

AAGL 2ND WORLD SUMMIT ON HYSTEROSCOPY

INTRA-UTERINE SURGERY: THE FUTURE IS NOW!

MARCH 8 - 9, 2024

THE WESTIN FORT LAUDERDALE - FORT LAUDERDALE, FLORIDA

Scientific Program Chair:

Linda D. Bradley, MD

Scientific Program Co-Chairs:

Jose A. Carugno, MD

Nash S. Moawad, MD, MS

Honorary Chair:

Franklin D. Loffer, MD

Faculty: Ted L. Anderson, MD, PhD, Stefano Bettocchi, MD, PhD, Ursula Catena, MD, PhD, Grigoris Grimbizis, MD, PhD, Sergio Haimovich, MD, PhD, Miriam Hanstede, MD, Keith B. Isaacson, MD, Alka Kumar, MBBS, MS, Richard Lasmar, MD, PhD, Malcolm G. Munro, MD, Samar Nahas, MD, Luis Alonso Pacheco, MD, James K. Robinson, III, MD, MS, Christina A. Salazar, MD, Sukhbir Sony Singh, MD

COURSE DESCRIPTION:

The hysteroscope is the gynecologist's stethoscope. How can we practice modern gynecology without it? Diagnostic office hysteroscopy permits full visualization of the endometrial cavity, tubal ostia, and endocervix and is critical in diagnosing focal lesions that are missed with blind or non-directed endometrial sampling. Increasingly, operative hysteroscopy both in the office and ambulatory center permits safe, effective, and minimally invasive surgery for an array of intrauterine pathology.

Listen, watch, and learn from the most experienced global hysteroscopic experts. Cumulatively, they have more than 500 years of clinical experience.

We are confident that this will be the most educational hysteroscopy conference that you have attended. It will be a dynamic compendium to improve hysteroscopic surgical care, improve patient outcomes, and enhance patient safety. The conference will include a dazzling array of visual formats with numerous high-quality videos, "pre-recorded" live telesurgical procedures, and ample time for questions and answers.

Each lecturer has been chosen for their hysteroscopic surgical experience but also for their ability to meticulously instruct participants step-by-step through basic to complex hysteroscopic procedures. The body of their work and philosophy epitomizes the surgical dictum, "Do as much as necessary and as little as possible."

Our goal is to provide you with the tools needed to perform diagnostic and therapeutic hysteroscopy, understand hysteroscopic conundrums, and recognize and treat complications should they occur. Allowing ample time for questions will further robust discussion between participants and faculty.

LEARNING OBJECTIVES:

At the conclusion of this course, the participant will be able to: 1) Develop a foundational knowledge of office and operative hysteroscopy in the treatment of simple to complex intrauterine pathology; 2) Treat intracavitary pathology including: Endometrial polyps, intrauterine fibroids, mullerian anomalies, hysteroscopic sterilization, the removal of foreign bodies, and treatment of endocervical lesions with the operative hysteroscope and tissue retrieval systems; 3) Implement learned skills to improve patient safety in the office and ambulatory surgical center; and 4) Describe the steps necessary to respond to complications of hysteroscopy.

DAY 1 - FRIDAY, MARCH 8, 2024

Time	Event/Topic	Presenter(s)
7:15am–8:15am	Continental Breakfast and Registration: Getting to Know Each Other	
8:15am–8:30am	Introduction and Welcome to the Hysteroscopy Revolution	<i>L.D. Bradley</i>
8:30am–8:45am	Look How Far We Have Come The History & Future of Hysteroscopy	<i>F.D. Loffer</i>
8:45am–9:15am	I Was Blind, and Now I Can See! Eliminate Blind Procedures	<i>S. Haimovich</i>
9:15am–10:00am	Office Hysteroscopy. Setting Yourself Up for Success Pain Management, Equipment & Reimbursement. Why Location Matters: Office vs OR	<i>A.L. Garcia J.K. Robinson</i>
10:00am–10:30am	Fibroid Classifications and Surgical Correlation, Why it Matters?	<i>M.G. Munro R. Lasmar</i>
10:30am–10:45am	<i>Panel Discussion (Q&A)</i>	<i>All Faculty</i>
10:45am–11:15am	<i>Coffee Break & SurgeryU VideoFest</i>	
11:15am–11:45am	Abnormal Uterine Bleeding – The Hysteroscopic Approach	<i>M.G. Munro</i>
11:45am–12:15pm	The Marriage of Hysteroscopy and Imaging <i>Case Studies to Illustrate the Value of Myriad Imaging Modalities</i>	<i>S.S. Singh</i>
12:15pm–1:15pm	<i>Networking Lunch</i>	
1:15pm–2:00pm	Submucous Myomas & Polyps. Approaching Them the Smart Way <i>Resectoscopy vs Tissue Retrieval Systems</i>	<i>N.S. Moawad</i>
2:00pm–2:30pm	Endometrial Ablation – Where Did All the Ablations Go?	
2:30pm–3:30pm	Controversies in Hysteroscopy - Are We Spreading Cancer? - Septum: Take It or Leave It - Cesarean Scar Ectopic - Missed Abortion	<i>S. Nahas S. Bettocchi U. Catena S. Haimovich</i>
3:30pm–3:45pm	<i>Panel Discussion (Q&A)</i>	<i>All Faculty</i>
3:45pm–4:00pm	Highlights of Today's Session: Wrap-Up Day #1	<i>L.D. Bradley</i>

