24 – 27 June 2025
One Farrer Hotel, Singapore

DESIGNING SUSTAINABLE AND
SMART HEALTHCARE FACILITIES:

ANTICIPATING FUTURE HEALTHCARE NEEDS

www.healthfacilitiesasia.com

WELCOME TO HEALTH FACILITIES ASIA 2025

It is with great pleasure that we welcome you to **Health Facilities Asia 2025**, the region's premier platform for envisioning and shaping the future of healthcare infrastructure. As Asia experiences transformative demographic shifts and dynamic economic growth, the need for innovative, sustainable, and resilient healthcare facilities has never been more urgent.

This year's conference is centered around the evolution of hospitals to meet future healthcare demands. Together, we will delve into key themes such as creating greener and more sustainable healthcare environments, adopting advanced technologies, designing patient-centric facilities, and enhancing operational efficiency. Moreover, we will address pressing public health challenges and explore strategies for disease prevention, including proactive measures for potential health crises like "Disease X."

As a part of **Asia Healthcare Week**, Health Facilities Asia 2025 provides a unique opportunity to discover groundbreaking solutions, connect with visionary leaders, and gain invaluable insights into the future of healthcare in this vibrant region.

We wish you a productive and inspiring conference!

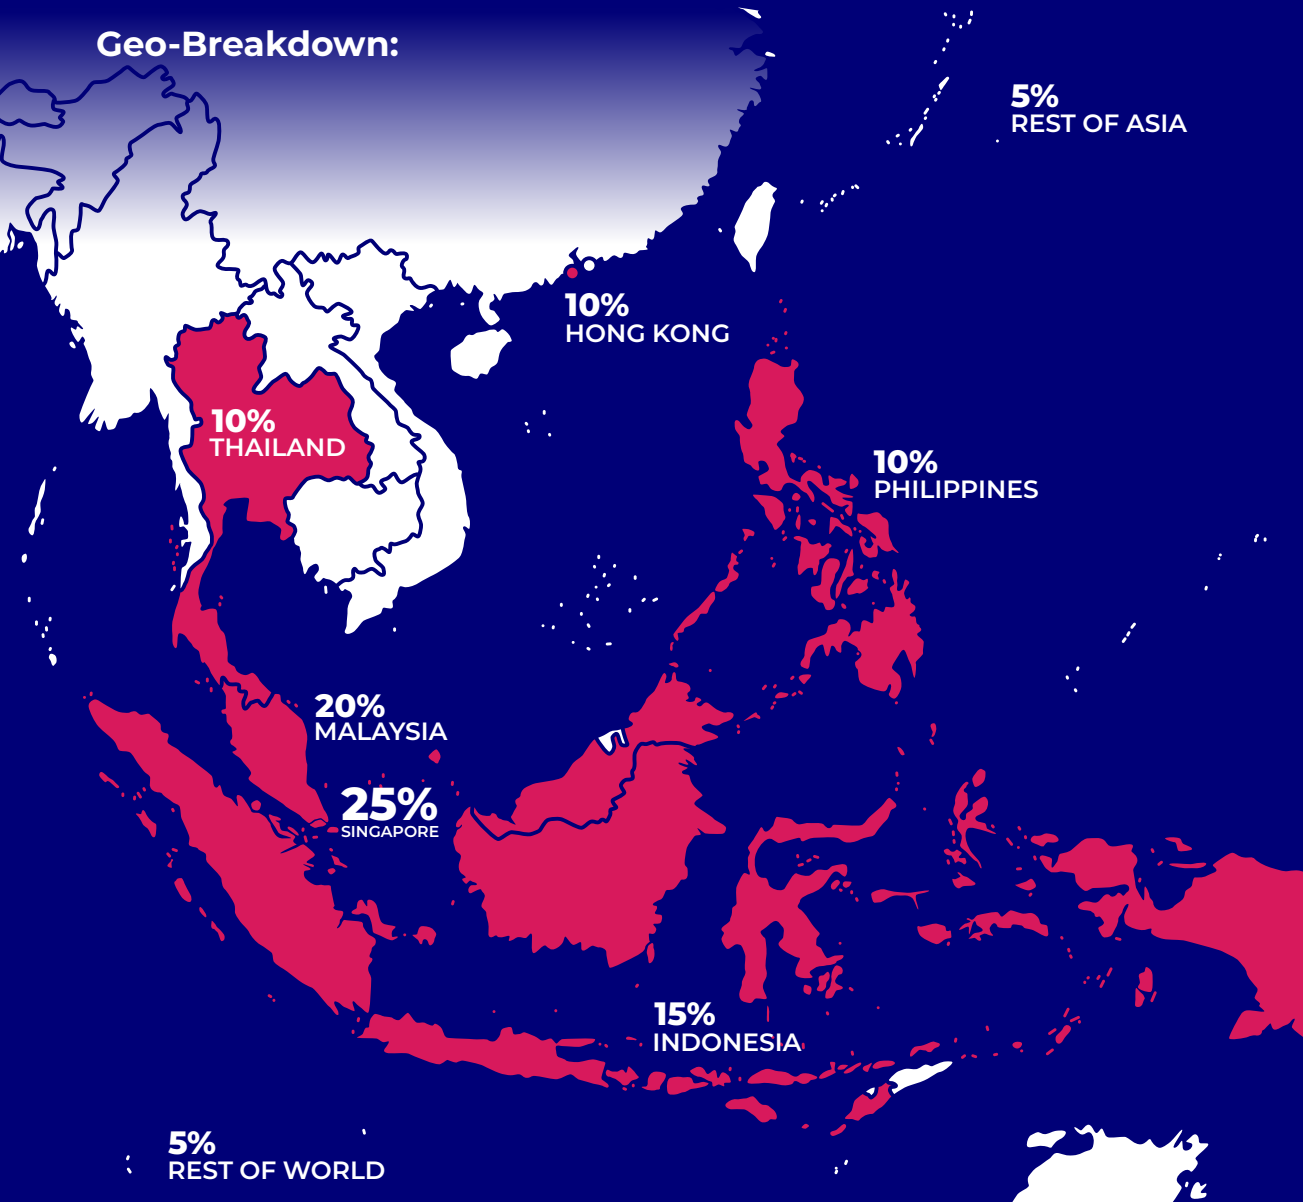

Kind regards,
CHRISTINA EMMANUELLE
Programme Director
Health Facilities Asia 2025

ATTENDEE OVERVIEW

WHO YOU WILL GET TO MEET

Geo-Breakdown:

MEET & NETWORK WITH LEADERS FROM THE FOLLOWING INDUSTRIES:

Job Profiles You Can Expect to Meet:

Projects

Facilities

Medical

Infrastructure

Department Heads,
e.g. Emergency Department,
General Surgery, Facilities
Management, Audiology, etc.

**Development/
Redevelopment**

Chief Chairman

Heads

**Directors
and VPs**

Industry:

**Public & Private
Hospitals**

**Primary
Healthcare
Services**

**Government
Agencies / Public
Sector**

**Healthcare
Solution Providers**

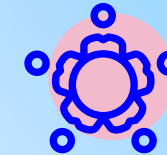

ROADMAP

**ENERGETIC SPEED
NETWORKING: CONNECT,
THRIVE, SUCCEED IN MOMENTS!**

**ENGAGING PANELS WITH
COMPELLING HEALTHCARE CASE
STUDIES TO INSPIRE AND DRIVE
TRANSFORMATION.**

**ENGAGE IN ENLIGHTENING
ROUNDTABLE DISCUSSIONS
FOR PROFOUND INSIGHTS.**

24TH JUNE 2025

PRE-CONFERENCE FOCUS DAY

Everyone is talking about technology and innovation, but how does healthcare play a part in it? Join us to explore how AI is transforming healthcare and gain insights on how it is driving patient-centered care.

