Putting it all together and using the algorithm to make a differential diagnosis

Endorsement from 2021 HRCT Workshop

"I am glad that I decided to attend your HRCT workshop. It was an excellent experience for me to attend your course for the first time. The content and the delivery style were fantastic. The opportunity to revisit the lecture is a bonus. The handbook will be very useful for a quick check during reporting sessions. I really appreciate your patience and passion for teaching. Thanks again." HS, MD. Radiologist.

"Thanks very much indeed for your brilliant course - your course is my favorite, and the virtual delivery has allowed me to absorb and reflect on the information better I think," From Jean Lee

"Thank you, Dr Renner. You have done great to make complex gamut of diseases on HRCT manageable for us. Much appreciate," From JSM.

"Thanks so much - it was fantastic!" From Belinda

You will receive 1 hour of CME credit for each hour of watching online lectures, listening to podcasts, or reading the workbooks, up to 25 hours (see list of study materials below). There is a daily live optional online Zoom Question and Answers Session with me.
