WEBINAR

#7340 Foundations for Therapeutic Interventions in Neonatal Care

Instructor:
Tracilynn Urruela, PT

Audience:
Physical Therapists, Assistants and related
Healthcare professionals

Delivery Options:
Live Webinar or Self-Study Options

SUMMARY: This course is a webinar designed for those new to the NICU setting. It will introduce the participant to the basic foundation needed to safely treat this highly specialized population. Learn appropriate developmental care philosophy and terminology. Understand the proper positioning and cues related to handling fragile infants. Course instruction methods include lecture, demonstration, videos, case studies and question/answers. (Intermediate Level)

PRESENTER: **Tracilyn Urruela, PT** has practiced in the area of early intervention since 1993. She developed both NICU and outpatient development follow up therapy programs as well as an extensive staff training curriculum for this highly specialized area. Her philosophy follows a developmental care and family centered approach. She is a T.O.P.S.E.I (Training for Occupational and Physical Therapy Services in Early Intervention) certified through the University of Florida and is a Certified Infant Massage Instructor. She has been a member of the South Florida NICU Special Interest Group since 1994 and the Pediatric Section of the APTA since 1996. *Financial*— Received a teaching honorarium from Motivations Inc. *Nonfinancial*— No relevant nonfinancial relationship exists.

OBJECTIVES: Upon completion of this course, the participant will be able to:

1. Name 4 modifications that can be made to your unit that will impact the culture of applying a family centered, developmental care philosophy, thus improving the short- and long-term outcomes of infants and caregivers.
2. List 3 areas of critical information needed to safely treat the NICU population.
3. List the principles of good postural alignment in 4 basic positions and be able to make adjustments based on unique challenges or individual preferences.
4. Recognize the 3 differences in infant cues exhibited by the infant during handling and able to modulate treatment interventions appropriately.

FORMAT: This is a 3-contact hour course equivalent to 3 CEU's or 0.3 CEUs offered as a live webinar or self-study. Instructors present the live course content via an internet website displaying real time power points. Learners will receive a course instruction link. Instructors lecture through livestreaming internet on your computer. Questions may be asked during the webinar using the chat feature or the “raise hand” feature for live discussion.

PT CEU's: Motivations Inc is an approved provider of Physical Therapy continuing education by these professional bodies: Texas Chapter of the American Physical Therapy Association, ILDPR- Illinois Department of Professional Regulation Approved PT CE Sponsor, NY- New York State Education Department, Office of the Professions. Physical Therapy Board of California. Many state boards recognize these for pre-approval purposes. Contact us if you would like verification a state.

AGENDA:

Pre-Study: 30 Minutes Plan to read the course materials, references and review the post test before the start time. Please be prepared to share patient case study and related question during the discussion time.

- 10 min: Developmental Care and Family Centered Care Philosophy
- 60 min: What every professional needs to know before entering the NICU
- 25 min: Positioning the High-Risk Infant
- 25 min: Handling: “Listening” to what the infant is “telling” you

Post-test: 30 Minutes Research, identify, and submit your post test question answers on the online form. This is an open book test you can take multiple times if needed to obtain the 70% score. Complete the evaluation feedback survey and needs assessment. Obtain, review and save your auto-emailed certificate for your files.