25TH JUNE 2025

MAIN CONFERENCE DAY 1

Explore the latest healthcare facility projects, from new builds to upgrades, showcasing innovative designs and advancements—join us to shape the future of healthcare infrastructure!

26TH JUNE 2025

MAIN CONFERENCE DAY 2

We'll designing smart facilities to tackle labour constraints and fostering energy-efficient, sustainable infrastructure. Together, we'll explore innovative strategies to enhance efficiency, reduce costs, and address Asia's evolving healthcare needs."

27TH JUNE 2025

POST-CONFERENCE FOCUS DAY

Join us to explore strategies for resilient Emergency Departments, crisis readiness, and preparing for Disease X. See real-world applications during our site visit to Khoo Teck Puat Hospital's Emergency Department and gain insights on how they have redefined emergency care through smart surgeready designs, infection-busting zones, and quick-flip spaces for mass casualty scenarios.

EVENT THEME

LATEST HEALTHCARE FACILITY PROJECT DEVELOPMENTS: NEW BUILD & UPGRADES

Explore the latest healthcare facility projects, from new builds to upgrades, showcasing innovative designs and advancements—join us to shape the future of healthcare infrastructure!

DESIGNING SMART HEALTHCARE FACILITIES TO NAVIGATE LABOUR CONSTRAINTS

Discover how designing smart healthcare facilities can overcome labor constraints, drive innovation, enhance efficiency, and address Asia's evolving healthcare needs—let's shape the future of care together!

CREATING ENERGY EFFICIENT & SUSTAINABLE HEALTHCARE INFRASTRUCTURE

Join us to explore how energy-efficient, sustainable healthcare infrastructure can transform facilities, reduce costs, and meet Asia's growing healthcare needs—shaping a greener, healthier future together.

KEY SESSIONS NOT TO BE MISSED

DESIGNING FOR FLEXIBILITY AND ADAPTABILITY FOR IHH HEALTHCARE MALAYSIA

Dr Kamal Amzan

Regional CEO (Southern & Eastern),
IHH Healthcare Malaysia

TRANSFORMING IVF CLINICS INTO AI-DRIVEN ONE-STOP CENTERS FOR COMPREHENSIVE FERTILITY CARE

Eva Seow

Chief Embryologist,
IVF Bridge Fertility Center Malaysia

AN ESG-FOCUSED APPROACH TO BUILDING SUSTAINABLE HEALTHCARE FACILITIES

Dr Izzun Nasheef M. Hamsuri

Doctor in Medical Development
and Management Unit,
Putrajaya Hospital Malaysia

MEET OUR 2025 KEY SPEAKERS

DAVID BOUCHER
Chief Executive Officer,
Bumrungrad International
Hospital Phuket Thailand

WEIZHEN LEONG
Co-founder & Chief Medical
Officer,
Oriental Remedies Group

**DATUK DR. NOR FARIZA
BINTI NGAH**
Deputy Director General,
(Research & Technical Support),
Ministry of Health Malaysia

DR. WONG JIAYI
Medical Director,
Minmed Group Pte Ltd

MARISKA AJENG
Head of Operational
& Services,
Siloam Hospitals
Indonesia

DR. ANG YEE GARY
Consultant,
National Healthcare
Group Singapore

KAREN BEK SIEW LIAN
Chief Operating Officer,
Ren Ci Hospital Singapore

SUSAN ANANDA
Chief Executive Officer,
RS Premier Jatinegara
Hospital Indonesia

ROSEMARIE SERRANO
Assistant Chief Medical
Officer & Data Protection
Officer,
Cardinal Santos Medical
Center Philippines

**DR. ASAWIN (PETER)
PUWATANASAN**
Deputy Director,
Bangkok Dusit Medical
Services Thailand

DESMOND MAO
Deputy Lead Hospital –
Emergency Department &
Home Program,
Khoo Teck Puat Hospital
Singapore

