

INTERNATIONAL PEDIATRIC ASSOCIATION (IPA 2016) CONGRESS				
PRELIMINARY SCIENTIFIC PROGRAM as of February 19 th , 2016				
Date	Start	End	Session	Session Details (Title)
18/08/16	07:30	08:30	Meet the Expert 1	Electronic Medical Records: How to Provide Better Patient Care and Make The Office More Efficient Neil Cooper
18/08/16	07:30	08:30	Meet the Expert 2	Immunology for the Pediatrician Elie Haddad
18/08/16	07:30	08:30	Meet the Expert 3	Perspectives in Palliative Care Hal Siden: Palliative care in health centres; specialized teams Andrew Lynk: Perspective of palliative care away from a centre with a specialized team
18/08/16	07:30	08:30	Meet the Expert 4	What is New in Nutrition? Philip Sherman: Nutrition update (e.g. probiotics, prebiotics, etc) .
18/08/16	07:30	08:30	Meet the Expert 5	An Update: Nephrology - Hypertension /Urology - VUR Prem Puri: The Management of Vesicoureteral Reflux: Current Status Janis Dionne: Global Perspective on Pediatric Hypertension
18/08/16	08:30	10:00	Plenary 1	Child Health – Now And in The Future Richard Horton: Global Trends And Progress in Child Mortality Flavia Bustreo: “Every Woman, Every Child, every adolescent” strategy that marks the maternal and child health agenda post 2015 Zulfiqar Bhutta: Emerging challenges in child health globally: how can pediatricians contribute to change?
18/08/16	11:00	12:30	Concurrent 1	Neonatal Jaundice Vinod K. Bhutani: New measurements and prediction of neonatal hyperbilirubinemia Praveen Kumar: Prevention of Kernicterus: A Global Strategy
18/08/16	11:00	12:30	Concurrent 2	Management of Sexual Abuse Victims Martin A. Finkel: Understanding the sexual abuse of children & adolescent: the pediatricians role Sue Bennett: Sexual Abuse of Children and Adolescents: Global Perspectives
18/08/16	11:00	12:30	Concurrent 3	Pain Management in Children and Adolescents Neil Schecther: Chronic Pain: Current Thinking and Current Practice Allen Finley: Pain management: an international perspective Marsha Campbell-Yeo: Reducing Procedural Pain in Newborns– Evidence, Challenges and Implementation
18/08/16	11:00	12:30	Concurrent 4	How Large Scale Databases Can Help Improve Your Practice Prakesh Shah: Large data bases as a foundation for improving neonatal care and outcome Shane Norris: Birth cohort studies: understanding child growth and development to develop “first 1000 days” interventions Ramesh Sachdeva: Pediatric Quality Measures Program Centers of Excellence
18/08/16	11:00	12:30	Concurrent 5	Immunization - Vaccine Hesitancy Noni MacDonald: Vaccine Myths and How to Deal With Vaccine Deniers- in Public Robb Butler: Tailoring vaccine programs
18/08/16	11:00	12:30	Concurrent 6	Global Opportunity for Technology Enabled Knowledge Translation in Child Health Anthony Costello: A Child’s Encounter With Their Doctor – The Knowledge Gap Kevin Forsyth: A Paediatric Education Initiative for Global Impact Kendall Ho: Digital trends influencing “glocal” capacity building of health professionals (“glocal” = global and local) Jeffrey Burns: OPENPediatrics.org: Harnessing the Power of the Internet to Improve the Care of Children Worldwide
18/08/16	11:00	12:30	Concurrent 7	Pediatric Care – Evidence Based or Eminence Based Leslie Rourke: The Rourke Baby Record: challenges of evidence-based preventive care/health maintenance for 0 to 5 year olds Martin Stein: Developmentally Informed Pediatric Care: Streamlining the Well-Child Visit Terry Klassen: TREKK: Translating Emergency Knowledge for Kids
18/08/16	11:00	12:30	Abstract 1	Abstract platform presentation

Date	Start	End	Session	Session Details (Title)
18/08/16	14:00	15:30	Concurrent 8	Nutrition and Micronutrients Wafaie Fawzi: Micronutrients and Child Health: Current Knowledge and the Case for Research Stanley Zlotkin: Innovations on delivery; Home Fortification With Micronutrients Powders Werner Schultink: Knowledge translation
18/08/16	14:00	15:30	Concurrent 9	Telemedicine Jeffery R. Kile: "The 21st Century Office Practice: Interacting via E-mail, Skype, Chat, Smart Phone Apps and Telehealth" (Using telemedicine to support medically fragile children at home) Patrick McGrath: Delivering behavioral healthcare effectively and efficiently Saleem Sayani: How Telemedicine Partnership Help Paediatricians in Developing World
18/08/16	14:00	15:30	Concurrent 10	Critical Care for Children and Youth Niranjan "Tex" Kissoon: What advances have we made in critical care in the past decade? Andrew Argent: How should critical care be provided in resource limited settings? Peter Meaney: The importance of a cohesive system from home to definitive care in all settings.
