"Prevention & Control of NCD"

Chairman Message

Padmashri

**Dr. Kodaganur S. Gopinath,
Chairman,**

2nd World Congress on Non
Communicable Diseases 2023

Dear Aspirants,

It is our great pleasure and honour to invite all the participants from all over the world to attend 2nd WORLD CONGRESS ON NON-COMMUNICABLE DISEASES - 2023 under the theme "Prevention & Control of NCD". to be held virtually on 29th October 2023, by BioGenesis Health Cluster, Bangalore. This conference provides a unique platform for General Physicians, Diabetologists, Endocrinologists, oncologists, Gastroenterologists, researchers, scientists, medical professors, radiologists, Chemotherapists, Cancer Researchers, Non-Communicable Diseases Associations and Societies, R&D scholars and students coming together to communicate, discuss the research work and exchange the ideas about various techniques and developments in prevention, diagnosis and treatment of Non- Communicable Diseases. In addition to lectures by eminent speakers, this conference also focuses to conduct oral presentations, poster presentations and panel discussion with potential scientists.

Sincerely,

Chairman

2nd World Congress On Non-communicable Diseases - 2023.

Convenor Message

**Dr. V.P. Rao
Convenor,**

2nd World Congress on Non
Communicable Diseases 2023

I am much pleased to announce that the " International Conference - 2nd WORLD CONGRESS ON NON- COMMUNICABLE DISEASES - 2023 " under the theme "Prevention & Control of NCD", is to be held virtually by Biogenesis Health Cluster on 29th October 2023. I hope to bring together a good programme that stimulates both our clinical knowledge and scientific intellect. This will be through a combination of interesting lectures and engaging " hands-on " workshops that will enrich our current knowledge and clinical skills.

Non-Communicable Disease is the uncontrolled growth and spread of cells. It can affect almost any part of the body. The growths often invade surrounding tissue and can metastasize to distant sites. Many NCD 's can be prevented by avoiding exposure to common risk factors. In addition, a significant proportion NCD 's of can be cured by proper diet, good life style, physical exercise, by surgery, radiotherapy or chemotherapy, especially if they are detected early.

I share the joy of Advisory Board and faculty members at this moment and I make use of this chance to express my immense ecstasy for welcoming you all for the 2nd WORLD CONGRESS ON NON-COMMUNICABLE DISEASES - 2023 and for the achievement that you are going to do.

Convenor,

World Congress On Non-communicable Diseases - 2023

Founder - BioGenesis Health Cluster.

BIOGENESIS HEALTH CLUSTER CONFERENCE HIGHLIGHTS:

ABOUT CONFERENCE:

NCD or non-communicable disease is a disease that is not infectious and cannot be transferred to others. Some of these are diseases that progress slowly or cause chronic symptoms while others progress very rapidly. The World Health Organization estimates that NCDs are the leading cause of death worldwide, accounting for 60 percent of deaths in all humans. Some risk factors of non-communicable diseases include the environment, lifestyle or background such as the genetics, age, exposure to air pollution or gender of a person. Some behaviours such as a lack of physical activity, poor diet or smoking which could lead to obesity or hypertension can also increase the risk of developing some non-communicable diseases.

According to WHO report said, NCDs already disproportionately affect low- and middle-income countries where nearly three quarters of NCD deaths – 28 million – occur.

CONFERENCE HIGHLIGHTS:

- Clinical Cardiology
- Cardiovascular Diseases
- Vascular Heart Diseases
- Current Research in Cardiology, Cancer
- Cardiomyopathy & Heart Failure
- Interventional Cardiology
- Cardiovascular Surgery●
- Paediatrics Cardiology
- Diabetes, Obesity & Stroke
- Device Therapy
- Heart Regeneration
- Cardiac Nursing
- Case Reports
- Women and Cardiac Arrhythmia
- Cardiac Medications

Key facts

- >Non-communicable diseases (NCDs) kill 38 million people each year.
- >Almost three quarters of NCD deaths - 28 million - occur in low- and middle-income countries.>Sixteen million NCD deaths occur before the age of 70; 82% of these "premature" deaths occurred in low- and middle-income countries.
- >Cardiovascular diseases account for most NCD deaths, or 17.5 million people annually, followed by cancers (8.2 million), respiratory diseases (4 million), and diabetes (1.5 million).>These 4 groups of diseases account for 82% of all NCD deaths.
- >Tobacco use, physical inactivity, the harmful use of alcohol and unhealthy diets all increase the risk of dying from an NCD.