**DR BHAVANI DEVI
BALAKRISHNAN**
Head Healthcare
Informatics,
Hospital Pankar Kanak
Kanak Malaysia

DR. LOKE WAI CHIONG
Lead (Financing Redesign &
Programme),
MOH Office for Healthcare
Transformation (MOHT)
Singapore

MOR JACK NG
Chief Operating Officer,
Thomson Medical
Singapore

EVA SEOW
Chief Embryologist,
IVF Bridge Fertility Center
Malaysia

DR. KANTHA RUBAN
Founder &
Principal Physician,
Kantha Medical Group
Malaysia

SUJITH WIJERATHNE
Head of General
Surgery,
Alexandra Hospital
Singapore

XIUMING HU
Senior Operations
Member,
Woodlands Health
Singapore

YING PEI
Head of Audiology,
Alexandra Hospital
Singapore

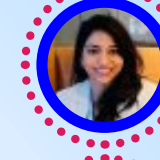

DR KAMAL AMZAN
Regional CEO
(Southern & Eastern),
IHH Healthcare
Malaysia

YOKE SIN CHONG
Board Member,
Mount Alvernia Hospital
Singapore

ANSON OOI
Director of Business
Development and
International Affairs,
Bangkok Hospital Pattaya
Thailand

SARANIA SUKUMARAN
Acting Head of Medical
Affairs and Quality,
Gleneagles Hospital
Malaysia

**DR IZZUN NASHEEF M.
HAMSURI**
Doctor in Medical
Development and
Management Unit,
Putrajaya Hospital Malaysia

ROSEMARIE SERRANO
Data Protection Officer
& Assistant Chief Medical
Officer, Cardinal Santos
Medical Center

MEET OUR 2025 KEY SPEAKERS

Did you know that Patient Visitor Experience is a part of the Asia Healthcare Week where you also get to hear from:

DR. WANG ZHEMÍN
Deputy Chief Medical
Informatics Officer,
Alexandra Hospital
Singapore

NORZAITON SENUSI
Chief Executive Officer,
UM Specialist Centre
(UMSC) Malaysia

DR. SYLVIA WIJAYA
Head of Department Patient
Relation Management,
Mitra Keluarga Kemayoran
Indonesia

**JITTIMA MANONAI
BARTLETT**
Assistant Director, Head
of Patient Experience,
Ramathibodi Hospital
Thailand

ARINDAM DEY SARKAR
General Manager
Operations,
Charnock Hospital
Pvt. Ltd India

ROXANNIE ALEJO
Head - Center for
Patient Experience,
The Medical City
Philippines

**RAJPAL SINGH
BALDEV SINGH**
Corporate Head of Nursing,
Mayapada Healthcare
Group Indonesia

MIRIAM BROFMAN
Director, Patient Services
and Relations,
United Family
Healthcare China

BRUCE LEONG
Director – Technology
and Strategy,
Mount Alvernia
Hospital Singapore

WALLACE WONG
Vice President
Operations,
Bali International
Hospital Indonesia

PONGSATHORN PIEBPIEN
Head of Health Analytics
Team, Information
Technology Department,
Ramathibodi Hospital
Thailand

CYNTHIA TANG
Assistant Director,
Customer Experience
(CX) & Analytics,
TMC LIFE SCIENCES
BHD. Malaysia

HENNESY LOU MIRANDA
Director for Marketing
and Patient Experience,
Asian Hospital and
Medical Center Philippines

DR. DILSHAAD ALI
Group Chief
Executive Officer,
Hoan My Medical
Corporation Vietnam

Senior Representative,
**Tengah General &
Community Hospital
(TGCH) Singapore**

EXCITING SPONSORSHIP OPPORTUNITIES AT HEALTH FACILITIES ASIA 2025

We are excited to announce a wealth of sponsorship opportunities at the Health Facilities Asia 2025 – which is a part of the Asia Healthcare Week.

The Asia Healthcare Week is the region's gathering for all healthcare leaders in the primary, community and consumer health sectors. This is the only gathering in Asia that will unite the front-line healthcare service providers, clinical operations professionals, allied health professionals, consumers and retail health sectors and more in one platform.

