PAST CONFERENCE RERORT 2020

International E-Conference on NURSING & HEALTHCARE

NOVEMBER 18-20, 2020

United Research Forum, London, UK organised an International Webinar on Nursing and Healthcare for 3 days on November 18-20,2020 through Zoom platform. This International Webinar was headed by Prof Elvessa Narvasa, Chair, Head of Scientific & Organizing Committee for United Research Forum as well Provincial Director of Canadian Council of Cardiovascular Nurses, Canada.

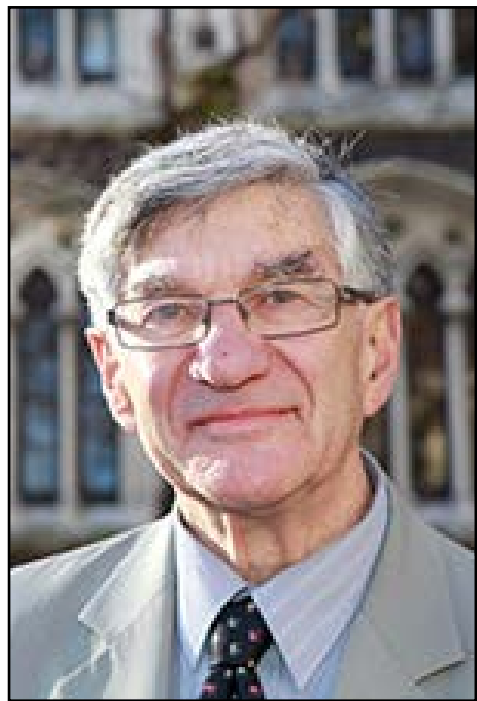

Around 1352 delegates from various regions such as USA, Canada, UK, Poland, Oman, Czech Republic, New Zealand, Hong Kong, South Korea, Indonesia, Sri Lanka, Brazil, Ethiopia, Jordan, Italy, Egypt, India, were registered for the International Webinar and more than 1000 viewed the webinar through YouTube. The eminent resource speakers shared their extensive experience and expertise knowledge regarding qualitative research in areas of Nursing & Healthcare.

The conference was inaugurated on 18th November 2020 at 09:00AM UK Time commenced with a welcome address by Prof Elvessa Narvasa, Chair, Head of Scientific & Organizing Committee, United Research Forum. She welcomed the participants and cheered them with words of inspiration highlighting the need for Healthcare Management in Today's Highly Interconnected World Following, she gave a brief introduction about the Guest of Honour Dr. Jim Mann, CNZM, PhD, DM, FRACP, FRSNZ who is Director of the World Health Organisation (WHO) Collaborating Centre for Human Nutrition, Professor of Medicine and Human Nutrition, New Zealand. She also elaborated on the history of Dr Jim Mann reading his Biography. The dignitaries were felicitated with saplings. Prof Elvessa addressed the gathering & appreciated the initiative for organizing the conference with the right theme at the right need of the hour.

The conference was initiated and embarked with an opening ceremony followed by a series of Lectures delivered by Expert Nursing and Healthcare Leaders.

At the end of each session, the delegates were given an opportunity to clarify their doubts with the respective speakers. The webinar was concluded with a few words of gratitude Prof Elvessa Narvasa. The e-certificates were posted to all the delegates after receiving the feedback. The overall feedback from the delegates stated that the webinar was excellent, very good, more interesting, enlightening and highly informative. The feedback analysis showed that 88.17% of delegates expressed that the webinar was excellent and 11.83% had graded as very good.

PAST CONFERENCE RERORT 2022

Global Congress on INTEGRATED HEALTHCARE

MAY 15-16, 2022

On behalf of Mutah University, Jordan and its Scientific Committee represented by it’s president Prof. Dr. Arafat Awajan and the Dean of the school of medicine Dr saed Al-Dalain are appreciating and thanking the United Research Forum for their successful completion on the GLOBAL CONGRESS ON INTEGRATED HEALTHCARE (GCIH2022) a HYBRID EVENT (both face-to-face & online) sponsored by Mutah University, Jordan on May 15-16, 2022 at Hotel Crowne Plaza DEAD SEA, JORDAN. The conference focused mainly on the theme “Healthcare Management in Today’s Highly Interconnected World”

It was an honour to work on such a great event with Dr vanga Director and CEO, Prof. Elvessa Narvasa the Advisor, Organizer, Chair Scientific Committee , and Mr John Surendran International Scientific Coordinator and Business Development Manager at URF .We are thankful for your time to coordinate such a great event in Jordan.

