

5th edition
**GLOBAL
CONGRESS
ON PROSTATE
CANCER**

JUBILEE EDITION

28 - 30 June 2017
Lisbon, Portugal

Convento do Beato
<http://prosc.org>

*"Dedicated topic,
1 auditorium,
concentrating different
specialties involved
in the treatment of
prostate cancer"*

WELCOME

The Global Congress on Prostate Cancer (PROSCA) is the educational event for all prostate cancer professionals. Whether you're a seasoned urologist, a radiotherapist in his/her residency, a medical oncologist dedicated to prostate cancer or a researcher looking for new evidence, this congress is for you. The concept is simple: in three days, top experts bring you up-to-date with all new and relevant data in prostate cancer.

It is therefore that we invite you to the fifth jubilee edition, which will take place from 28 to 30 June 2017 in Lisbon, Portugal.

Reactions of experts, delegates and sponsors were unanimous:

"Great value for money...Time really spent well...Thankful to be invited...What a faculty... Completely updated on PCa in 3 days..."

DEAR COLLEAGUE,

Imagine what it would mean to you to have a **complete update on prostate cancer in just three days**. To be able to discuss all your questions with a multidisciplinary faculty and to meet colleagues from around the world. An updated, actively participated umbrella congress where you meet people in real life and can talk to the major voices in prostate cancer in an easy atmosphere.

Well, that's what you get at PROSCA.

The Global Congress on Prostate Cancer focusses on topics which are actual and controversial and which have an impact on day-to-day clinical practice. It's of interest to all specialities dealing with prostate cancer.

We will once again go in depth and beyond geographical and disciplinary boundaries, offering an exciting and fully up-to-date programme. Highlights this year: the opening lecture on neuroendocrine prostate cancer, sessions on the use of technology in daily prostate cancer management and insights into the current and future role of imaging and biomarkers.

You get the opportunity to **join discussions, participate in lively debates and meet like-minded prostate cancer management professionals.**

The multidisciplinary and internationally influential faculty brings you presentations and interactive case discussions on state-of-the-art diagnosis and treatment of patients with various stages of prostate cancer.

So let us meet in Lisbon, one of Europe's most soulful, charming and picturesque capitals. We are happy to welcome you in the historical building Convento do Beato, ideally located close to the airport of Lisbon.

We look forward to sharing some exciting days with you.

See you in Lisbon!

We want this event to be an exchange of ideas and invite everyone to share their vision with us during these days.

SCIENTIFIC PROGRAMME

DAY 1 - WEDNESDAY 28 JUNE 2017

08:00	Opening registration, exhibition & light breakfast	
09:00	Workshop on robotic surgery Chair: Markus Graefen - Kris K.U. Maes - Alex Mottrie	
11:00	Coffee break & poster viewing	
11:30	Official opening on behalf of local and global organising committee Chair: Alex Mottrie	
11:45	Opening lecture Chair: Alex Mottrie Neuroendocrine prostate cancer: what does it mean? - Himisha Beltran	
12:30	Lunch break & poster viewing	
13:30	Diagnosis of PCa: imaging and biomarkers Chair: Amit Bahl - Maria Filomena Pina	
13:30	Should MRI be performed in every patient with an elevated PSA? - Steven Joniau	
13:50	Biomarkers in 2017	
14:20	Clinical case discussions including supporting evidence Anders Bjartell - Steven Joniau - Frédéric E. Lecouvet	
15:10	Q&A	
15:30	Coffee break & poster viewing	
16:00	ISSECAM Forum GU Oncology - Prostate Cancer Chair: Silke Gillesen - Johan Stranne	
16:00	Selection of highlights from ASCO GU & ASCO - Nicolas Mottet	
16:30	Selection of highlights from EAU & AUA - Piet Ost	
17:00	Q&A	
17:20	State-of-the-art lecture Chair: Kris K.U. Maes Screening for prostate cancer: where do we stand? - Stacy Loeb	
18:00	Welcome drink	
19:00	End of day	

Please visit <http://proscala.org> for more information.  Keynote lecture  Clinical case discussions  Active debate

Meet colleagues and experts at the **welcome drink**.

When: Wednesday 28 June 2017 at 18:00

Where: Congress venue - Convento do Beato

Language

English is the official language of the PROSCA congress.
No translation will be provided.

Accreditation

European accreditation will be applied for.

