This schedule, it's lecture topics and presenters, are subject to change at any time without notice.
The lectures for the Virtual Winter Meeting will be pre-recorded and the times shows above may vary slightly.

All times listed are in the Eastern Time Zone.

Lecture objectives for the Virtual Winter Meeting 2026

At the conclusion of this activity, the attendee shall be able to:

1. Enhance diagnostic and surgical decision-making for complex foot and ankle conditions.
2. Apply evidence-based medical and surgical treatments to optimize patient outcomes.
3. Integrate effective wound, soft-tissue, and infection management principles across varied clinical scenarios.

Cancellation/Refund & Registration Policies

The Goldfarb Foundation is unable to assume risk or responsibility for the registrants' time or expenses should an act of God, government action, aviation disruption, disaster, weather, or other force beyond the control of the Goldfarb Foundation make it inadvisable or impossible to conduct this event. A technical malfunction of the device or Internet connection used to participate in the virtual meeting does not allow for a registration fee refund.

Refund Policy

CANCELLATIONS JANUARY 9, 2026 AND BEFORE

A nonrefundable \$50 administrative fee will be charged for any cancellations received January 9 and before. The remaining balance will be made by refund in the matter in which the original payment was made.

CANCELLATIONS JANUARY 10, 2026 AND AFTER

No refunds will be issued for cancellations received January 10 and after. Registered individuals who do not participate in the meeting are considered "No Shows" and will not receive a refund.

All cancellations must be made by email to Kelsey Rasmussen at kelsey@ppma.org.

Non-Member Registrations

Non-APMA member DPMs who register at a member rate will be contacted to either pay the difference between the member/non-member fees or bring their membership up to date. Non-members who bring their membership up to date within 30 days from the date of registration can be refunded the difference in registration fees.

CPME-Approved

The Goldfarb Foundation is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The Goldfarb Foundation has approved this activity for a maximum of 8 CME Credits.

Jolene Moyer, DPM	None
Jennifer Mulhern, DPM	None
Thomas J. Ortenzio, DPM	None
Sabrina Minhas, DPM	None
Tracey Vlahovic, DPM	Consultant, Ortho Dermatologies
Jeffery Zimmerman, DPM	Consultant, Arthrex

VIRTUAL MEETING BEST PRACTICES

By registering for this virtual activity, I acknowledge that:

1. The event will occur virtually and is not a face-to-face event.
2. The lectures will live stream from the Eastern Time Zone; I understand that if I reside in a different time zone, I am responsible for knowing the appropriate start and stop times for the lectures and attendance verifications.
3. The recommended device to best participate in this activity is a Windows-based PC or laptop. Should I choose to use a device that isn't recommended, the Goldfarb Foundation is not responsible for any problems that arise with my inability to participating in the event. Including, but not limited to, hearing the lectures, viewing the lectures, and participating in the attendance verification.
4. Google Chrome is the recommended browser for the Virtual Winter Meeting.
5. It is my responsibility to know the method for attendance verification and what is required to complete the attendance verification. Should I miss the attendance verification for any reason, CME Credits will not be awarded to me. Should I choose to use a device other than a Windows-based PC or laptop and Google Chrome to participate in the activity and the device does not allow me to perform attendance verification, I will not be awarded CME Credits.
6. The cancellation policy for this event applies to all registrations, including mine. No refunds for registration cancellations for this event will be issued after January 10, 2026. I acknowledge that a non-refundable \$50 administrative fee is charged for all cancellations prior to January 10. That includes if I do not participate in all the lectures, miss attendance verifications, have an emergency arise, encounter technical issues, etc.
7. The lectures for this meeting will be pre-recorded by the instructors, who will appear during pre-determined times for live question and answer periods. The lectures will not be made available for viewing after the event.

FREQUENTLY ASKED QUESTIONS

What virtual meeting platform is used for this event?

The Foundation has selected the RingCentral platform, to be managed by Michigan Digital.

What do I need to participate in the virtual meeting?

