

IHDDM2018

INTERNATIONAL CONFERENCE ON
HOLISTIC DENTISTRY AND
DENTAL MATERIALS

**NOVEMBER 05 & 06, 2018
PRAGUE, CZECH REPUBLIC**

*One Step Closer
towards Providing
Complete Dental Care*

Invitation

Dear Attendees,

We are glad to announce the **International Conference on Holistic Dentistry and Dental Materials (IHDDM2018)** to be held in Prague, Czech Republic from November 05 & 06, 2018 organized by Innovation Info Conferences (IIC) in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members.

IHDDM2018 will be available to discuss with you the latest issues and trends in unveiling the emerging research for delivering effective concepts on scientific Dental Research and Integrative Medicine.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the World but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and personal interaction with industry leaders and experts.

Life is full of exchange of views, opinions and suggestions, make it count in your professional life too. Attend the IHDDM2018 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your dental department to the next level.

We look forward to personally welcoming you at Prague, November.

Sincerely,
IHDDM2018
Scientific Committee

Scope & Importance

Holistic Dentistry is an essential part of the overall systemic health. With modern lifestyle, dental problems are common among all sections of the society. Additionally, improper dental care also creates problems like early tooth falling, tooth decay, enamel loss, etc. All these problems require proper suggestions from holistic dentists to maintain teeth healthy along with preventing the side effects of dental diseases on the overall health. Thus, holistic dentistry as a profession has become more demanding and because of its promising nature, a lot of young dentistry aspirants are entering this profession.

How IIC Differs?

The only conference specialized for keeping a tab on recent advancement in Holistic Dentistry and Dental Materials and its scope in coming years.

Attending a conference is professionally rewarding experience - Finding the right dentistry conference that focuses on the advanced platforms you need to know about, while connecting you with academicians, researchers, scientists, policy makers, companies and students who share the innovative trends in the field of Holistic Dentistry and Dental Materials.

Opportunity for academic debate about the latest research, trends and challenges.

Showcasing your budding research and seek guidance from the Marvels of Holistic Dentistry and Dental Biomaterials.

Learning best practices and technologies in your field and discussing the latest scientific discoveries at the exhibition centre.

Opportunity for researchers and start-up organizations to pitch-in your ideas to investors and kick-start your careers using IIC as a platform.

Apart from the regular discussions, presentations and posters, Innovation Info conferences (IIC) offers extra-curricular conference programs which includes ice-breaking sessions, stress buster activities and non-academic interactions.

About
PRAGUE

Prague (Praha) is a city set amid Romanesque and Gothic spires and towers also all sorts of baroque architecture. This city of a hundred spires is widespread with its history and culture. Countless have fallen in love with this city of fairy tales and made it their next home. Prague has plenty of hidden gems for the tourists to know midst its several winding streets, squares and alleys.

Located in the north-west of the country, on the Vltava River, Prague city is the capital and the largest city of the Czech Republic. This enchanted city of cathedrals, bridges, gold-tipped towers and church spires is also the 14th largest city in the European Union of Nations. Prague is home to about 1.3 million people, but its larger urban zone has approximately 2 million population. Since the times of Middle Ages Prague has valued its reputation as one of the most beautiful cities in the World and as the cultural, economic and political focal point of central Europe.

The main river is the Vltava River, which flows through the Prague city at 31 kms with the maximum width being 330 mts. There are countless islands on the banks of Vltava River such as the pleasant Kampa Island, the Slav Island near the National Theatre, or Children Island. These islands serve not only as a perfect get-a-way from the commotion of the city centre but are also mostly the sites of many cultural events.

The people in Prague are welcoming and very hospitable and will assist you for getting around in Prague and to make your holiday enjoyable. It's a city full of wonders and one that the most adventurous travellers will appreciate.