These diseases are driven by forces that include ageing, rapid unplanned urbanization, and the globalization of unhealthy lifestyles. For example, globalization of unhealthy lifestyles like unhealthy diets may show up in individuals as raised blood pressure, increased blood glucose, elevated blood lipids, and obesity. These are called 'intermediate risk factors' which can lead to cardiovascular disease, a NCD.

SCOPE OF THE CONFERENCE

- Cancer (Lung Cancer/Skin Cancer)
- Cardiovascular disease
- Diabetes
- Chronic kidney disease
- Osteoporosis
- Hypertension
- Alzheimers
- Heart Disease
- Fibromyalgia
- Leukaemia
- Seizures or Epilepsy
- Genetic Diseases
- Environmental Disease

WHY TO ATTEND:

The 2nd WORLD CONGRESS ON NON-COMMUNICABLE DISEASES – 2023, - An International Conference by BioGenesis Health Cluster is among the World's leading NCD Conferences. This will coordinate appears, disperse information, and meet with recurring pattern and potential investigators. Broadly acclaimed speakers, the most recent frameworks, methodologies, and the most current updates in this field are indications of this conference. This year conference will comprises of major sessions designed to offer comprehensive sessions that address current issues in various field of NCD.

WHO SHOULD ATTEND:

- Diabetologists
- Endocrinologists
- Oncologists
- Cardiologists
- Physiatrists
- NCD Researchers
- Vascular Biologists
- Surgeons
- Consultants And Trainees
- NCD Faculty
- Nurse practitioners
- Physicians
- Research Scholars
- Scientists
- Students
- NCD Associations and Societies
- Business Entrepreneurs
- Training Institutes
- Manufacturing Medical Devices Companies
- Acute Medicine Specialists
- Patent Experts
- Medical Technicians
- Investors
- Pharmaceutical Companies

FOCUS OF THE CONFERENCE

People at risk of NCDs

People of all age groups, regions and countries are affected by NCDs. These conditions are often associated with older age groups, but evidence shows that more than 15 million of all deaths attributed to NCDs occur between the ages of 30 and 69 years. Of these "premature" deaths, 85% are estimated to occur in low- and middle-income countries. Children, adults and the elderly are all vulnerable to the risk factors contributing to NCDs, whether from unhealthy diets, physical inactivity, exposure to tobacco smoke or the harmful use of alcohol.

These diseases are driven by forces that include rapid unplanned urbanization, globalization of unhealthy lifestyles and population ageing. Unhealthy diets and a lack of physical activity may show up in people as raised blood pressure, increased blood glucose, elevated blood lipids and obesity. These are called metabolic risk factors that can lead to cardiovascular disease, the leading NCD in terms of premature deaths.

2nd WORLD CONGRESS ON NON- COMMUNICABLE DISEASES - 2023

PROGRAMME AT A GLANCE

DAY-1 | 29TH October 2023 | SUNDAY

HALL - A

Sunday

29th October 2023

09:00:00 AM - 11:00:00 AM

Endocrine Glands and Hormones
Risk factors & Complications of Diabetes
Diabetes Nursing
Cancer in Humans
Innovation and Technology in treating Cancer
SESSION DISCUSSION

11:00:00 AM - 12:00:00 PM

INAUGRAL SESSION

12:00:00 PM - 01:00:00 PM

Cancer Immunotherapy & Vaccines
Cell treatment for Diabetes
kidney and hypertension
Parkinson's Diseases
SESSION DISCUSSION

POSTER SESSION (EXIBITION AREA) ORAL SESSION (HALL-B)

01:00:00 PM - 02:00:00 PM

LUNCH BREAK (NETWORKING)

02:00:00 PM - 04:00:00 PM

WORKSHOP - 01 (HALL - B)

04:00:00 PM - 04:30:00 PM

TEA/COFFEE (NETWORKING)

04:30:00 PM - 06:00:00 PM

Brain Tumor and Brain Injury
Brain Mapping
Neurovascular Diseases
SESSION DISCUSSION

POSTER SESSION (EXIBITION AREA) ORAL SESSION (HALL-B)

04:30:00 PM - 06:00:00 PM

WORKSHOP - 02 (HALL - B)