You will need an Internet-connected device on which to view the virtual meeting platform and lectures. It is strongly recommended that you use a Windows-based PC or laptop and Google Chrome as your web browser. Smartphones tablets may not work. The faster your Internet connection, the smoother your experience will be, which is one reason mobile device users may encounter issues. Michigan Digital, nor the Goldfarb Foundation, recommend the above-mentioned devices and browser to ensure the smoothest online learning experience. While no level of certainty is promised for any virtual event, choosing to use another device leaves you open to not being able to view the lecture videos and not being able to participate in the attendance verifications.

Can I just register for specific days of the virtual meeting?

All aspects of the in-person event carry over to the virtual meeting number of CME Credits available and event registration prices. Registration for individual days of the meeting is not available.

How will the virtual event work?

When you register for the virtual meeting, you will receive an event confirmation email from the event registration platform, Eventsquid. Approximately two days before the start of the meeting, you will receive an email that contains the detailed instructions on how to participate in the virtual meeting. Follow the email's instructions to obtain your personal event link. The link is unique to you and cannot be shared. The link gives you access to the virtual event.

How will attendance verification work in the virtual platform?

Attendance verification in the virtual platform will work similarly to how it does at the live event. During the posted attendance verification times, a link will be placed in the chat box of the main stage/lecture hall virtual platform. Attendees will click on the link and be taken to a page on the Goldfarb Foundation's website. The page will contain an online form that each person must complete and submit. The form will request your name, email address, date, and requires a digital signature (entered with your mouse or finger). Submitting the online form will give you a confirmation message that you can screenshot or print for your records. The confirmation is NOT your CME Credits certificate; a complete certificate totaling all of your hours earned for the event will be emailed to you after the conclusion of the meeting.

When do I need to register so I can participate in the virtual meeting?

Registration for the virtual meeting will open November 1, 2025 and close on Monday, February 2, 2026 at 12:00 pm. The timeline allows for the final technical details of the event to be put into place. Once registration is closed for the meeting, no more registrations can be accepted. Exceptions to this policy cannot be granted. The early bird deadline for the meeting is Friday, January 9, 2026.

Who should participate in this meeting?

This activity is intended for both surgical and non-surgical podiatrists. No pre-requisite knowledge is required to participate. An Internet-connected, Windows-based PC or laptop is required to participate in this event. A basic working knowledge of computers and the Internet is recommended.

ATTENDANCE VERIFICATION SCHEDULE

FRIDAY, FEBRUARY 6, 2026

Verification 101:

9:00 pm - 9:15 pm
(to earn 4.0 CME Credits)

Total # of CME Credits that can be earned
on Friday: 4.0

SATURDAY, FEBRUARY 7, 2026

Verification 201:

12:00 pm - 12:15 pm
(to earn 4.0 CME Credits)

Total # of CME Credits that can be earned on
Saturday: 4.0

At the appropriate times noted above, the event moderator will post a link in the chat room of the main virtual lecture hall in RingCentral. Attendees must click on the link, which takes them to the Goldfarb Foundation's website. The page on the Foundation's website will contain a form that requests the attendees name, email address, the current date, and requires the attendee's signature. Upon submission of the form, the attendee will have completed their attendance verification to earn CME Credits. After the event concludes, the Foundation will issue one CME certificate for total completed verifications through the Eventsquid platform.

All attendance verifications are approximate and based upon the lecture schedule. Should the lectures run off schedule, the verification times will be appropriately adjusted to allow for the stated amount of time to verify your attendance.

All times listed are Eastern Time Zone.

ONLINE REGISTRATION INSTRUCTIONS FOR DPMs

*Scan with your phone's camera
to register quickly & easily!*

1. All registrations must be completed online at www.GoldfarbFoundation.org in advance of the meeting.

2. Registration Fees

	January 9 & Before	Jan. 10 - Feb. 2
PPMA/APMA Members	\$195	\$220
Non-APMA Members	\$220	\$240
Residents	Free	Free