Around 300+ delegates from various regions such as Jordan, USA, Canada, UK, Poland, Oman, Czech Republic, New Zealand, Hong Kong, South Korea, Indonesia, Sri Lanka, Brazil, Ethiopia, Jordan, Italy, Egypt, India, were registered for the International Conference and more than 500 viewed the webinar through YouTube. The eminent resource speakers shared their extensive experience and expertise knowledge regarding qualitative research in different areas of Healthcare.

The conference was inaugurated on 15th May 2022 at 09:00AM UK Time by Dean of the school of medicine Dr saed Al-Dalain commenced with a welcome address by Prof Elvessa Narvasa, Chair, Head of Scientific & Organizing Committee, United Research Forum. She welcomed the participants and cheered them with words of inspiration highlighting the need for Healthcare Manage-

ment in Today’s Highly Interconnected World

Following, she gave a brief introduction about the organization United Research Forum, UK

The dignitaries were felicitated with saplings. Prof Elvessa addressed the gathering & appreciated the initiative for organizing the conference with the right theme at the right need of the hour. The conference was initiated and embarked with an opening ceremony followed by a series of Lectures delivered by Healthcare Leaders. Peerless people promulgated the theme with their exquisite talks

At the end of each session, the delegates were given an opportunity to clarify their doubts with the respective speakers. The conference was concluded with a few words of gratitude by the Dean of the school of medicine Dr saed Al-Dalain. Certificates and awards were presented to all the delegates

The overall feedback from the delegates stated that the webinar was excellent, very good, more interesting, enlightening and highly informative. The feedback analysis showed that 97.17% of delegates expressed that the webinar was excellent and 2.83% had graded as very good.

Acknowledgement from URF to Mutah

It was a great experience having your valuable presence along with Honourable Prof. Dr. Arafat Atwi Awajan, President of Mutah University, Dr. Yousef Mousa Goussous, Chairman of Board of Trustee and Prof. SA'ED AL-DALAIN, Dean of faculty of Medicine for their kind collaboration. Special mention to Prof. Waqar Al- Kubaisy, UR Forum Ambassador in Mutah Univeristy, Jordan, Prof. Aiman Al-Qtaitat and Dr. Sherif W. M. Salib , to all URF Committee members, Mutah University Scientifics from your esteemed University.

Special Thanks to all the Sponsors & Exhibitors. We couldn't have met our goal without your assistance and sponsorship

LETTER FROM THE CHAIRMAN

Dear Colleagues - Health Care
Providers and Experts from dif-
ferent fields of study

My warm thanks to the CEO of United Research Forum
Dr Vanga, for the opportunity of welcoming and
addressing you. It is an honour and privilege. I am
grateful that we are gathered in this Dubai Hybrid
Conference on Global Wellness and Healthcare
Congress during March 15-16, 2023 to exchange ideas
on addressing the diversity of healthcare management
practices worldwide especially in this critical juncture of
our civilization where disease knows no borders.

The conference will cover a wide spectrum of
presentations related to collaborative approaches that
include disciplines that transcend medical borders. It
will feature internationally renowned speakers who will
share, discuss, and dissect significant new developments
and scientific advancements. They will also be sharing
insights into cutting edge technologies that will impact
the future of clinical trials and related fields. This
conference will be participated by professionals from
diverse fields like Agriculture, Culinary Medicine,
Dentistry, Geology, Material Science, Nutrition, Public
Health, Virology and other domains.

**CHAIR, HEAD OF
URF COMMITTEES**

We are looking forward to a highly productive
meeting of great scientists from different
countries around the world and I thank you all
for your commitment and active participation to
the advancement of our practice.

On behalf of the UNITED RESEARCH FORUM
team, I wish you all stay healthy and safe.

**EACH ONE OF US CAN MAKE A
DIFFERENCE. TOGETHER WE CAN
MAKE CHANGE**

Let's rise together.