18/08/16	14:00	15:30	Concurrent 11	Neonatology: Education Nalini Singhal: Education as the key to newborn survival Tore Laerdal: Innovations in simulation Ashok Deorari: " Smarter Approach " to newborn care education
18/08/16	14:00	15:30	Concurrent 12	Effective Parenting Jean Clinton: Infant mental health promotion Martin Stein: Combining evidence-based and anecdotal experience to enhance effective parenting in pediatric practice
18/08/16	14:00	15:30	Concurrent 13	Enhancing the Quality of Newborn and Child Healthcare Anthony Costello: The WHO vision for quality in maternal, newborn and child health Les White: Incorporating a child rights agenda into delivering quality paediatric care Mike English: Improving health service quality at scale – the role of multi-faceted interventions to support implementation of best-practice care for children and newborns in Africa Marzia Lazzarini: A systematic, participatory, action-oriented approach to quality improvement for mothers, newborns and children: Is change possible? Panel discussion: Future directions in quality improvement in Pediatric healthcare: Dr Ramesh Sachdeva (AAP), Dr Anthony Costello (WHO), Dr Leyla Namazova-Baranova (IPA)
18/08/16	14:00	15:30	Concurrent 14	Challenges in Global Child Health Devendra Gupta: Challenges of Global Child Health Surgical Needs Keith Martin: Improving pediatric outcomes in low income settings Nick Brown: MDGs and SDGs: have disadvantaged children in HICs slipped through the net?
18/08/16	14:00	15:30	Abstract 2	Abstract platform presentation
18/08/16	16:00	17:30	Plenary 2	Adverse Events: Impact on Health And The Brain Enver Hasanoğlu: Child refugee situation stemming from the Syrian civil-war (IPA Foundation presentation) Steven Miller: Brain injury in the newborn: the importance of everyday care Robert W. Block: Early Childhood Adversity, Toxic Stress and Resiliency
19/08/16	07:30	08:30	Meet the Expert 6	Medical Education: Teaching in the 21st Century Jonathan Kronick: Pediatrician Training in Canada: Today and Tomorrow Robert Armstrong: Population Health and Human Development: A Foundation for Health Professional Education
19/08/16	07:30	08:30	Meet the Expert 7	Eating Disorders in Older Children and Adolescents: Evaluation and Management Danielle Taddeo Pei Yoong Lam
19/08/16	07:30	08:30	Meet the Expert 8	Not Without a Plan: Writing Evidence-Based Self-Management Plans for Children With Asthma Francine M. Ducharme

Date	Start	End	Session	Session Details (Title)
19/08/16	07:30	08:30	Meet the Expert 9	How to be an Advocate for Children and Youth Richard Stanwick
19/08/16	07:30	08:30	Meet the Expert 10	Neonatology: Quality Improvement to prevent lung injury Shoo Lee
19/08/16	08:30	10:00	Plenary 3	The Promise of Global Adolescent Health Susan Sawyer, George Patton, Vikram Patel: The three speakers, each Commissioners for the new Lancet Commission on Adolescent Health and Wellbeing, will share the main findings of the Commission including the major health needs of adolescents across the world, the importance of addressing social determinants of adolescent health and the essential ingredients of a universal health package for adolescents.
