

ONTARIO ORTHOPAEDIC ASSOCIATION

45th Annual Scientific Meeting

Hyatt Regency Toronto | November 4-5, 2022

#00A2022

Back to Basics

Overall Learning Objectives:

At the end of this meeting, participants will be able to:

- discuss evidence-based learning in Orthopaedic literature;
- debate management of upper and lower extremity trauma; and
- manage complications in Orthopaedic surgery.

Accreditation:

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, and approved by The Canadian Orthopaedic Association, for a maximum of 9.25 hours.

Friday, November 4, 2022	
7:30 a.m. – 8:00 a.m.	Registration: Check-in Breakfast and Exhibit Hall Networking
8:00 a.m. – 8:10 a.m.	Welcome from the OOA President and ASM Chair Chris Lu, Parham Daneshvar
8:10 a.m. – 9:00 a.m.	OrthoEvidence: Best Papers Most Likely to Change Practice Mohit Bhandari At the end of the session, the participant will be able to: • cite important publications in the past year that shape clinical practice
9:00 a.m. – 10:15 a.m.	Trauma Symposium – Evidence + Experience Lower Limb Moderator: Hans Kreder Pelvic Fractures

	Jeff Yach vs. Steve Papp Tibial Plateau Fractures Geoff Wilkin vs. Steve Mann Calcaneus Fractures Rachael Da Cunha vs. Karl Lalonde At the end of the session, the participant will be able to: • describe factors associated with poor outcomes following tibial plateau fracture; • describe the pros and cons of various treatment strategies; and • describe different surgical techniques to optimize clinical results.
10:15 a.m. – 10:45 a.m.	Nutrition Break and Exhibit Hall Networking
10:45 a.m. – 12:00 p.m.	Trauma Symposium – Evidence + Experience Upper Limb Moderator: Ryan Bicknell Proximal Humerus Fractures Darren Drosdowech vs. Jeff Yach Distal Humeral Fractures J. Pollock vs. Parham Daneshvar Distal Radius Fractures Ruby Grewal vs. Manisha Mistry At the end of the session, the participant will be able to: • describe the indications for partial rotator cuff repair, SCR and other options in a younger patient with a massive cuff tear; • describe the complications associated with each procedure; and • describe surgical techniques associated with each procedure.
12:00 p.m. – 12:50 p.m.	Lunch and Exhibit Hall Networking
12:50 p.m. – 1:50 p.m. Keynote	Trauma Trials and Tribulations Matt Costa* At the end of the session, the participant will be able to: • discuss how trials and trial design influence policy and practice; and • discuss why trials and trial design are important to surgeons, hospitals and of course patients. <i>*presenting virtually</i>

1:50 p.m. – 2:10 p.m.	Appealing an OHIP Billing Decision – My Experience Geoff Wilkin At the end of the session, the participant will be able to: • discuss the process for appealing a final decision from the OHIP General Manager regarding billing; and • describe the role of the Health Services Appeal and Review Board.
2:10 p.m. – 3:10 p.m.	Debate Session Moderator: Mohit Bhandari Upper Limb – Elective Case Based (Massive Cuff Tear in Younger Patient, Partial Repair vs. SCR or Other) Ryan Bicknell vs. Davide Bardana Lower Limb – Elective Case Based (Fused vs. Replace Ankle OA) Timothy Daniels vs. Rachael Da Cuhna At the end of the session, the participant will be able to: • describe the indications for partial rotator cuff repair, SCR and other options in a younger patient with a massive cuff tear; • describe the complications associated with each procedure; and • describe surgical techniques associated with each procedure.
3:10 p.m. – 3:30 p.m.	Nutrition Break and Exhibit Hall Networking
3:30 p.m. – 3:45 p.m.	OOA Update Chris Lu At the end of the session, the participant will be able to: • describe key changes to the OHIP fee schedule; and • summarize negotiations with the Ministry of Health.
3:45 p.m. – 4:10 p.m.	Multi-Disciplinary Treatment for Infected Joints Amit Atrey At the end of the session, the participant will be able to: • discuss whether care for infected arthroplasty should be centralized; • reflect on whether you want another surgeon taking care of your infected case; • consider if you would take guidance from a multi-disciplinary team that offered advice; and

	discuss how much resource should be given to a central intake centre.
4:15 p.m. – 5:15 p.m.	OOA & OMA Section of Orthopaedics Annual Business Meeting
5:30 p.m. – 7:30 p.m.	Cocktail Reception: Delegate and Exhibitor Networking

Saturday, November 5, 2022	
7:30 a.m. – 8:00 a.m.	Registration: Check-in
	Breakfast and Exhibit Hall Networking
8:00 a.m. – 8:10 a.m.	Welcome from the ASM Chair Parham Daneshvar
8:10 a.m. – 8:45 a.m.	COA Update Laurie Hiemstra, COA President At the end of the session, the participant will be able to: - discuss how the COA is providing a national voice for provincial issues in strategic planning and actionable goals for OOA membership; - review the partnerships and government relations expectations for OOA leadership for Fall 2022 and Spring 2023; and - identify ways to promote and participate in AdvoOrtho and the Canadian Orthopaedic Care Day in 2023.
8:45 a.m. – 9:30 a.m.	Registries Then, Now and Tomorrow Eric Bohm, CAS President* Moderator: Steve Mann At the end of the session, the participant will be able to: - understand the history of the Canadian Joint Replacement Registry; - describe the role that registries play in improving patient care; and - describe recent findings from the Canadian Joint Replacement Registry. <i>*presenting virtually</i>
9:30 a.m. – 10:30 a.m.	Worst-Case Scenarios – Experience Doesn't Come Cheaply Steve Mann, Parham Daneshvar, Dan Borschneck At the end of the session, the participant will be able to: - identify critical decision points in the clinical course of this patient; - discuss how alternate approaches could have changed patient outcomes; and - reflect on personal thresholds for seeking advice from colleagues.

10:30 a.m. – 11:00 a.m.	Nutrition Break and Exhibit Hall Networking
11:00 a.m. – 11:30 a.m.	Resident Research Papers COA “Total Hip Arthroplasty in Young Patients” Aaron Chen “Immersive Virtual Reality in Surgical Education: Novel Virtual Reality for Surgical Skill Acquisition in Novice Learners” Andrew McGuire At the end of the session, the participant will be able to: • describe the outcomes of contemporary total hip arthroplasty in a young patient (< 50 years old); • describe the risk factors for early revision.
11:30 a.m. – 12:00 p.m.	Ramping Up OR Productivity Paul Beaulé At the end of the session, the participant will be able to: • identify the role of implementation of Positive Deviance seminars in an inter-disciplinary setting; • define Operating Room benchmarks for primary joint replacements; and • define Backlog.
12:00 p.m. – 12:15 p.m.	Meeting Summary and Adjournment Chris Lu, Parham Daneshvar

This program has received an unrestricted educational grant from the following:

Ortho Solutions

DePuy Synthes

Lima Orthopaedics Canada Inc.

Pendopharm, Division of Pharmascience Inc.

Convatec

InflaFlex

Tribe Medical Group, Inc.
