Advances in Ultrasound in Obstetrics and Gynecology

October 14 - 15, 2016

Omni Shoreham Hotel • Washington, DC

14.5 AMA PRA Category 1 Credit(s)TM

ESI Educational
Symposia

About The Meeting

This symposium is structured as a practical, clinically oriented review of advanced ultrasound in obstetrics & gynecology. A mix of topics including fetal cardiac, central nervous system and renal imaging will be discussed. Gynecological focused topics include imaging in the first trimester, the non-pregnant uterus and adnexae so registrants can expand their clinical practices. Tips, images, and pitfalls provide balance to the program.

Target Audience

This program is designed for obstetricians and gynecologists, maternal-fetal medicine physicians, radiologists, family medicine physicians, genetic counselors and sonographers, who order, perform and interpret ultrasound examinations in obstetrics and gynecology. The goal of this educational activity is to bring the level of practice for the health practitioners to a higher degree of proficiency in obstetrics and gynecologic sonography.

Scientific Sponsor

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 14.5 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACOG Cognate Credit: This program has been submitted to the American College of Obstetricians and Gynecologists. Assignment of cognate credits (Formal Learning) is pending.

Technologists: This program has been submitted to the ASRT. The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit www.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Educational Objectives

Attendees should, at the completion of this course, be able to:

- Assess fetal anatomy in the first trimester.
- Utilize ultrasound to assess patients with an adnexal mass and differentiate benign from malignant masses.
- Increase awareness of fetal cardiac anatomy and the assessment of the fetal cardiovascular system on ultrasound.
- Discuss the use of ultrasound in evaluation of the fetal central nervous system, gastrointestinal and genitourinary anomalies.
- Discuss the fetal adaptation to hypoxemia and the role of Doppler in the management of fetal growth restriction.
- Assess the role of ultrasound in post menopausal bleeding.

No special educational preparation is required for this CME activity.

Course Organization

This program is planned and organized by Educational Symposia, a leader in continuing medical education since 1975.

Acknowledgement

Educational Symposia appreciates our corporate supporters and exhibitors. A list of industry supporters will be provided and acknowledged at the meeting.

Cancellations

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to **September 16, 2016** will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.

Registration Information

Tuition for live conference includes all course materials, including a comprehensive course syllabus (printed black and white syllabus or color e-syllabus), daily continental breakfasts and coffee breaks. Early registration is strongly suggested. There will be a \$100 surcharge for anyone registering after **October 5, 2016**. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Tuition for live webcast includes participation for one registrant. Each registrant must sign-in on a separate computer to receive credit. Prior to the meeting we will send you further information about the log in process. We will also send you a comprehensive color electronic course syllabus via email. If you have any questions or problems logging into the meeting we will have support personnel available at (800) 338-5901. There will be a \$100 surcharge for anyone registering after **October 5, 2016**.

Please note: A minimum number of registrants is required to live webcast this course. If the minimum number is not met by **September 16, 2016** the live webcast activity may be cancelled and a full refund issued.