19/08/16	11:00	12:30	Concurrent 15	Tobacco and E-Cigarettes Jonathan Klein: Electronic cigarettes: a new threat to children and youth Douglas Bettcher: Tobacco and Children: A Global Epidemic Geneviève Bois: Tobacco Products: Recent Marketing Strategies for Youth
19/08/16	11:00	12:30	Concurrent 16	Canadian Perspectives on Cerebral Palsy Darcy Fehlings: Interactive Computer Play in Cerebral Palsy - Let's PLAY Steven Miller: Is cerebral palsy a static brain lesion? New insights from brain imaging Annette Majnemer: Promoting vitality through participation in leisure for children with cerebral palsy
19/08/16	11:00	12:30	Concurrent 17	Immunization – Eradication, What's New? Jon S Abramson: Making recommendations on vaccines: marrying science and best judgment Ashley J. Birkett: Vaccines to Accelerate Malaria Elimination
19/08/16	11:00	12:30	Concurrent 18	Informatics to improve Child Health Michael Graven: Integrated Patient-Centred Health Information System Peter Allen: Belize experience: informatics for better care Prakesh Shah: Quality improvement through national neonatal collaborations
19/08/16	11:00	12:30	Concurrent 19	Patient and Parent Education Paula Duncan: Effective Strategies for Engaging Families as Partners in Pediatric Preventive Services and Health Promotion Leyla Namazova-Baranova: Using fairy tales to promote development of moral values in children Robin Catherine Williams: Engaging parents in their kids well being through early years and literacy programs
19/08/16	11:00	12:30	Concurrent 20	Pediatricians' Response to Disasters or Large Scale Violence Karen Olness: Overview: the Needs of Children in Humanitarian Emergencies David Schonfeld: Providing support to children in the aftermath of disaster Niranjan "Tex" Kissoon: planning for pandemics and disasters when resources are limited
19/08/16	11:00	12:30	Concurrent 21	Child Abuse: Prevention Strategies And Programs Robert Block: Physical Abuse And Intentional Head Trauma: Prevention Program That Works Christine Wekerle: Sexual Abuse Prevention
19/08/16	11:00	12:30	Abstract 3	Abstract platform presentation
19/08/16	14:00	15:30	Concurrent 22	Chronic Diseases in Adolescent : Issues and Transitioning Speakers and Topics TBC
19/08/16	14:00	15:30	Concurrent 23	Best Care For The Newborn Nalini Singhal: When should the umbilical cord be clamped (or stripped)? Gary Weiner: Aims for achieving safe oxygenation for the premature baby at birth
19/08/16	14:00	15:30	Concurrent 24	Male Circumcision: a Debatable Issue Yves Homsy: Pros & Cons of Doing Circumcisions Joan Robinson: From birth to old age - How many infections are prevented by circumcision?

