

Rhino Days 2023 3-6/05/2023 Programme			
Local Time / EEST	Wednesday, May 3		
08.00-08.30	Registration		RHINOPLASTY DAY 1
08.30-08.40	Welcome - J. Constantinidis, C. Georgalas		
	08.40 - 13.00 Lectures		
	Moderators: P. Karkos - C. Georgalas		
08.40-09.00	Applied nasal anatomy and physiology	Z. Tsinaslanidou	
09.00-09.20	Preoperative evaluation and aneesthesia in rhinoplasty	P. Lekakis	
09.20-09.40	Incisions and approaches	P. Karkos	
09.40-10.00	Importance of nasal septum in rhinoplasty - basic steps of septoplasty	J. Wurm	
10.00-10.30	Primary rhinoplasty - best candidates for beginners	E. Giotakis	
10.30-11.00	Coffee Break		
	Moderators: V. Pavlidelis - E. Giotakis		
11.00-11.20	Basic steps in functional rhinoplasty	M. Stavrakas	
11.20-11.40	Deviated and crooked nose - analysis and techniques	J. Wurm	
11.40-12.00	How to manage the middle third after profileplasty	J. Constantinidis	
12.00-12.20	Bony Dorsum Management	G. Mireas	
12.20-12.40	The skin-soft tissue envelope in rhinoplasty	F. Riedel	
12.40-13.00	Sutures and grafts in tip surgery when, which and how?	J. Wurm	
13.00-14.00	Lunch break		
	14.00 - 16.00 Lectures		
	Moderators: J. Wurm – P. Lekakis		
14.00-14.20	Tip Support Techniques	G. Mireas	
14.20-14.40	Dorsal alignment in rhinoplasty	F. Riedel	
14.40-15.00	Crooked nose tricks with or without preservation rhinoplasty	A. Göksel	
15.00-15.20	How to manage the droopy tip	J. Constantinidis	
15.20-15.40	Alar base surgery - nostril repositioning	A. Göksel	
15.40-16.00	Functional considerations in rhinoplasty	P. Marangoudakis	
16.00-16.30	Coffee Break		
	16.30 - 18.30 Lectures		
	Moderators: F. Riedel - J. Constantinidis		
16.30-17.00	Limited approaches in preservation rhinoplasty	A. Göksel	
17.00-17.30	Tip refinement in rhinoplasty	F. Riedel	
17.30-18.00	Ultrasonic Piezo Rhinoplasty	G. Mireas	
18.00-18.30	My transformation from open to closed rhinoplasty	A. Göksel	
18.30-19.00	Discussion - Closing remarks		

Local Time / EEST	Thursday, May 4	
	Cadaver dissection in the lab	
08.00-14.00	Dissection Demo closed approach Rhinoplasty approaches – Droopy tip	
	Dissection Demo open approach Preservation rhinoplasty	
14.00-15.00	Lunch break	
	15.00 - 16.30 Lectures	
	Moderators: A. Göksel, G. Mireas	
15.00-15.20	How to prevent and manage complications in rhinoplasty	V. Pavlidelis
15.20-15.40	Medical rhinoplasty	P. Lekakis
15.40-16.00	Current management of nasal trauma	S. Triaridis
16.00-16.20	Most useful grafts in rhinoplasty	J. Constantinidis
16.20-16.40	Decision making for Rhino/septoplasty in severe nasal deformities in Children and Adolescents	G. Kopacheva
16.40-17.00	Rejecting rhinoplasty patient	E. Prokopakis
17.00-17.30	Coffee Break	
17.30-19.00	Interactive case presentations with videos – Revision Rhinoplasty	
	Moderators: V. Pavlidelis, E. Prokopakis	
	Participants: All Faculty J. Wurm, F. Riedel, A. Göksel, G. Mireas, P. Lekakis, J. Constantinidis, E. Prokopakis	
Local Time / EEST	Friday, May 5	
08.00-08.30	Welcome Coffee - Registration	
	08.30-10.30 Session 1	
	Moderators: Jordan Konstantinidis-E. Prokopakis	
08.30-09.00	Surgical anatomy of the lateral nasal wall - Basic knowledge for Endoscopic Sinus Surgery	E. Giotakis
09.00-09.30	Sinus anatomy - CT Scan - PreOp Checklist	T. Terzis
09.30-09.50	Perioperative and postoperative care in endoscopic sinus surgery	D. Terzakis
09.50-10.10	Epistaxis, ESPAL, AEA, Canthotomy/Cantholysis	P. Karkos
10.10-10.30	Endoscopic DCR step by step	Jordan Konstantinidis
10.30-11.00	Coffee Break	
	11.00-14.30 Session 2	
	Moderators: C. Georgalas - P. Karkos	
11.00-11.30	Tips & Tricks: Uncinectomy, Ethmoidectomy, Sphenoidectomy	Ali Qureishi
11.30-12.00	Multiportal endoscopic assisted maxillectomy and masticatory space compartmental surgery	A. Schreiber
12.00-12.30	Endoscopic frontal sinus approaches	J. Constantinidis
12.30-13.00	Endoscopic sphenoid sinus approaches	P. Marangoudakis
14.00-14.30	CSF leak repair - tips and tricks	C Georgalas
14.30-15.30	Lunch break	

	15.30-18.30 Session 3	
	<i>Moderators: P. Marangoudakis- T. Terzis</i>	
15.30-16.00	Use of powered instrumentation and image guidance in FESS	T. Terzis
16.00-16.30	Pterygopalatine Fossa, Vidian nerve	A. Schreiber
16.30-17.00	Infratemporal Fossa	A. Qureishi
17.00-17.30	Anterior skull base	J. Constantinidis
17.30-18.00	Pituitary Surgery	I. Chatziioannou
18.00-18.30	Clivus & Posterior skull base	C. Georgalas
Local Time / EEST	Saturday, May 6	
08.00-08.30	Welcome Coffee - Registration	
	08.30-15.00 Cadaver dissection in the Lab	
	Dissection Demo, Cold Instrumentation	
	Dissection Demo, Power	
	Trainees Supervision: All Faculty	
	Uncinectomy, MMA, Ethmoidectomy, Sphenoidectomy	
	Frontal sinus recess, Draf I-III drainage	
	ESPAL, Canthotomy, Orbital Decompression	
	PPF, Sphenopalatine artery, Vidian nerv	
	Sphenoid sinus, Pituitary gland	
15.00-16.00	Lunch break	
	16.00-18.00 Lectures	
	<i>Moderators: M. Katotomichelakis - J. Constantinidis</i>	
16.00-16.20	Revision Surgery, Finding your way without a Navigator!	V. Papanikolaou
16.20-16.40	How to avoid and manage complications	G. Psychogios
16.40-17.00	The limits of endonasal approaches: Are there any at all?	K. Mantsopoulos
17.00-17.20	Fess in children	M. Katotomichelakis
17.20-18.30	Interactive video case-demonstrations of endoscopic sinus surgery procedures	All faculty
18.30	Closing remarks - Questions	

FESS DAY 2
