

**Maternal Medicine:
Medical Complications in Pregnancy**
Joint RCOG/BMFMS
Thursday 7 – Friday 8 March 2019

Royal College of
Obstetricians &
Gynaecologists

Venue: Royal College of Obstetricians and Gynaecologists

Overview

The course is structured to address current maternal medicine issues across all medical subspecialties with specific relevance to obstetrics. It is recognize for the theoretical component of the "Maternal Medicine" ATSM. The course will also be of value to clinicians with a maternal medicine and high-risk obstetrics practice.

The course has a format of lectures and breakout group work to address topical maternal medicine issues.

Why Attend?

- Course format will allow interaction with a wide range of internationally renowned speakers
- This meeting is suitable for the theoretical component of the 'Maternal Medicine' ATSM
- Claim a maximum of 12 CPD credits for full attendance at this meeting

Who Should Attend?

- All Trainees, Consultants and SAS Doctors in Obstetrics and Gynaecology
- All Trainees and Consultants in Anaesthesia with an interest in Maternal Health / Maternal Critical Care
- Those who are registered, or who plan to register for the 'Maternal Medicine' ATSM
- Consultants with a maternal medicine/high-risk obstetric practice
