A Practical Guide to Effective Nurse Prescribing in Cancer Care

For Current & Aspiring Nurse Prescribers

Monday 29th April 2019 De Vere West One Conference Centre, London

"The independent Cancer Taskforce set an ambitious task for the NHS: to make significant progress in reducing preventable cancers, increasing cancer survival and improving patient experience and quality of life by 2020."

NHS England

This conference focuses on Nurse Prescribing in Cancer Care. Through national updates and practical case studies the conference will demonstrate how the effective use of nurse prescribing in cancer care can improve patient care, experience and outcomes.

The conference will focus on developing competence and confidence in nurse prescribing in cancer care, including using the National Competency Framework for all Prescribers. Sessions will focus on chemotherapy prescribing, prescribing in a lung cancer, nurse prescribing for pain and symptom control, prescribing in end life care including controlled drugs, and nurse prescribing within follow up clinics and cancer survivorship services.

Benefits of attending

This conference will enable you to:

Network with colleagues who are working to improve nurse/non medical prescribing practice in cancer care

- Understand the national context including the national competency framework for prescribers
- Develop your skills and improve competence in prescribing practice
- Understand how to develop prescribing to improve chemotherapy services
- Improve your skills in the prescribing and prescribing governance
- Examine your role within prescribing at the end of life including symptom control and controlled drugs
- Understand how to set up a Nurse Led Non Medical Prescribing Clinic
- Learn from established prescribing practice in cancer follow up and survivorship, prescribing for lung cancer and pharmacist prescribing
- Understand how to audit and demonstrate competence in nurse prescribing practice
- Self assess and reflect on your own practice
- Gain CPD accreditation points contributing to professional development and revalidation evidence