Sincerely,
Prof..Elvessa Narvasa

WELCOME MESSAGES FROM URF COMMITTEE

Dr. Ben A Sutter DMD

Chair, Head of Dental Scientific Committee
United Research Forum

Dear Colleagues and Health Care Providers,

I am looking forward to **GWHC2023** and hoping to see you there. This meeting will be exceptional whether you decide to attend in person or virtually. Top providers, clinicians and researchers from multiple disciplines will be organized to present the latest progress in scientific innovations. This conference exists to share ideas and move all respective specialties forward with an integrated wholistic approach to patient care and innovation. Thank you to Dr Vanga and Professor Narvasa in leading us in this endeavor.

Prof. Otilia Manta

Geology Scientific Committee Member
United Research Forum

It is an honor and a real pleasure to be with the United Research Forum team-organizer of the special event **GWHC2023** between **March 15-16, 2023**

in **DUBAI**, United Arab Emirates . which is why I thank the URF Director Dr Vanga, Prof Elvessa Narvasa head of committee, and International Scientific Coordinator Mr John Surendran, for the opportunity to address a few personal thoughts, and last but not least to the entire URF team.

The conference includes presentations related to “**A Quantum Leap in Wellness and Healthcare Management Through Multi-Disciplinary Collaboration**”, but also creates a multidisciplinary bridge to new directions of action, which is why experts are present in the medical field and all complementary fields and its support. The very field of financial research to which they belong, is and will be a supporting pillar of the medical field.

The current multi-crises, digitalization and climate change are generating systemic changes at the societal and global levels, with a direct impact on the well-being of the population, the way of life and health at the individual level. At the global level, there are already more and more frequent disasters and perils with a direct impact on society. The most affected and vulnerable to these current challenges, especially in the face of such climate change, are the poorest, least developed countries (LDCs). In addition, the extent of future systemic risks to a given location is subject to uncertainties in predicting complex climate dynamics, as well as the impact of individual and societal decisions that determine future greenhouse gas emissions, as well as socio-economic development patterns and inequality gap; with a direct impact on human health at the plantar level.

Our high-level academic event aims to call for action on the urgent need for state and non-state actors to be actively involved and to manage the risks of loss and damage caused by climate change and to share the approaches they take locally, national and international for the direct purpose of the good of all. Furthermore, the speakers' interventions address current priority issues, the key political priorities that their countries pursue to accelerate progress in measuring the adaptation of the population to current challenges, scientific progress in medicine and medical education, and last but not least innovative financial instruments support current global challenges. HYBRID connection offers the possibility of permanent interconnection bringing together experts both through personal presence and online, creating opportunities under a single academic framework.

Dr. Ben A Sutter

Prof. Otilia Manta

Prof. Patricia Morris

Dr. Osman Adiguzel

Prof Patricia Morris-Thompson

Healthcare Committee Member
United Research Forum

It is my absolute pleasure to welcome you all to our 2023 international ground breaking event on **Global Wellness and Integrated Health Congress** scheduled during **March15-16, 2023** in **Dubai, United Arab Emirates**. Here we will present on a cross range of topics that provided evidence which impact positively on all health care. I'm absolutely delighted to be involved with amazing ground breaking individuals. The principles ,ambitions and values are very aligned with mine . I hope you will enjoy and use the content to share across your practice areas .

Dr. Osman Adiguzel

Computer Science Committee Member
United Research Forum

It is my great honour and pleasure as a Committee Member to invite you to join with a contribution the **Global Wellness and Integrated Health Congress** scheduled from **March 15-16, 2023** in **Dubai, United Arab Emirates**. The conference will cover a wide spectrum of presentations related to “**A Quantum Leap in Wellness and Healthcare Management Through Multi-Disciplinary Collaboration**”.

The conference will be held **HYBRID** way, onsite and virtual, bringing together in-person and online with more opportunities under one roof. International scientific activities are big scientific platforms for the scientists from all over the world, and to interact and communicate with each other. As a Committee Member, I believe that the **Global Wellness and Integrated Health Congress** will provide this opportunity for delegates from different cultures and countries. Also, this conference will be performed successfully, in favour of valuable presentation the experienced scholars.

I am pleased to invite prospective authors to submit their original contributions to this important conference, where you are sure to have a meaningful experience with scholars and experts from different cultures and different countries, from all around the World. Conference management and Conference Committee continue to be grateful to the **GWHC2023** community for your continued trust and support, and we look forward to welcoming you in-person as we enter a new era. Each one of us can make a difference. Together we can make change.

