

THORACIC IMAGING

2026

ANNUAL MEETING AND POSTGRADUATE COURSE

February 21-25 • Puerto Rico
El Conquistador Resort

PARTNERSHIP PROSPECTUS

INVITATION

Dear Industry Colleagues,

On behalf of the board of directors, it is my pleasure to invite your support and participation in the Annual Meeting of the Society of Thoracic Radiology. This meeting will take place February 21-25, 2026 at El Conquistador Resort in Puerto Rico.

The program committee has designed an outstanding, comprehensive postgraduate radiology course in cardiothoracic imaging. The course curriculum covers a variety of cardiothoracic imaging topics including lung cancer and lung cancer screening, airway and interstitial lung diseases, quantitative imaging and AI, thoracic trauma, pulmonary vascular imaging, cardiac CT and MR, coronary artery imaging, imaging the acutely ill patient, and quality improvement.

Industry partners and technical exhibits continue to be an essential part of our meeting's success. Our tabletop exhibit package will allow you to build brand awareness, provide product education and make valuable new connections.

In addition to in-person exhibits, the STR will continue to offer a virtual component to expand your outreach to our global audience.

Thank you for your consideration of our request for participation, we look forward to receiving your commitment. If you have any questions, please contact Ryan O'Sullivan, Ryan@veritasamc.com or 847-584-3938.

Sincerely,

A handwritten signature in black ink that reads 'Ryan O'Sullivan'.

Ryan O'Sullivan
Director, Industry Relations

COURSE DESCRIPTION

ACCREDITATION INFORMATION

The Society of Thoracic Radiology is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians. The Society of Thoracic Radiology (STR) designates this live activity for a maximum of **28.25 AMA PRA Category 1 Credits™**.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

STATEMENT OF NEED

Radiologists and practitioners with an interest in the science and practice of cardiothoracic imaging need to acquire comprehensive knowledge of the diagnosis, imaging, and management of affected patients to achieve excellence in delivery of care.

TARGET AUDIENCE

This course is designed for cardiothoracic radiologists, diagnostic radiologists, pulmonary medicine specialists, cardiothoracic surgeons, and fellows and residents with an interest in cardiothoracic imaging. Because of the prevalence of diseases of the chest in the general population, the course will also be of value to internists and family physicians.