END OF DAY-1

TRACKS AND KEY TOPICS

- Risk factors & Complications of Diabetes
- Endocrine Disrupting Chemicals (EDCs)
- Ophthalmologic problem in Diabetes
- Endocrine Glands and Hormones
- Bone Health and Osteoporosis
- Reproductive Endocrinology in Male & Female
- Obesity and Metabolic Disorders
- Diabetes Nursing
- Stem Pediatrics & Adolescent Diabetes
- Ayurvedic/ Traditional/ Unani medicines
- Cell treatment for Diabetes
- Diabetes devices and Technology
- Case Studies and New Research Advances in Diabetes
- Worsening Trends in Blood Pressure Control
- Health Equity Research Network (HERN) on the Prevention of Hypertension
- Population Effects of Dietary Changes
- Non-Traditional Mechanisms of Salt-Sensitivity
- Cancer Immunotherapy & Vaccines
- Cancer in Humans
- Innovation and Technology in treating Cancer
- Vascular Heart Disease Cases
- Pregnancy And Valvular Heart Disease
- Innovation and Technology in treating cardiac failure
- circadian clock-mediated regulation of kidney function and blood pressure
- renal consequences of obesity, metabolic syndrome and diabetes
- New sensing and signaling pathways in the control of renal function
- juxtaglomerular apparatus, renin and glomerular dynamics
- immune system contributions to renal tubular transport, hemodynamics and hypertension
- the kidney and hypertension
- single-cell RNA sequencing and organoids in renal physiology and disease
- polycystic and other inherited kidney diseases
- mathematical modeling to study kidney function and disease
- kidney crosstalk with other organs
- dietary control of renal function and hypertension.
- Parkinson's Diseases
- Brain Tumor and Brain Injury
- Brain Mapping
- Neurovascular Diseases
- Alzheimer's diseases
- Injuries/Deaths from Road Accidents

Note : If Presenters have their own topics which are not kept in the above lists are requested to inform us in mail so that organizing committee will go through the abstract and consider those topics as well.

CALL FOR ABSTRACTS:

All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website. Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. Submission implies the intent of at least one author to register, attend the symposium and present the paper (either 12+3 minutes orally or in poster format). Contributions will only be finally accepted after registration and payment of the conference fee. The abstract will be reviewed, and you will be notified of acceptance before 30th April 2023 after which the abstract submission page will be closed **Call For Abstracts:-<http://www.worldncdcongress.com/call-for-abstracts/>**

Important Dates

Early bird Registration Deadline: 30th April 2023

Abstract Submission Deadline: 30th April 2023

Awards & Rewards(Certificates)

Presentation Awards(Certificates):-Presentation awards are organized with the intention of valuing one's contribution to the field and behind the idea of encouraging for more active involvement for the betterment of the industry as a whole. The concept shall motivate you to achieve more which will in turn benefit the industry and could lead towards a policy implementation in nurturing for a fruitful tomorrow. Considering the marks given by the evaluation committee and the Conference Chair, the highest scoring presentations shall be recommended for the following awards. Both Oral presentations and Poster presentations will be evaluated for the awards.

Best Oral and Poster Presentation Award (Certificates:-In order to identify best poster presentation from the poster session, conference organizing committee has appointed conference chairman to evaluate the poster session, Conference Chair decides which poster presentation will receive the Best Poster Presentation Award. The final decision rests with the Session Chair, Evaluation panel and the Conference Chair. Evaluation panel comprises of persons with a sound academic or/and industrial background in the particular subject area.All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website. Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. If you find any difficulty while uploading abstract you can send abstract to info@worldncdcongress.com Submission implies the intent of at least one author to register, attend the symposium and present the paper. Contributions will only be finally accepted after registration and payment of the conference fee. The abstract will be reviewed, and you will be notified of acceptance.

KEYNOTE SPEAKERS

CANCER SPEAKERS

Dr. Kodaganur S. Gopinath,
MS, FAMS, FRCS (Edin)
Surgical Oncologist,
Bangalore, India

Dr. Ramesh S Bilimappa
MBBS, MD (Radiation Oncology),
Diploma (Radiation Medicine),
Diploma (Medical Law and Ethics)

Dr. G. K. Rath
Head,
National Cancer Institute (India)

Dr. Vishal Rao
Oncologist and Head and Neck
Surgeon at HealthCare Global (HCG)
Cancer Center.