LET'S RISE TOGETHER

WELCOME MESSAGES FROM URF COMMITTEE

Prof. Michael S. Fenster

Chair, Head of Food & Nutrition Committee
United Research Forum

I look forward, along with Dr. Vanga and Dr. Narvasa, in welcoming you **March 15-16, 2023** in **Dubai, United Arab Emirates**. to the **Global Wellness and Integrated Health Congress**(GWHC2023), with a focus on “**A Quantum Leap in Wellness and Healthcare Management Through Multi-Disciplinary Collaboration**”

Join me in **Dubai, United Arab Emirate** on **March 15-16, 2023** for The **Global Wellness and Integrated Health Congress**. I will be exploring how the quantum shift in viewing the food experience through the lens of Culinary Medicine, with a focus on the universal danger of modern ultra-processed foods, is revolutionizing the positive dietary impact on the pandemic that is chronic disability and disease. Hello! Welcome to The **Global Wellness and Integrated Health Congress 2023!** I am Professor Michael S. Fenster, MD. I am both a board-certified interventional cardiologist (U.S.) and a professional chef and I teach Culinary Medicine at The University of Montana located in Missoula, Montana, USA. I am also delighted to be amongst those that will be your host for this most amazing conference.

The conference draws on expertise from around the globe. Internationally respected researchers, academics, practitioners, and educators will share the latest information, data, and methods of healthcare implementation and integration occurring across the world. The format will involve both in-person interaction as well as virtual presentation. Any way you choose to attend, the information will be dynamic, timely, and imminently useful to your practice.

I hope to see you there!

Dr. Erica Edfort

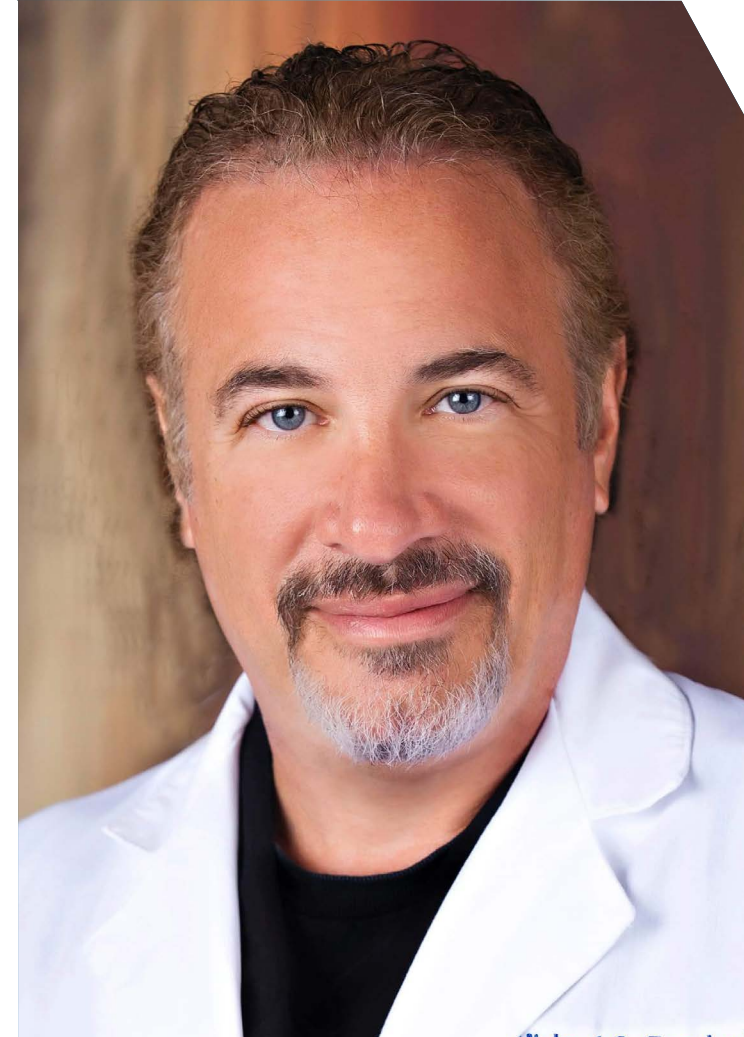

Healthcare Committee Member
Editor-in-Chief, The Journal of Integrated Healthcare
United Research Forum