Sponsoring our event offers a unique opportunity to connect with industry leaders and innovators in these sectors, enhancing your brand's visibility and influence in a niche market.

ENGAGE WITH TARGETED AUDIENCE

Our audience comprises passionate individuals from the health industry who value the work we do. Sponsoring us means connecting with a demographic that is likely to appreciate and support your brand, leading to potential customer loyalty and increased engagement.

BOOST YOUR BRAND VISIBILITY

Sponsoring our organisation provides a unique opportunity to showcase your brand to a diverse and engaged audience. Our events, online presence, and community activities ensure your brand receives extensive exposure through various channels.

EXCLUSIVE MARKETING OPPORTUNITIES

As a sponsor, you gain access to exclusive marketing opportunities tailored to meet your needs. From brand placements at our events to mentions in our promotional materials, we ensure your brand is prominently featured and well-represented.

SPONSORSHIP OPPORTUNITIES AVAILABLE:

GET YOUR OWN BOOTH!

Create a unique space tailored to your brand when you book a customised exhibition booth with us. Engage our participants by transforming your booth into a creative representation of your world!

THOUGHT LEADERSHIP ON STAGE

Capture the audience's attention by sharing a client testimonial or join our panel to showcase your expertise alongside our distinguished experts. The stage is yours to shine!

HOST A NETWORKING BREAK, LUNCH OR SESSION

Our participants love enjoying food and drinks in a relaxed setting. Position your brand strategically in front of everyone during their favorite moments of the day for maximum exposure.

REACH OUT TO OUR SPONSORSHIP TEAM AT ENQUIRY@IQPC.COM.SG 

Conference Day One
Wednesday, 25 June 2025

08:15	Registration Opens
09:00	Welcome & Housekeeping Address by Asia Healthcare Week
Asia Healthcare Week Plenary Day 1	
09:10	Opening Panel Discussion What Does the Future of Healthcare Services Look Like? - Personalised medicine: Tailored treatments based on individual lifestyle, and environment - Preventive care: A stronger emphasis on wellness and disease prevention through technology and data analytics - Digital health and telemedicine: Increased reliance on remote consultations, wearable devices, and virtual care - Artificial intelligence and robotics: Automation of routine tasks, enhanced diagnostics, and robotic surgeries - Sustainable healthcare: Focus on eco-friendly practices, resource conservation, and reducing healthcare's environmental impact Panelists: Datuk Dr. Nor Fariza Binti Ngah , Deputy Director General, (Research & Technical Support), Ministry of Health Malaysia Weizhen Leong , Co-founder & Chief Medical Officer, Oriental Remedies Group
09:50	Industry Thought Leadership
10:20	Patient-Centered Care: Designing Facilities for Optimal Patient Experience - Conducting patient surveys and feedback to gather insights - Incorporating patient preferences into facility design - Providing amenities and services that enhance the patient experience - Empowering patients to participate in their care decisions Mariska Ajeng , Operational & Services Head, Siloam Hospitals Indonesia
10:50 	Speed Networking Session Join us in this Speed Networking Session where you will be able to meet other participants at the event! During this session, you will have the opportunity to engage with several leaders in a short amount of time and exchange business cards to take the conversation beyond the event.
11:10	Morning Break & Refreshments
Latest Healthcare Facility Project Developments: New Build & Upgrades	
11:40	Welcome & Housekeeping Address by Health Facilities Asia
11:45	Opening Remarks by Conference Chairperson
11.50	Designing for Flexibility and Adaptability - Incorporating modular design principles for easy expansion and modification - Creating flexible spaces to accommodate changing healthcare needs - Anticipating future technology advancements in facility design - Developing design guidelines for adaptable healthcare environments