Dr. Nalini Rao,
MD - Radiotherapy, MBBS,
Diploma in Radio Therapy
Radiation Oncologist

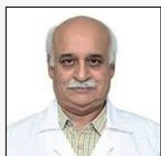

Dr. Anand P Ambali
MD, PGDGM, MSc, FGSI, FICPFRCP Edinburgh.
Professor, Geriatric Medicine
BLDE DU, Shri B M Patil Medical College
hospital and RC, Vijayapura

DIABETES AND HYPERTENSION SPEAKERS

Dr. Dominic Benjamin,
DNB(Int Med), MRCP(U.K), MRCP(Geriatrics)
CCT(Int Med), CCT(Geriatrics), CIDC
(Diabetes, UK), MNAMS, PGDip(Biostat)
FRCP(Edin), FRCP(Lon)

Dr. P S Lamba
Endocrinologist, Visiting Consultant
MBBS, MD, DM
Mumbai, India

Prof. (Dr.) N. RAJENDIRAN,
Senior Consultant Diabetologist in Chennai
Endocrinologist, Visiting Consultant
MBBS, MD, DM
Mumbai, India.

Dr. V. Mohan,
Endocrinologist, Visiting Consultant
MBBS, MD, DM
Mumbai, India

DR. R. UMASHANKAR,
MBBS, MD, DM - BENGALURU
NEURO CENTRE

Dr. Advait Kulkarni
MBBS, DM - HSR NEURO CLINIC

Dr. R. Srinivasa
MBBS, MD - Medicine, DM - Neurology

NEUROLOGY SPEAKERS

CARDIOLOGY SPEAKERS

Dr. SS Ramesh,
MBBS, MD (General Medicine),
DM (Cardiology)

Dr. Vivek Jawali
MS - General Surgery, MCh - Cardio
Thoracic Surgery, MNAMS - General
Surgery, MBBS Chief of Cardio Thoracic
Vascular Sciences Fortis Hospital,
Bangalore

Dr. Karthik Vasudevan
MBBS, MD, DM, Fellowship
Senior Consultant- Interventional
Cardiologist & Heart Transplant Physician
Manipal Hospital

Dr. Dilip Rangarajan,
MBBS, MD - General Medicine,
DNB - Nephrology, Nephrologist/
Renal Specialist

Dr. Garima Aggarwal
MBBS, MD - General Medicine,
DM - Nephrology, Nephrologist/
Renal Specialist

Dr. Vidyashankar P
MBBS, DCH, DNB - Paediatrics,
DM - Nephrology, Nephro-Uro Speciality
Clinic India Know More

Dr. Gopi Kishore
MBBS, MS -
General Surgery, MCh - Urology,
Urologist

NEPHROLOGY SPEAKERS

KEYNOTE SPEAKERS

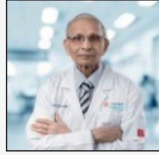

PULMONOLOGY

Dr. J.S. Guleria
MBBS, MD - Cardiology, DM -
Cardiology, FCCP -
Pulmonary Medicine,
General Physician

Dr. Surendra Kumar Minocha
MBBS, General Physician

Dr. (col) R. D. Holla
MBBS, MD - General Medicine,
Internal Medicine

Dr. Jyoti Prakash Wali
Physician, Gurgaon.

Dr. Yatinder Kharbanda,
MBBS, Diploma in Orthopaedics,
DNB - Orthopaedics/Orthopedic Surgery,
MS - Orthopaedics

ORTHOPAEDICS SPEAKERS

Dr. Ram Chidambaram
MBBS, Diploma in Orthopaedics,
MS - Orthopaedics, DNB -
Orthopaedics/Orthopedic Surgery,
Joint Replacement Surgeon

Dr. Pradeep B Bhosale
Best Robotic Orthopaedic
Surgeon Nanavati Hospital in Mumbai

Dr. Suresh Bhoja Shetty,
Orthopaedic and Joint
Replacement Surgeon

OBESITY AND DIET

Dr. Nandakishore Dukkupati,
MBBS, Diplomate of the American Board
of Surgery (General Surgery) General
Surgeon, Bariatric Surgeon,
Laparoscopic Surgeon

Dr. Suhail Farooq Mir
DNB - Gastroenterologist

Ms. Nafeesa Imteyaz,
Nutritionist

Ms. Daisy Rani Rao,
Nutritionist

Ms. Silky Mahajan,
Celebrity Nutritionist

ROAD ACCIDENTS AND SURGERY

Dr. Rajesh Patel,
General Surgeon.

