Number of Participating Countries

37.5

Number of Credit Hours

At ARM 2017, two new parallel sessions were introduced: Breast Imaging Summit and Radiographers Session. The Breast Imaging Summit was conducted by the father of mammography – Prof. Laszlo Tabar, a visionary physician, researcher and educator who has contributed significantly in the worldwide fight against breast cancer over the last 40 years.

The dedicated Radiographer Session which ran parallel to the main conference on the 2nd and 3rd day focused on the role and significance of radiographers.

Guest Speakers

Laszlo Tabar

Claude Pierre Jerome

Laura Oleaga

Suresh Mukherji

Christine Meanias

Raad Mohiaddin

Makki Al Muntashri

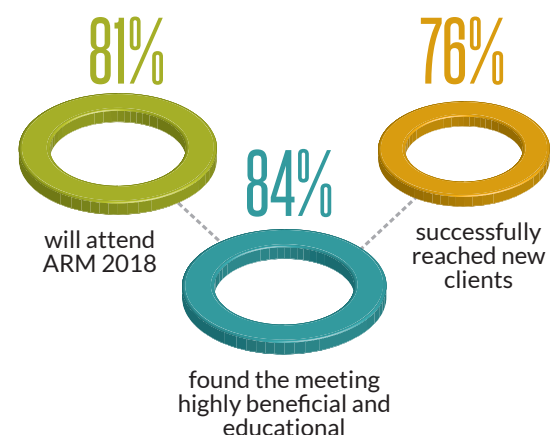

Jung Gi Im

Featured Topics

- Cardiac Imaging
- Chest Imaging
- Body Imaging
- Pancreas Imaging
- Musculoskeletal Imaging
- Interventional Radiology
- Head and Neck
- Common Problems & Pitfalls whilst Practicing Radiology.

ATTENDEES FEEDBACK

AWARDS:

20 Years Achievement Award

Emirates Radiology Cup

The award recognized the dedication of radiographers who have served over 20 years in government hospitals.

ARM 2017 held a competition for the best case presented by a Specialist and Resident, judged by 4 highly qualified and experienced professionals in the field of Radiology.

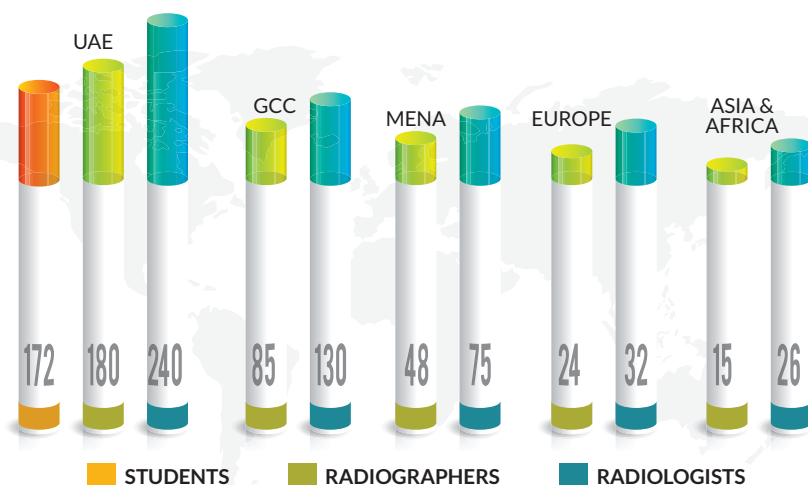

EXHIBITION

The Annual Radiology Meeting in UAE 2017 has grown in size of its exhibition, covering a total space of **3960sqm**, with over **40** participating brands from the field of radiology and diagnostic imaging who showcased their cutting-edge equipment and most updated medical devices.

The event delivered a golden opportunity for companies to network with governing bodies, esteemed radiology societies, key decision makers and over **1060** delegates from around the world.

ATTENDEE BREAKDOWN

ACKNOWLEDGEMENT

The Annual Radiology Meeting 2017 acknowledge the following:

- **Industry Partners**, who have made a valuable contribution in making the 2nd edition a tremendous success.
- **Speakers**, for their outstanding presentations and ensuring the delivery of quality lectures making the scientific program very strong and informative.
- **Scientific Committee**, for their expertise and untiring efforts in making ARM 2017 a successful edition.

SOCIAL ACTIVITIES

A social gathering was organized for the companies and speakers whilst networking on a more casual front to share their experience and build stronger relations for the future. The speakers along with the company representatives had

a wonderful time learning about the culture of the local community. This dinner held at the Sheikh Mohammed Centre for Cultural understanding on the evening of November 6th, encouraged the idea of "open doors, open minds" where the guest learned about the tradition and culture of the UAE.

"I think it's been a fantastic opportunity, the meeting has grown by leaps and bounds since last year, the scientific program is fantastic, the attendance has been great and incredibly well organized. I think what's happening here is very special and there's going to be continuous growth in the meeting."

Dr. Suresh K. Mukherji
MD, MBA, FACR
Professor and Chairman, Walter F. Patenge
Endowed Chair, Department of Radiology
Michigan State University, USA

"I congratulate the congress organizers because this event bring the radiologists & radiographers together. They can exchange ideas and experience from different countries and I hope they are going to do it every year!"

Prof. Laszlo Tabar
MD., F.A.C.R. (Hon)
Radiology Specialist, Professor of
Radiology Uppsala University, Faculty of
Medicine & Medical Director Emeritus,
Department of Mammography,
Falun Central Hospital, Sweden

"We are very happy to be here at ARM 2017. It is a great conference and an excellent platform for education. This is a regional and international event at the same time. Radiologists and technicians are coming together. I think the Annual Radiology Meeting is developing fantastically. It's getting bigger and better each year".

Michaela Stolz Schimtz
Head of Siemens Healthineers Academy

"The exhibition was very great, well organized and it was a golden opportunity to meet a lot of doctors and show them what we have to offer; our latest technology and recent developments. This will be a must attend event for us annually. It was a successful year and hopefully the future editions will be even more"

Ahmed Mary
Sales & Marketing Manager,
FUJIFILM

We would like to thank our supporters of ARM 2017 for their continuous support

SAVE THE DATE

3rd Annual Radiology Meeting in UAE

31 October – 2 November 2018

Dubai International Convention and Exhibition Centre

Program Highlights

- Pediatric Imaging
- Emergency Radiology
- Neuroradiology
- Cardiac Imaging
- Musculoskeletal Imaging
- Radiography
- Breast Imaging
- Body Imaging

Who Should Attend?

- Radiologist
- Radiographers
- Hospital Administrators
- Educators & Researchers
- Residents & Technicians
- Suppliers, Agents, Distributors
- Dealers, Exporters, Importers
- Governments Agencies
- Radiation Oncologists