	Dr Kamal Amzan , Regional CEO (Southern & Eastern), IHH Healthcare Malaysia
12:20	Industry Thought Leadership
12:50	Building Resilient and Accommodating Healthcare Infrastructure: Bumrungrad International Hospital Phuket - Explore resilient designs that accommodate growing patient needs and future healthcare advancements - Address disaster preparedness tailored to Phuket’s unique environmental and operational challenges - Highlight sustainable practices ensuring scalability and long-term infrastructure resilience David Boucher , Chief Executive Officer, Bumrungrad International Hospital Phuket Thailand
13:20	Networking Lunch Break
14:20	Transforming Healthcare: Launching Alexandra Hospital's Audiology Clinic and Refurbishment Initiative - Introducing soundproof testing rooms, cutting-edge hearing aid technology, and personalised treatment spaces to enhance hearing health - Creating accessible and welcoming spaces within the clinic to support diverse patient needs, including pediatric and elderly care - Modernising hospital facilities with a focus on integrating audiology services into a seamless, patient-centric healthcare environment Ying Pei , Head of Audiology, Alexandra Hospital
14:50	Redefining Healthcare Spaces: Integrating Wellness for Patient Care - Explore the critical role of wellness in enhancing patient outcomes and overall care experiences. - Design strategies that foster physical, mental, and emotional well-being within healthcare environments. - Learn how integrating wellness elements supports long-term health and healing for patients and staff. Rosemarie Serrano , Data Protection Officer & Assistant Chief Medical Officer, Cardinal Santos Medical Center
15:20	Afternoon Break & Refreshments
15:50	Incorporating Senior-Friendly Features in Ageing Healthcare Facilities - Explore adaptable designs to modernise ageing healthcare facilities for evolving patient and operational needs - Integrate senior-friendly features to enhance accessibility, safety, and comfort for elderly patients - Prepare facilities for future advancements with flexible spaces and technology-ready infrastructure Dr. Kantha Ruban , Founder & Principal Physician, Kantha Medical Group Malaysia
16:20	Panel Discussion Future-Proofing Healthcare Spaces: Designing for Tomorrow's Healthcare Needs - Integrating AI, robotics, and telemedicine into healthcare spaces to enhance remote diagnostics, patient monitoring, and surgical precision - Designing flexible spaces with modular layouts to quickly adapt to new medical specialties, treatments, and patient volume changes - Designing spaces with integrated wearable health technology to monitor patient vitals and improve personalised care Dr. Loke Wai Chiong , Lead (Financing Redesign & Programmes), MOH Office for Healthcare Transformation (MOHT) Singapore Dr. Asawin (Peter) Puwatanasan , Deputy Director, Bangkok Dusit Medical Services Thailand Dr. Wong Jiayi , Medical Director, Mindmed Group Pte Ltd Mariska Ajeng , Operational & Services Head, Siloam Hospitals Indonesia Sujith Wijerathne , Head of General Surgery, Alexandra Hospital Singapore
16:50	Chairperson’s Closing Remarks & End of Conference Day One

