practice teaching strategies, SHAPE America National Standards-based curriculum and engaging, fun equipment to your program and students!

_____ **Effective Health Education Practices for Building Health Literacy Presenters: Ron Ramspott & Parkway School District Health Education Teachers**

New documents from SHAPE America outline appropriate practices for teaching school-based health education, which includes the implementation of a skills-based curriculum. Come learn how to employ instructional practices that engage students in learning and in developing 21st-century skills they need for success in college, career, and lifelong healthiness.

_____ **CPR/AED Certification**

American Red Cross CPR/AED and First Aid Certification Workshop!

Certification and recertification of Adult, Child and Infant CPR as well as First Aid and AED will be available during this 2-hour workshop. A certificate of completion will be available at the conclusion of the workshop.

_____ **SPARK NEW's for Elementary Physical Educators**

New to SPARK? *Don't miss this session!* Familiar with SPARK but want to learn the latest and greatest? *Don't miss this session!* Participate in NEW K-6 standards-based activities and methodology (including terrific technology and core subject integrations). All great "NEW's and free tools for YOU. Dress for activity. Laptop or iPad tablet with internet access (optional)

Completed registration form must be postmarked/submitted electronically by **November 1, 2016.**

Send to: **Tom Loughrey, MOAHPERD, 215 McCullough, H, Saint Louis, MO 63122.**