Date	Start	End	Session	Session Details (Title)
19/08/16	14:00	15:30	Concurrent 25	Pharmaceuticals for Children - Availability, Effectiveness and Safety Stuart MacLeod: Achieving Optimal Use of Medicines for Children: A Worldwide Priority Bruce Carleton: Drug safety pharmacogenomics - research and clinical impacts Madlen Gazarian: Joint Paediatric Clinical Pharmacology International Educational Program
19/08/16	14:00	15:30	Concurrent 26	Obesity Prevention Sandra Hassink: What the Paediatricians can do Youfa Wang: Systems-oriented Global Childhood Obesity Intervention Program
19/08/16	14:00	15:30	Concurrent 27	Neurologic Care in Low Resource Settings Naila Khan: Neurodevelopmental disorders Jo Wilmshurst: Neuromuscular disorders Lionel Carmant: Epilepsy management in Haiti
19/08/16	14:00	15:30	Concurrent 28	Genetics, Genomics, Epigenetics Sébastien Jacquemont: From Genes to treatment: future perspectives in Mental health Speaker and Topic TBC
19/08/16	14:00	15:30	Abstract 4	Abstract platform presentation
19/08/16	16:00	17:30	Plenary 4	The Most Influential Articles That May Change Your Practice Lewis First, Editor, Pediatrics Noni MacDonald, Editor, Paediatric & Child Health Richard Horton, Editor, Lancet Nick Brown, Global Health Editor, Archives of Diseases of Childhood
20/08/16	07:30	08:30	Meet the Expert 11	A taste of Panama – IPA 2019 Mariana Lopez: Representatives: International Pediatric Association Congress 2019
20/08/16	07:30	08:30	Meet the Expert 12	Meet the Editor - Academic Writing Lewis First: Pediatrics
20/08/16	07:30	08:30	Meet the Expert 13	Screening for Developmental Disorders Lonnie Zwaigenbaum: Autism Spectrum Disorders Screening Lionel Carmant: Implementation of a web-based neurodevelopmental screening platform
20/08/16	07:30	08:30	Meet the Expert 14	Sickle Cell Disease: Global Impact, Progress & Challenges in Management Isaac Odame
20/08/16	07:30	08:30	Meet the Expert 15	Child maltreatment: Evaluation of whether a child has been physically abused Robert Block
20/08/16	08:30	10:00	Plenary 5	Best buy in Non Communicable Disease (NCD) Intervention Sandra Hassink: Obesity: Epidemiology and Intervention Douglas Bettcher: NCD WHO initiative David Githanga: Access to services for children and youth with NCDs in low resource settings
20/08/16	11:00	12:30	Concurrent 29	Type 1 and Type 2 Diabetes Denis Daneman: Type 1 Diabetes: an Update Elizabeth Sellers: Type 2 diabetes in Indigenous children and youth
20/08/16	11:00	12:30	Concurrent 30	Prevention of HIV Glenda Gray: HIV Vaccine Trials Network – vaccine development Kamari Alaei: "Triangular Clinic" for drug users, People living with HIV/AIDS and STIs, a community based integrated "Best Practice Model" Fatima Kakkar: Perspectives on mother-child transmission
20/08/16	11:00	12:30	Concurrent 31	Simulation in Pediatric Teaching Arielle Lévy: Teaching with Simulation: How to Improve Paediatric Team Performances Louis Halamek: State-of-the-art simulation-based training in neonatology David Grant: Simulation in developing countries
20/08/16	11:00	12:30	Concurrent 32	Autism Spectrum Disorders and Treatment Lonnie Zwaigenbaum: Challenges in Assessment Across the Lifespan James M. Perrin: Intervention
20/08/16	11:00	12:30	Concurrent 33	Hot Topics Speakers and Topics TBC

Date	Start	End	Session	Session Details (Title)
20/08/16	11:00	12:30	Concurrent 34	Best Start For Our Newest Global Citizens Dorothy Shaw: Muskoka initiative on Maternal, Newborn and Child Health Shoo Lee: Changing the paradigm for neonatal care
20/08/16	11:00	12:30	Concurrent 35	New Technologies for Better Health Peter Kim: Evolving roles for surgeons and new technologies in pediatric care Helen Nadel: PEDIATRIC PET/CT: guidelines and promises
20/08/16	11:00	12:30	Abstract 5	Abstract platform presentation
20/08/16	14:00	15:30	Concurrent 36	Effects of Environmental Changes on Health Ruth Etzel: Environmental Health; the paediatrician's responsibility Catherine Hervouet-Zeiber: Pediatric Environmental health: putting it into practice in the clinical setting Irena Buka: Pediatric Environmental health: putting it into practice in the clinical setting
20/08/16	14:00	15:30	Concurrent 37	Adolescent Health? What Pediatricians Can Do? Patricia Conrod: Brief interventions for youth at risk for substance use disorders Pierre-André Michaud: Youth friendly health care: why, how? Speaker and Topic TBC
20/08/16	14:00	15:30	Concurrent 38	Changing Face of Infectious Diseases In The World Larry Pickering: How immunizations programs are changing the types of infections Rajeshwar Dayal: Diagnosis of Tuberculosis and Drug Resistance Speaker and Topic TBC
20/08/16	14:00	15:30	Concurrent 39	Sleep Disorders and Sleep Deprivation in Children and Adolescents Reut Gruber: Sleep and common psychiatric co-morbid disorders in children Merrill Wise : Sleep Stories: Lessons from the Clinic Michel Lecendreux: Sleep and Hypersomnolence in children and adolescents.
