NATCO 43rd Annual Meeting Special Guests

Start to Finish: Team Building for Success

Robert Edwards

"It all starts with Culture"

ANDRETTI
AUTOSPORT

Robert Edwards, Chief Operating Officer
Andretti Autosport

Rob has a BSc in Engineering Science from Reading University in England. MBA from Kelley School of Business at Indiana University. Career in professional motorsport since 1986. COO at Andretti Autosport since January 2015.

Rob will be using his racing and leadership experiences to help us identify the importance of culture in teambuilding and improved outcomes. "My personal philosophy is if you're thinking about the pressure, then you're not thinking about what you need to do to fix it, it's a distraction." You need to work towards success, logically and systematically."

Driven2Save Lives

Taylor McLean, Sister of Bryan Clauson

Steve Johnson, Indiana Donor Network

Donor: Justin Wilson, IndyCar

Justin lives on through five people. His family doesn't know who they are or where they are or what their conditions are but knowing his life may have saved or helped others is everything to them. Giving selflessly is what and who he was, and his final gesture proved it.

Donor: Bryan Clauson, USAC National Midget Driver

"It was not lost on our family as we sat huddled around him, holding his hands, comforting him and each other, saying our last goodbye that five families were also sitting in a hospital room somewhere, comforting their loved one and each other while praying for a miracle that Bryan ultimately delivered for them. We are so proud of our Bryan for making this decision."

Track Intent

Procurement

The Procurement Track encompasses donor management best practices, innovative methods to maximize donation, and enlightening case studies and abstracts. New and experienced procurement coordinators will benefit from attending.

Abdominal Transplant

The Abdominal Track focuses on increasing efficiency throughout the transplant process with a focus on assessing frailty, COIIN, and various kidney transplant topics. Come learn best practices from programs of all sizes.

Hospital Engagement

This year's Hospital Engagement Track will focus on several important key areas! They include: Improving relationships with donor hospitals, physician engagement strategies, hospital administrative consent, and increasing referral rates. Please plan on attending the Hospital Engagement Track!

Thoracic Transplant

This year's Thoracic Track has a heavy focus on managing challenging issues for both pre and post patients. Topics include Evaluation Monitoring Champions, HeartMate3, lung recipient caregivers, and unmasking severe anxiety. Please plan to attend!

Family Services

Make sure to attend the Family Services Track this year! There will be several interesting topics, all focused on communicating effectively with both families and hospital staff and culture sensitivity. Don't miss out on this great learning opportunity!

Transplant Plenary

Don't miss the Transplant Track this year. Topics include the effect of Medical Marijuana, physician engagement in transplant quality and staffing models. Don't miss this exciting opportunity!

Special Interest

The Special Interest Track is an opportunity to learn about additional topics, such as the HOPE Act and professional development strategies.

Full meeting agenda is available at www.natco1.org

UNOS Innovation Event

Sessions

Wednesday, August 8, 2018

9:00am – 12:00pm

Members will meet with development teams to come to a common understanding on the requirements and layout for the projects.

Thursday/Friday, August 9-10, 2018

During breaks/lunch

Developers continue to work on the projects. We ask that members stop by during breaks/lunch to see progress and answer any questions that the developers may have.

Saturday, August 11, 2018

Plenary Session

Voting for People's Choice and award presentation.

Often, if not always, in life and work, the best question to ask is "what is possible?" Imagine if you had the rare gift of time and resources to solve the inefficiencies within the field of transplantation or within your own organization.

We will be offering you an opportunity to do just that! NATCO in collaboration with UNOS will once again bring an Innovation Event to the NATCO Annual meeting in August 2018. This is a wonderful opportunity to partner with UNOS staff to solve those data and educational gaps that weigh down your transplant hospital or OPO on a daily basis.

For more information please contact: Tara Taylor tara.taylor@unos.org

We look forward to innovating with you!