Dr. Amandeep Singh Nar
General Surgeon, Ludhiana.

Dr. Kamini A. Rao,
MBBS, DGO, Diploma in Child Health (DCH),
MRCOG(UK), FRCOG (UK) Infertility Specialist

INFERTILITY

ALZHEIMERS AND DEMENTIA

Dr. Radha S Murthy,
Co-Founder and Managing
Trustee Nightingales Medical
Trust (NMT)

Dr. Anil Sangli
MBBS, MS, MCH, Surgery and
Neurology Specialist

Dr. Pramod Krishnan
HOD & Consultant - Neurology,
Epileptology, Sleep Medicine

Dr. Shobha N
Consultant - Neurologist And
Stroke Physician

Dr. Rajesh B. Iyer
MD - General Medicine,
DM - Neurology, MBBS, Neurology

PCO,S POLYCYSTIC OVARY SYNDROME

Dr. Padmini Prasad
MBBS, MD - Obstetrics & Gynaecology

ADVISING BOARD & FACULTY

Brian Oldenburg,
Chair of Non-Communicable
Disease Control & Director, Centre for
Health Equity, Melbourne School of
Population and Global Health

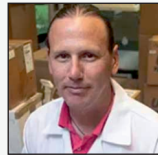

Camilla Ricordi, M.D
Director,
University of Miami, Leonard
M. Miller School of Medicine
Diabetes Research Institute Miami.

Professor. Dr. Ho Gwo Fuang
Head of CLINICAL ONCOLOGY
DEPARTMENT, Faculty of Medicine
Universiti Malaya

Merry J Markham, MD, FACP FASCO
Chief, Professor, Department of
MD-HEMATOLOGY/ONCOLOGY
Division of Hematology & Oncology,

Kevin R. Macaluso
Chair, Professor, Department of
Microbiology & Immunology,
University of South Alabama,
Mobile, AL.

Joseph Heitman, MD, PhD
James B. Duke Chair and Professor
Duke Molecular Genetics and Microbiology
Duke University School of Medicine Durham, NC.

John Wysolmerski, MD
Chief and Professor,
Department of Endocrinology & Metabolism
Yale School of Medicine,
New Haven, CT.

Tara Matise
CHAIR - PROFESSOR,
DEPARTMENT OF GENETICS
Human Genetics Institute,
Piscataway, NJ.

Scott Goings
Director, School of Nutritional Sciences
and Wellness The University of Arizona,
Tucson, Arizona.

Tammy Stephenson
Chair, Professor
Department of DIETETICS AND
HUMAN NUTRITION COLLEGE
OF AGRICULTURE,
FOOD AND ENVIRONMENT
University of Kentucky,

Charlotte Coles
Deputy Head of Department of Oncology
Cambridge Breast Cancer Research Unit
University of Cambridge,
United Kingdom.

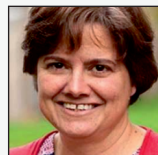

Neil Gittos
Head, Centre for Endocrinology,
Diabetes and Metabolism
University of Birmingham, United Kingdom.

Stephanie Amiel,
Professor of Diabetes Research
King's College London.

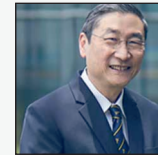

Charles Bangham
Chair of Immunology, Co-Director of
the Institute of Infection and Immunity,
Department of Infectious Disease
Imperial College London.

Julie Ahringer, FRS, FMedSci
Director, Gurdon Institute
Professor Department of
Genetics and Genomics
University of Cambridge,
United Kingdom.

Sanjay Kinra, MBBS MD MRCP MSc PhD FFPH
HEAD OF THE DEPARTMENT OF
NON-COMMUNICABLE DISEASE
EPIDEMIOLOGY London School of Hygiene
& Tropical Medicine, London.

Prof John Eu-Li Wong
Senior Vice President (Health
Innovation & Translation)
Medical oncologist-haematologist,
Isabel Chan Professor in Medical
Sciences National University of Singapore,
Singapore.

Dr. Khoo Chin Meng
Head & Senior Consultant,
Division of Endocrinology,
Department of Medicine,
National University Hospital,
Singapore.