**Conference Day Two
Thursday, 26 June 2025**

08:15	Registration Opens
09:00	Welcome & Housekeeping Address by Asia Healthcare Week
Asia Healthcare Week Plenary Day 2	
09:10	Panel Discussion Preparing for Disease X with Patient-Centric Care • Early detection and response systems: Implementing advanced surveillance and diagnostic tools to identify potential outbreaks rapidly • Patient empowerment: Educating the public about disease prevention, symptoms, and seeking care promptly • Flexible healthcare infrastructure: Designing healthcare facilities to accommodate surges in patient volume while maintaining quality care • Strong community partnerships: Collaborating with local organisations to ensure coordinated response and support • Mental health support: Providing psychological services to address the emotional impact of outbreaks on patients and healthcare workers Anson Ooi , Director of Business Development and International Affairs, Bangkok Hospital Pattaya Thailand Mor Jack Ng , Chief Operating Officer, Thomson Medical Singapore
09:50	Industry Thought Leadership
10:20	Transforming Healthcare Facilities: Integrating Technology for Better Care and Operations • Integrating advanced technologies like robotics, telemedicine, and automation to elevate patient care and optimise healthcare operations • Modernising healthcare infrastructure with smart systems, energy-efficient solutions, and flexible designs to support evolving healthcare needs • Enhancing patient-centered spaces by incorporating seamless digital interfaces and safety measures to improve the overall care experience Dr. Dilshaad Ali , Group Chief Executive Officer, Hoan My Medical Corporation Vietnam
10:50 	Speed Networking Session Join us in this Speed Networking Session where you will be able to meet other participants at the event! During this session, you will have the opportunity to engage with several leaders in a short amount of time and exchange business cards to take the conversation beyond the event.
11:10	Morning Break & Refreshments
Smart Hospitals of the Future	
11:40	Welcome & Housekeeping Address by Health Facilities Asia
11:45	Opening Remarks by Conference Chairperson
11:50	Decision-Making in Healthcare Facilities: Predictive Analytics and Optimisation • Implementing clinical decision support systems for enhanced care outcomes • Predictive maintenance of medical equipment for operational efficiency • Optimising patient flow and resource allocation through data-driven insights • Ensuring ethical and responsible integration of advanced healthcare technologies Dr Bhavani Devi Balakrishnan , Head Healthcare Informatics, Hospital Pankar Kanak Kanak Malaysia
12:20	Industry Thought Leadership
12:50	Transforming IVF Clinics into AI-Driven One-Stop Centers for Comprehensive Fertility Care • Structuring facilities to house consultations, diagnostics, labs, and counselling in one location for patient convenience

	- Leveraging AI to personalise treatments, enhance embryo selection, and improve success rates within a unified facility - Using AI to ensure the reliability of specialised systems and support uninterrupted high-quality care across all services Eva Seow , Chief Embryologist, IVF Bridge Fertility Center Malaysia
13:20	Networking Lunch Break
Green Hospitals & Healthcare Facilities	
14:20	Healing Green: Designing Sustainable Healthcare Havens for Patients - Designing healthcare facilities with sustainability and environmental consciousness in mind, promoting green practices while prioritising patient needs - Implementing eco-friendly strategies, including rainwater harvesting systems, renewable energy solutions, and sustainable materials, to improve facility performance and patient outcomes - Maximising natural sunlight to create a healing environment, alongside efficient energy usage to reduce the carbon footprint of healthcare operations Noel Pabilona , Vice President and Head of Facilities Management and Engineering Group, St Luke's Medical Centre Philippines (Reserved)
14:50	An ESG-Focused Approach to Building Sustainable Healthcare Facilities - Integrating sustainable design and renewable energy to build an eco-friendly, resource-efficient healthcare facility - Implementing ESG principles to reduce environmental impact, conserve resources, and ensure operational transparency - Enhancing indoor environmental quality to promote patient well-being and staff health through innovative, green facility solutions Dr Izzun Nasheef M. Hamsuri , Doctor in Medical Development and Management Unit, Putrajaya Hospital Malaysia
15:20	Afternoon Break & Refreshments
15:50	Energy Efficiency and Sustainability in Healthcare: Case Studies and Best Practices - Sharing successful case studies of energy-efficient healthcare facilities - Implementing energy-saving technologies such as LED lighting and HVAC systems - Conducting energy audits to identify improvement opportunities - Integrating renewable energy sources into healthcare facilities Susan Ananda , Chief Executive Officer, RS Premier Jatinegara Hospital Indonesia
16:20	Panel Discussion Future-Ready Healthcare: Innovations in Sustainable and Flexible Facility Management - Designing healthcare facilities with low-carbon footprints and efficient resource utilisation - Highlighting global examples of innovative, eco-friendly healthcare infrastructures - Creating flexible, scalable spaces to accommodate growing patient demands while ensuring efficient operations - Understanding how healthcare facilities are adapting to increasing demand by maximising energy efficiency and operational workflows Sarania Sukumaran , Acting Head of Medical Affairs and Quality, Gleneagles Hospital Malaysia Xiuming Hu , Senior Operations Member, Woodlands Health Singapore Yoke Sin Chong , Board Member, Mount Alvernia Hospital Singapore Karen Bek Siew Lian , Chief Operating Officer, Ren Ci Hospital Singapore
16:50	Chairperson's Closing Remarks & End of Conference