20/08/16	14:00	15:30	Concurrent 40	Childhood Basis of Adult Diseases Michael Kobor: Experiences getting "under the skin" - epigenetic embedding of early life environments Speaker and Topic TBC
20/08/16	14:00	15:30	Concurrent 41	Parent / Patient Partners of Family-Integrated Care Keli Anderson: Building Capacity to Partner Effectively Jack Hourigan: Family-integrated care from neonatal standpoint Frank Gavin: Family-Centred Care and Authentic Partnerships: Rhetoric, Reality, and Lessons Learned
20/08/16	14:00	15:30	Abstract 6	Abstract platform presentation
20/08/16	16:00	17:30	Plenary 6	Mental Health: New Challenges James M. Perrin: Mental Health in Children and Youth Olayinka Omigbodun: Bridging the gaps in developing countries Ian Manion: Anxiety and Depression in Children and Youth: Access to Care
21/08/16	07:30	08:30	Meet the Expert 16	Detection and Treatment of Oral Health Problems Jorge Luis Castillo: Management of Dental Emergencies by the Pediatrician Robert Schroth: Early childhood caries: what every health care provider should know?
21/08/16	07:30	08:30	Meet the Expert 17	Managing Anxiety and Depression in Primary Care Ian Manion
21/08/16	07:30	08:30	Meet the Expert 18	Inflammatory Bowel Disease Kevan Jacobson
21/08/16	07:30	08:30	Meet the Expert 19	Care of the Child and Adolescent With Medical Complexity Eyal Cohen
21/08/16	07:30	08:30	Meet the Expert 20	Dermatology and Vascular Skin Malformation Miriam Weinstein: Atopic Dermatitis: Updates in Management Richard Azizkhan: Vascular malformations/haemangiomas
21/08/16	08:30	10:00	Plenary 7	Environment Shapes Future Health Ruth Etzel: Protecting Children from Hazards in the Environment Anthony Costello: Impact of Climate Changes on Child Health Bruce Lanphear: Little things matter: the impact of toxins on the developing brain

Date	Start	End	Session	Session Details (Title)
21/08/16	11:00	12:30	Concurrent 42	Mental Health and Suicide Prevention Patricia Conrod: Screening, early intervention, and shared care models for addressing mental health and addictive behaviours in the community Brian Mishara: Child and Youth Suicide Prevention Around the World: Overview and Challenges
21/08/16	11:00	12:30	Concurrent 43	Evaluation of Pediatric Practices Elizabeth Elliott: How to use surveillance data to improve practice and care Particia Parkin: TARGET Kids! an innovative collaboration between child health researchers and children's primary care doctors
21/08/16	11:00	12:30	Concurrent 44	Ebola Crisis and Emerging Infections Margaret Fisher: Dengue, Chikungunya fever, Marburgvirus. Speakers and Topics TBC
21/08/16	11:00	12:30	Concurrent 45	Social Determinants: Aboriginal / First Nations / Indigenous Health Carlos Coimbra, Jr.: Challenges for Healthy Childhood among Indigenous Peoples in Brazil Jerome Kabakyenga: Programs to address socio-economic challenges e.g. Healthy Child Uganda Speaker and Topic TBC
21/08/16	11:00	12:30	Concurrent 46	The Good and the Bad of Technology, Social Media And Other Media Guylaine Larose: Confidentiality and professional secrecy in the Internet era Christopher Fabian: Speaker and Topic TBC
21/08/16	11:00	12:30	Abstract 7	Abstract platform presentation
21/08/16	14:00	15:30	Concurrent 47	Injury Prevention and Safety Michael Höllwarth: Safe children's Community": successful projects to reduce injuries Gary Smith: Product safety and children - the wins, the losses and the future. Richard Stanwick: Injury prevention policies and programs; how to put together an advocacy campaign
