17. STD manifestations in women
18. Commerce and female sexuality
19. Miscellaneous

► DEADLINE Abstract Submission

Posters and Oral Presentations: 1 October 2016

Dear Colleagues,

On behalf of the European Society for Sexual Medicine (ESSM), the two French Associations of Sexology, AIUS (Association Interdisciplinaire post-Universitaire de Sexologie) and its President Mireille Bonierbale, SFMS (Société Francophone de Médecine Sexuelle) and its President Gilbert Bou Jaoudé, we are delighted to welcome you all to the 19th Congress of the ESSM in Nice, 2017.

Nice is a pulsating city, capital of the French Riviera and its famous “Promenade des Anglais” running on the sea shore ANGELS BAY with the snowed ALPES Mountains in decor background. Even in winter the temperatures are lenient. You can reach Nice Côte d’Azur Airport (2nd Airport of the country) on non-stop flights from more than 140 destinations. The ESSM congress will be hosted at the Acropolis Center.

The goals of the congress will be to both deliver the optimal scientific and educational programs and to promote the field of Sexual Medicine. The content of the congress will cover topics regarding both sexes and all sexual orientations and both state-of-the-art educational opportunities and the newest innovative research will be highlighted. To achieve this, the faculty will include both renowned experts and up-coming stars in our field. The Local Organizing Committee will strive to make the importance of the congress evident to the public and to the scientific and health care authorities. This is crucial because of the obvious co-dependence between the people who develop and the people who perform treatments. Finally, we wish to create more networking opportunities for especially young researchers and health care providers with an interest in Sexual Medicine. We encourage each of you to listen, to learn, to disagree, to debate and if require to argue, and most of to enjoy both, old and new friendships.

If you have time to enjoy the city during the congress, a thousand year history awaits you in museums and open historical buildings throughout the Old City (Vieux-Nice).

We look forward to welcoming you to Nice and together we will build a great ESSM Congress for 2017.

François GIULIANO, France
ESSM President

Daniel CHEVALLIER, France
Local co-chair

Antoine FAIX, France

Nice

Nice is the fifth most populous city in France, after Paris, Marseille, Lyon and Toulouse, and it is the capital of the Alpes Maritimes département. The urban area of Nice extends beyond the administrative city limits, with a population of about 1 million. Located in the Côte d’Azur area on the south east coast of France on the Mediterranean Sea, Nice is the second-largest French city on the Mediterranean coast and the second-largest city in the Provence-Alpes-Côte d’Azur region after Marseille. Nice is about 8 miles (13 km) from the principality of Monaco, and its airport is a gateway to the principality as well.