Interactive Knowledge Sessions AI in Healthcare Tuesday, 24 June 2025		Interactive Knowledge Sessions Preparing for Disease X, Integrated Crisis and Emergency Response Friday, 27 June 2025	
Morning Session 09:30 – 12:30	Afternoon Session 13:30 – 15:30	Morning Session 09:30 – 11:30	Visit Khoo Teck Puat Hospital's Emergency Department Afternoon Session 13:30 – 15:30
Intersecting AI with Patient Education through Use of Large Language Models <i>Patient education is a crucial aspect of healthcare, but traditional methods often fail to account for individual differences in literacy and comprehension. Recent advances in natural language processing offer a solution.</i> Explore strategies on how you can integrate AI through large language models to better understand your patient. What to expect: - Generating personalised patient education materials with large language models - Gaining significant improvements in patient understanding, engagement, and health outcomes - Addressing health disparities by providing culturally sensitive and multilingual resources	Join this interactive visit to explore the state-of-the-art facilities. The Interactive Knowledge Visit will include: Corporate presentation from hospital representative Interactive Q&A session Guided tour of the hospital's facilities	Designing and Upgrading Healthcare Facilities for Crisis Management and Evolving Demand <i>Empower your teams and transform healthcare facilities for rapid response.</i> Explore strategies for designing agile healthcare facilities equipped to handle infectious disease outbreaks, optimise patient flow, and manage surge capacity effectively. What to expect: Optimizing hospital infrastructure: Upgrading facilities with specialized areas for assessment, treatment, and isolation to meet evolving patient needs Streamlining patient flow: Developing scalable systems for efficient patient movement and infection control to prevent cross-contamination Enhancing facility readiness to accommodate sudden patient surges during crises and emergencies This is your opportunity to gain insights into what's currently	Strengthening Emergency Response: Building the Infrastructure of the Emergency Department This unique programme offers an exclusive behind-the-scenes immersion into Khoo Teck Puat Hospital's Emergency Department, where innovation meets adrenaline. Witness how KTPH's ED is redefining emergency care through smart surge-ready designs, infection-busting zones, and quick-flip spaces for mass casualty scenarios. Hospitals that prioritise infrastructure innovation and resilience are better prepared to manage emerging infectious diseases and mass casualty incidents. By creating flexible, efficient spaces and equipping teams with the right resources and strategies, KTPH sets the standard for fast, effective emergency care. Join this interactive visit to explore the state-of-the-art facilities and learn how these innovative designs and solutions enhance emergency healthcare outcomes.

Dr. Ang Yee Gary , Consultant, National Healthcare Group Singapore			effective—not just conceptually, but through real-world strategies that are transforming healthcare facility design for rapid response and optimised patient care. Mor Jack Ng , Chief Operating Officer, Thomson Medical Singapore		The Interactive Knowledge Visit will include: Corporate presentation from Desmond Mao, Deputy Lead Hospital – Emergency Department & Home Program, Khoo Teck Puat Hospital Singapore Interactive Q&A session Guided tour of the KTPH’s Emergency Department
Let’s Talk! Key Takeaways & Action Points We will break into working groups to discuss and deep dive into each topic. There will be one rotation after 25 minutes.			Let’s Talk! Key Takeaways & Action Points We will break into working groups to discuss and deep dive into each topic. There will be one rotation after 25 minutes.		
Roundtable A Driving Internal Culture of Technology Adoption	Roundtable B Best Practices for Data Protection and Compliance		Roundtable A How can healthcare facilities design flexible spaces for crisis management and everyday patient needs?	Roundtable B What strategies best optimise patient flow and infection control during crises and normal operations?