21/08/16	14:00	15:30	Concurrent 48	Challenges in Oncology and Transplantation Alastair Millar: Oncology surgery and transplantation Paul Nathan: Long-term outcomes in survivors of childhood cancer
21/08/16	14:00	15:30	Concurrent 49	Growth and Development of a Pediatric Organization Errol R. Alden: AAP - Governance -Important points to consider Marie Adele Davis: CPS - Advocacy role William Keenan: IPA - Staff, Board of Directors and Executive Committee role
21/08/16	14:00	15:30	Concurrent 50	Global Child Health Research Lola Baydala: Community Based Participatory Research in First Nations Communities; a Partnership Approach to Knowledge Translation Robert Bortolussi: MicroResearch: finding a sustainable global health research training program Jerome Kabakyenga: Improving community health for children in low resource areas (Healthy Child Uganda experience)
21/08/16	14:00	15:30	Concurrent 51	From Idea to Proposal to Implementation: Resources for Building Your Community Child Health Program Donna M. Staton: Ann Behrmann: Michael Canarie: Mirzada Kurbasic: Molly Moore: Yvonne Vaucher:
21/08/16	14:00	15:30	Abstract 8	Abstract platform presentation
21/08/16	16:00	17:30	Plenary 8	Equity And Health - Reaching The Unreached Mickey Chopra: Lessons from the field: Achieving results for the poorest Aluisio Barros: Child health interventions - are we on the path to universal coverage?
22/08/16	07:30	08:30	Meet the Expert 21	Just Breathe! Mindfulness for Adolescents, Pediatricians, and Families Dzung Vo
22/08/16	07:30	08:30	Meet the Expert 22	The Coming of Age for Pediatricians Judith G. Hall

Date	Start	End	Session	Session Details (Title)
22/08/16	07:30	08:30	Meet the Expert 23	Management of Food Allergies Edmond Chan
22/08/16	07:30	08:30	Meet the Expert 24	Infectious Diseases and Microbiome Speaker and topic TBC
22/08/16	07:30	08:30	Meet the Expert 25	Cardiac Rhythm Disorders in Pediatrics Shubhayan Sanatani
22/08/16	08:30	10:00	Plenary 9	New Frontiers in Media and Communication Technologies Christopher Fabian: Large scale open sources tools for improving basic health and communication in low-infrastructure region Susannah Stern: Considering the Intersections of Media, Youth, and Health Aidan Scott: using technologies and social media to improve youth mental health and access to mental health services
22/08/16	11:00	12:30	Concurrent 52	Oral Health Robert Schroth: Oral Health in Indigenous Populations. Jorge Luis Castillo: Oral Health in Developing Countries – Global Elimination Rani Gereige: Oral Health Disparities
22/08/16	11:00	12:30	Concurrent 53	Children in Conflict and Violence Against Children Joseph Haddad: Children and War in the Middle East Susan Bissell: Violence in Childhood - a focus on solutions in the new SDG era Speaker and Topic TBC
22/08/16	11:00	12:30	Concurrent 54	Complementary Alternative Medicine Jian Yu: Pediatric Complementary Medicine in China: Inheritance and Improvement of Traditional Chinese Medicine Sunita Vohra: Pediatric Integrative Medicine: Focus on Research And Education Kathi Kemper: Pediatric Integrative Medicine: Pearls For Practice
22/08/16	11:00	12:30	Concurrent 55	
22/08/16	11:00	12:30	Concurrent 56	
22/08/16	11:00	12:30	Concurrent 57	
22/08/16	11:00	12:30	Abstract 8	Abstract platform presentation
