ESGO ADVANCED COURSE IN OVARIAN CANCER SURGERY 2018

Overview

The 3-days Advanced Course Hamburg 2018 is a clinically oriented, hands-on training workshop in advanced ovarian surgery management offering advanced theoretical lectures, 2 live surgeries and an exclusive cadaver lab hands-on training at the European Surgery Institute in Hamburg, Germany.

Learning Objectives

- Improve knowledge and skills in the management of advanced ovarian cancer surgery
- Acquire comprehensive update on different types of debulking surgeries and the effects of radical surgeries
- Understand how to manage special surgical situations and select patients for radical surgeries
- Obtain first hand knowledge from a live surgery to enhance your experience
- Practice on cadavers to advance surgical techniques and procedures

Participant's Profile

- Experienced gynaecological oncologists looking to improve their handling of complex oncological cases

General Information

Workshop attendance is **limited to 21 participants**, enabling 3 attendees to be assigned per cadaver.

The official course language is English.

ESGO membership for 2018 is a mandatory condition for attendance. For a membership or renewal application, please refer to <http://esgo.org/Membership/Pages/Membership.aspx>

Venue

The Course will be held at the European Surgical Institute in Hamburg, Germany.
www.esi-online.de