DAY 2 - SATURDAY, MARCH 9, 2024

Time	Event/Topic	Presenter(s)
7:30am-8:30am	<i>Networking Breakfast</i>	
8:30am-9:00am	Hysteroscopic Management of Retained Products of Conception (RPOC). The New Frontier	<i>L. Alonso Pacheco</i>
9:00am-9:30am	Endometrial Resection. An Option to Treat Early Endometrial Cancer?	<i>U. Catena</i>
9:30am-10:00am	Intrauterine Adhesions. Finding the Right Track	<i>M. Hanstede</i>
10:00am-10:15am	<i>Panel Discussion (Q&A)</i>	<i>All Faculty</i>
10:15am-10:30am	<i>Break</i>	
10:30am-11:00am	The Hysteroscopic Approach of Common Mullerian Anomalies Dysmorphic Uterus	<i>G. Grimbizis</i>
11:00am-11:30am	Resectoscope and Tissue Removal System. Tailor to the Application Why We Need Both?	<i>T.L. Anderson</i>
11:30am-12:00pm	Essentials of Office Hysteroscopy. Vaginoscopy, Visually-directed Endometrial Sampling, and Removal of Intra-cavitary Pathology. What Are the limits?	<i>K.B. Isaacson/ C.A. Salazar/ TBD</i>
12:00pm-1:00pm	<i>Working Lunch - 20/20 Vision: Magnificent and Marveling Views of the Endometrial Cavity</i>	<i>A. Kumar</i>
1:00pm-1:30pm	Hysteroscopic Complications. Pre-, Intra- and Post-Operative Complications. How to Avoid and Manage Them?	<i>J.A. Sardo</i>
1:30pm-2:00pm	Isthmoecele. When is the Hysteroscopic Approach Best?	<i>R. Lasmar</i>
2:00pm-2:30pm	Tips & Tricks – Tackling the Challenging Hysteroscopy	<i>S. Bettocchi</i>
2:30pm-3:00pm	<i>Panel Discussion (Q&A)</i>	<i>All Faculty</i>
3:00pm-3:15pm	Your Job is Not Complete: Our Wish List for the Future of Hysteroscopy	<i>L.D. Bradley</i>

REGISTRATION

	Early Bird		After January 1, 2024	
Category	Member	Non-Member*	Member	Non-Member*
Practicing Physician Developed Country	\$595	\$990	\$795	\$1,190
Practicing Physician Emerging Country*	\$300	\$475	\$500	\$675
Fellows/Residents/Allied Health Professional	\$300	\$350	\$500	\$550

*Non-member category includes one year of membership in AAGL. Emerging markets listing: <https://bit.ly/3LAYmTj>

LODGING

The Westin Fort Lauderdale
400 Corporate Drive
Ft. Lauderdale, FL 33334

Rate: \$249 plus tax single/double

Note: Confirmed registrants will receive a link to book reservations once you register for the Summit. The link will be your confirmation email. We appreciate you booking your stay at the official Summit hotel.

GENERAL INFORMATION

Accreditation

The AAGL is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The AAGL designates this live activity for a maximum of 12.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Policy

It is the policy of the AAGL to ensure balance, independence, objectivity, and scientific rigor in all accredited educational activities. All planners, faculty, and reviewers participating in continuing medical education activities are required to complete a disclosure form. This disclosure information, along with the mitigation strategies employed for any relevant financial relationships disclosed, will be printed in the syllabus which is distributed to learners prior to the activity. In addition, all participating faculty are required to disclose to the audience any discussions of unlabeled/unapproved uses of drugs or devices.