To our esteemed colleagues and health care professionals around the world-

My name is Dr. Erica Edfort. As a member of the Scientific Committee of the United Research Forum (URF), I would like to welcome you to another exceptional offering from the URF. The URF sponsors various international educational offerings which include the latest developments, insights and trends in knowledge and skills to healthcare professionals around the world. The URF is proud to present the **Global Wellness and Integrated Health Congress (GWHC2023)**. This conference will be held **March 15-16, 2023** in **Dubai, United Arab Emirates**. The theme for our next event will be “**A Quantum Leap in Wellness and Healthcare Management Through Multi-Disciplinary Collaboration**”. In the worlds current state of uncertainty, we are offering this event in a hybrid format, in person and virtual sessions (Zoom meeting).

The URF invites all sponsors, exhibitors and potential presenters to make this an exceptional event. Abstracts are now being accepted for both oral and poster presentations. Abstract submission should include the topic of interest and how it can benefit the audience.

I am looking forward to meeting you at our next international conference. Please contact Mr. John Surendra at johnsurendra@urforum.org for more details.

Michael S. Fenster

Dr. Erica Edfort

Mrs. Susan Kitching

Mrs. Susan Kitching

Healthcare Committee Member
United Research Forum

Dear Colleagues and Health Care Providers,

I am Susan Kitching a vastly experienced Director of Nursing who believes in effective outcomes through collaboration. Without challenging the norm how do we grow and develop effective evidence-based practice throughout all avenues of healthcare.

Firstly my warm thanks to the Director & CEO of United Research Forum Dr Vanga, for the opportunity of welcoming and addressing you. It is an honour and privilege. We will gather on **March 15-16, 2023** in **Dubai, United Arab Emirates** a very beautiful and historic country to exchange ideas on addressing the diversity of healthcare management worldwide. Given the Pandemic and its continuation due to mutations it has shown that no matter where we are based in the world, disease has no boundaries. Nevertheless, this does not prevent us from sharing and developing all aspects of healthcare. This conference is a truly collaborative event with a wide variety of presentations and posters from all avenues of healthcare both the expected and the not so expected as we drive for sustainability in all aspects of life relating to “**A Quantum Leap in Wellness and Healthcare Management Through Multi-Disciplinary Collaboration**”.

The diverse fields that will be covered by our internationally renowned speakers will stimulate your mind and knowledge acquisition as they share, discuss, new developments, scientific advancements, and technologies but also the real-world effects and changes that are occurring in all fields of both direct and indirect healthcare. We are looking forward to a highly productive meeting involving healthcare professionals from different countries around the world including yourself, I congratulate you on your interest and commitment/ participation in this collaborative event.

Our approach will be through a **HYBRID** approach meaning both in-person and online attendance, therefore making our conference accessible to all. As one of the team behind the **GWHC2023** event I am honoured to work with such an experienced and knowledgeable team who have so much to share with you, our participants. We look forward to welcoming you in-person or virtually to this truly collaborative event.

TOGETHER WE CAN INFLUENCE AND BRING ABOUT CHANGE FOR ALL.

WHY GET INVOLVED IN GWHC2023

SCIENTIFIC PROGRAMME

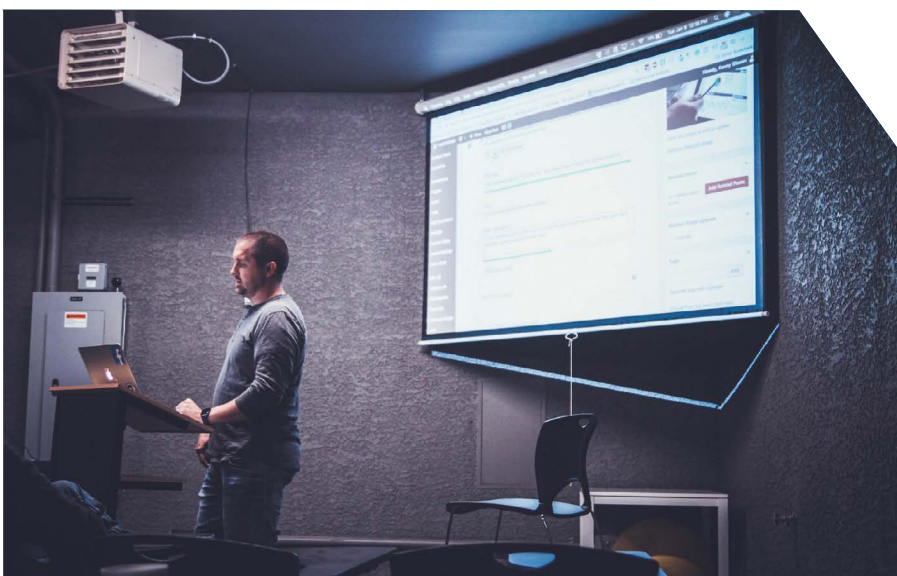

1-TO-1 INTERVIEWS

One-on-one interviews with industry CEOs paving the way, followed by an audience Q&A.

