

2017
**Barrow Spinal Cord Injury
Symposium**

Cutting Edge Approaches to Spinal Cord Injury

February 9-10, 2017

Registration and Agenda Inside

Barrow Neurological Institute
350 West Thomas Road | Phoenix, Arizona

Faculty

Nancy L. Brackett, PhD, HCLD
Professor
University of Miami Miller School of Medicine

Amy Dannels-McClure, RN, RD
Clinical Consultant
Coloplast

Owsley B. Frazier
Chair in Neurological Surgery
Department of Neurological Surgery
University of Louisville
Director of Research, Frazier Rehab Institute
Rehabilitation Research Director
Kentucky Spinal Cord Injury Research Center

Darren Hammond
Director
Permobil Academy

Susan Harkema, PhD
Professor, Department of Neurological Surgery
University of Louisville
Associate Director, Kentucky Spinal Cord Injury
Research Center
Director of NeuroRecovery Network,
Christopher & Dana Reeve Foundation

Don Headley, MD
Otolaryngologist
St. Joseph's Hospital & Medical Center

TBI/SCI Program Coordinator
Barrow Neurological Institute

Joe Stone
Executive Director
The Joe Stone Foundation

Cindy Sullivan, MSN, ANP-C, CNRN
Nurse Practitioner, Department of
Neurosurgery

Nicholas Theodore, MD
Donlin M. Long Professor of Neurosurgery
Professor of Neurosurgery & Orthopaedic
Surgery (PAR)
Director, Neurosurgical Spine Program
Johns Hopkins Medicine

Course Goal

In this live presentation, participants will learn about the most current and innovative research and specific management strategies in the field of spinal cord injury.

Overall Course Objectives/Course Completion Requirements

Upon completion of the symposium, the participant will be able to:

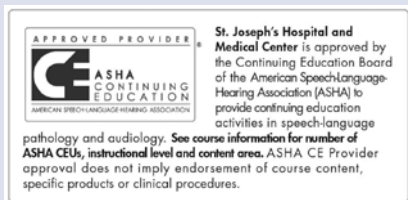

1. Describe new frontiers and emerging research in acute and chronic SCI.
2. Review clinical practice guidelines, management trends and treatment options of wheelchair pressure mapping.
3. Describe the relationship of medical/nursing management and the ability to provide early therapeutic interventions to optimize outcomes

Target Audience

This program is designed for nurses and allied health professionals who treat persons with spinal cord injury.

Continuing Education

Dignity Health Arizona Region is an approved provider of continuing nursing education by the Arizona Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Pending AzPTA CE approval. APA (psychology) CEU's pending.

This course is offered for 7.25 CEUs (Intermediate level, Professional area”).

A full list of faculty disclosures can be found at www.thebarrow.org

This *intermediate level* program awards Occupational Therapists 7.25 CEUs or 7.25 contact hours.

The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA.

Curriculum

Pre-Conference Agenda | February 9, 2017

The Ability360 Center
5025 East Washington St., Phoenix, AZ 85034

3:00 pm

Reception

4:00 pm - 5:00 pm

Wings to Wheels
Joe Stone

Conference Agenda | February 10, 2017

Goldman Auditorium
350 West Thomas Rd., Phoenix, AZ 85013

7:30 am - 8:30 am

Registration

8:30 am - 9:30 am

Effective Neuromodulation on Behavior & Physiological Responses after Spinal Cord Injury
Susan J. Harkema, PhD & Owsley B. Frazier

9:35 am - 10:35 am

The Future of Spinal Cord Injury is Now
Nicholas Theodore, MD

10:35 am - 11:00 am

Refreshment Break

11:00 am - Noon

Wings to Wheels
Joe Stone

Noon - 1:00 pm

Lunch

1:00 pm - 2:00 pm

Management of Infertility in Men with Spinal Cord Injury
Nancy L. Brackett, PhD, HCLD & Charles Lynne, MD

2:00 pm - 2:45 pm

Encouraging Independence and Promoting Confidence through Improved Bowel and Bladder Management
Amy Dannels-McClure, RN, RD

2:45 pm - 3:15 pm

Break/Vendors

3:15 pm - 4:00 pm

Spinal Cord Injury: Rehab and the Acute Care Setting
Gary Smith, BSN, CNRN & Don Headley, MD

4:00 pm - 4:45 pm

Utilizing Advanced Technology in Wheelchair Seating and Positioning
W. Darren Hammond, MPT, CWS

4:45 pm - 5:00 pm

Wrap Up

OT Classification Codes

Category 1 - Performance Skills: Motor and Praxis Skills

Category 1 - Client Factors: Body Functions

Category 1 - Activity Demands: Objects Used and Their Purposes

Category 2 - Outcomes: Adaptation and Health and Wellness

Joe Stone

Executive Director

The Joe Stone Foundation

Have you ever felt that something outside of your control was preventing you from living the life that you had imagined?

Joe Stone has, but he didn't let that stop him. On August 13, 2010 a tragic speed flying accident left Joe as an incomplete C7 quadriplegic. The outlook wasn't good, but Joe didn't believe in circumstances that could not be changed, he believed in challenges that could always be overcome.

Since his accident, Joe Stone has dedicated his life to help others realize that having a disability is nothing more than a perceived limitation, and that living with one doesn't mean you can't do something, it just means that there's a different way to do it. As an outdoor adventurer, a motivational speaker, a spinal cord injury (SCI) peer mentor, and the founder and one of the driving forces behind the Joe Stone Foundation. The Foundation's mission is to help merge the disabled and able-bodied communities through outdoor activities that can be experienced together regardless of their ability level.

Joe knows firsthand how hard it is to come back from such a life-changing challenge, and he knows that it's much more than just a physical battle. Because of Joe Stone's natural spark, grit and heart, he's dedicated his life to helping others take control of and conquer their own disabilities.