Anti-Harassment Statement

AAGL encourages its members to interact with each other for the purposes of professional development and scholarly interchange so that all members may learn, network, and enjoy the company of colleagues in a professional atmosphere. Consequently, it is the policy of the AAGL to provide an environment free from all forms of discrimination, harassment, and retaliation to its members and guests at all regional

educational meetings or courses, the annual global congress (i.e., annual meeting), and AAGL-hosted social events (AAGL sponsored activities). Every individual associated with the AAGL has a duty to maintain this environment free of harassment and intimidation.

Any individual covered by this policy who believes that he or she has been subjected to such an inappropriate incident has three (3) options for reporting:

1. By email or phone to: The Executive Director, Linda Michels, at lmichels@aagl.org or (714) 503-6200.
2. By phone to (833) 995-AAGL (2245) during Regional and AAGL Annual Meetings.

All persons who witness potential harassment, discrimination, or other harmful behavior during AAGL-sponsored activities may report the incident and be proactive in helping to mitigate or avoid that harm and to alert appropriate authorities if someone is in imminent physical danger.

For more information or to view the policy please go to: <https://www.aagl.org/wp-content/uploads/2018/02/AAGL-Anti-Harassment-Policy.pdf>

SCIENTIFIC PROGRAM CHAIR

Linda D. Bradley, MD

Professor, Obstetrics, Gynecology and Reproductive Biology, Cleveland Clinic
Cleveland Clinic Lerner College of Medicine
AAGL Medical Director
Cleveland, Ohio

SCIENTIFIC PROGRAM CO-CHAIRS

Jose A. Carugno, MD

Associate Professor of Clinical Director
Minimally Invasive Gynecologic Surgery
Department of Obstetrics, Gynecology & Reproductive Sciences
University of Miami, Miller School of Medicine, MIGS Unit
Miami, Florida

Nash S. Moawad, MD, MS

Professor & Chief
Division of Minimally Invasive Gynecologic Surgery
Department of Obstetrics & Gynecology
Program Director, UF Health COEMIG
University of Florida College of Medicine
Gainesville, Florida

HONORARY CHAIR

Franklin D. Loffer, MD

Paradise Valley, Arizona

FACULTY

Ted L. Anderson, MD, PhD

Professor, Betty and Lonnie S. Burnett, Obstetrics and Gynecology
Vice Chair, Gynecology, Vanderbilt University Medical Center
Nashville, Tennessee

Stefano Bettocchi, MD, PhD

Professor, Bari Medical School
University "Aldo Moro"
Bari, Italy

Ursula Catena, MD, PhD

Division of Gynaecological Oncology
Department Woman and Child Health and Public Health
Fondazione Policlinico Universitario A. Gemelli IRCCS
Rome, Italy

Grigoris Grimbizis, MD, PhD

Professor, Head of the Department of Obstetrics and Gynecology
Aristotle University of Thessaloniki
Thessaloniki, Greece

Sergio Haimovich, MD, PhD

Director, Gynecology Department at the Laniado University Hospital
Netanya, Israel
Head of the Reproductive Surgery Unit
at the Embriogyn Clinic,
Tarragona, Spain

Miriam Hanstede, MD

Vice-Chair, Spaarne Gasthuis
Hoofddorp/Haarlem, Netherlands

Keith B. Isaacson, MD

Director of Minimally Invasive Gynecologic Surgery and Infertility
Newton Wellesley Hospital
Harvard Medical School
Newton, Massachusetts

Alka Kumar, MBBS, MS

Radhakrishna Multispecialty Hospital and IVF Centre
Bangalore, India

Richard Lasmar, MD, PhD

Professor, Department of General and Specialized Surgery
Faculty of Medicine of the Fluminense Federal University (UFF)
Rio de Janeiro, Brazil

Malcolm G. Munro, MD

Clinical Professor, Department of Obstetrics and Gynecology
David Geffen School of Medicine at UCLA in Los Angeles
Los Angeles, California

Samar Nahas, MD

University of California Riverside
Riverside, California

Luis Alonso Pacheco, MD

Centro Gutenberg
Malaga, Spain

James K. Robinson, III, MD, MS

MedStar Washington Hospital Center
Washington, District of Columbia

Christina A. Salazar, MD

Assistant Professor, Women's Health, University of Texas
at Austin, Dell Medical School
Austin, Texas

Sukhbir Sony Singh, MD

University of Ottawa
Ottawa, Ontario, Canada