ROUNDTABLES & DISCUSSIONS

Smaller groups of delegates and speakers in discussion around a vital theme or topic.

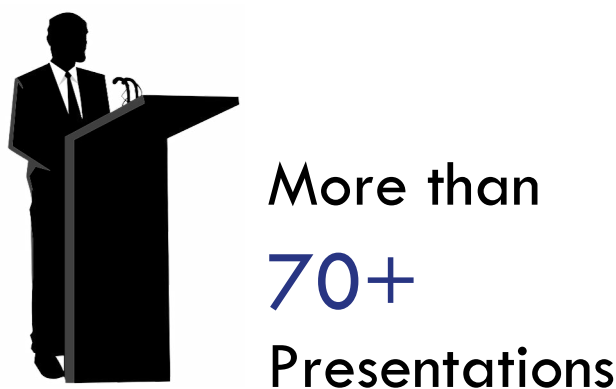

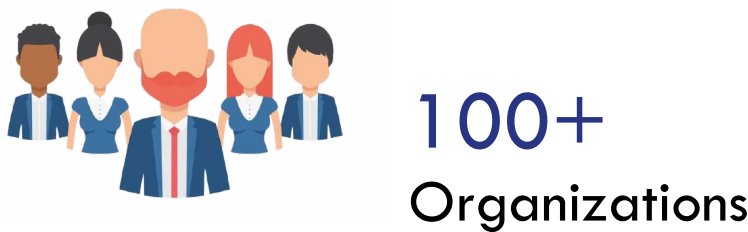

EXCLUSIVELY IN-PERSON

Connecting peers face-to-face safely in a physical venue, completely offline.

INNOVATION PITCHES

An opportunity for the bold ideas to be showcased to industry leaders and stakeholders.

DELEGATES AROUND THE WORLD

Job Titles

- URF Alumni
- Chief Executive Officers
- Medical Directors
- Patient Care Directors
- Research Scholars/Students

ABOUT VENUE

Dubai is a city like nowhere else on the planet. The world’s fastest-growing city, Dubai, has transferred from a small trading centre to become one of the world’s most glamorous, spectacular, and futuristic urban destinations.

Dubai’s ability to achieve the impossible has shattered expectations and rewritten the records books. Stunning landmarks like the megatall skyscraper Burj Khalifa (world’s tallest), the majestic Burj al Arab, and the world’s largest man-made Palm Jumeirah Island – among other headline-grabbing mega-projects – have made Dubai one of the world’s essential destinations for the 21st century.

Welcome to Dubai

AREA 3,885 sq. kms.

LOCAL TIME GMT+4 hours.

TIME ZONE GMT+2 hour(s)

LANGUAGES Arabic, English, Hindi, Urdu, Farsi,

CURRENCY JOD - Jordanian Dinar (JOD)

CLIMATE Temperature ranges from 10°C/50°F to 40°C/118°F. During April the average temperature is expected to be 25°C/87°F.

Shopping:

- One of Dubai’s greatest attractions is indeed its superb shopping. Apart from the shopping areas and the traditional souks, there are a growing number of modern shopping malls and commercial complexes, besides the Dubai Duty Free at the airport, offering a wide range and selection for eager shoppers.
- In Dubai, shopping is regarded as a pleasure. From the most modern shopping malls to the traditional souks (markets), Dubai provides an endless scope for shoppers.
- Throughout the year, Dubai hosts a range of popular annual sporting activities, dazzling entertainment attractions, as well as conferences and exhibitions. Dubai has a lively nightlife. Hotel bars range from sophisticated cocktail lounges to typically informal British and Irish pubs and Western-style lounges. Most of them serve food and many feature pianists, guitarists, duos and bands nightly.