SCIENTIFIC PROGRAMME

DAY 2 - THURSDAY 29 JUNE 2017

08:00	Opening registration, exhibition & light breakfast	
08:20	Welcome Chair: Alberto Bossi	
08:30	Active surveillance or active treatment for low and favourable intermediate-risk PCa Chair: Alberto Bossi - Stacy Loeb	
08:30	Mirrors of Medicine case discussion: A or B? - Alberto Bossi	
08:45	Lessons from PROTECT - Amit Bahl	
09:05	Active surveillance for Gleason 7, option or heresy? - Johan Stranne	
09:25	Q&A	
09:50	State-of-the-art lecture	
09:50	Hormone therapy beyond 2017 - Prof. Bertrand Tombal	
10:30	Coffee break & poster viewing	
11:00	Technology in PCa: state-of-the-art Chair: Nicolas Mottet - Declan Murphy	
11:00	Robotic prostatectomy: a great opportunity for quality assurance development - Alex Motttrie	
11:20	What is the role of brachytherapy in 2017? - Alberto Bossi	
11:40	Technology, dose and schedule: state-of-the-art in 2017 - Vincent Khoo	
12:00	Q&A	
12:30	Lunch break & poster viewing	
13:30	Advanced PCa Chair: Gabriela Sousa - Bertrand Tombal	
13:30	APCCC St. Gallen 2017: what's new? - Silke Gillissen	
14:00	The role of chemotherapy in 2017 - Stéphane Oudard	
14:30	AR-pathway inhibitors: where do we stand in 2017? - Karim Fizazi	
15:00	Q&A	
15:30	Coffee break & poster viewing	
16:00	Newly diagnosed N+M+ Chair: Silke Gillissen - Steven Joniau	
	Clinical case discussions including supporting evidence Amit Bahl - Karim Fizazi - Markus Graefen	
17:30	End of day	

Please visit <http://prosc.org> for more information.  Keynote lecture  Clinical case discussions  Active debate

SCIENTIFIC PROGRAMME

DAY 3 - FRIDAY 30 JUNE 2017

08:00	Opening registration, exhibition & light breakfast	
08:20	Welcome Chair: Kris K.U. Maes	
08:30	Locally advanced and oligo-metastatic disease Chair: Vincent Khoo - José Luis Passos Coelho	
08:30	Performance of whole-body MRI / PET in detecting oligo-metastatic disease - Adalgisa Guerra	
08:50	Treatment of oligo-metastatic PCa: are we chasing Pokemons? - Declan Murphy	
09:10	sEBRT for oligo-metastatic prostate cancer: targeted or loco-regional? - Piet Ost	
09:30	Q&A	
10:00	State-of-the-art lecture Chair: Maria De Santis	
	The role of bone-targeted therapies in 2017 - Luis Costa	
10:40	Coffee break & poster viewing	
11:10	Best poster session Chair: Alex Mottrie

GENERAL INFORMATION

Congress venue - Convento do Beato

The Convento do Beato is an ancient convent, ideally located in the centre of Lisbon, very close to the airport.

The history of the building dates back to the 15th century and it was classified by IPPAR (the Portuguese Institute for Architectural Heritage) as a Heritage Site of Public Interest in 1984.

Convento do Beato
Rua do Beato 48, 1950-427 Lisbon
Portugal

For all practical information regarding parking possibilities, how to get there ..., please visit the congress website <http://proscala.org/>.

Accommodation

There are several hotels in the neighbourhood of the venue, which you can book at a special rate.

Number of rooms is limited, so book your room now at <http://proscala.org/content/accommodation>.

ABSTRACT SUBMISSION

The abstract submission is available on <http://abstracts.mirrorsmed.org>

1

Submit your abstract

Submit your abstract to the Global Congress on Prostate Cancer 2017

- if you want to collaborate with other prostate cancer specialists
- if you're looking for a research grant
- if you want to reinforce your professional network
- if you just want to show your work

PROSCA will provide you with an interactive platform to share your poster and discuss your work, to get immediate feedback and to take your research to a new level.

Submission deadline: 2 May 2017 (13:00 CET)

2

Promote your work

- All accepted abstract submitters are invited to send in a digital poster (PDF).
- All digital posters will be published online and shared before the congress.
- **NEW** Add a short video presentation to point viewers on the important aspects of your work.
- **NEW** Allow other delegates to discover your poster and get in touch.
- **NEW** Share your poster to collect votes from your peers.

3

Discuss with participants

- The congress venue will be set up to accommodate discussions on your poster.
- During the congress, 3 poster winners will be announced whom will be allowed to present their work in the main auditorium.
 - The PROSCA committee will select two best posters.
 - **NEW** The audience gets a voice too. A third winner will be selected based on votes from other participants received on his/her digital poster.

4

Distribute your poster to the Mirrors of Medicine network

To maximise visibility of your work, we will share your poster with the +7.000 members of the Mirrors of Medicine community.

REGISTRATION

Don't wait to register and go to <http://proscas.org/registration>

	Early fee (until 14 May 2017)	Late fee (as of 15 May 2017)
Physician	€ 690	€ 850
Resident, student, nurse, researcher*	€ 190	€ 250
Exhibitor	€ 300	€ 400
Industry (non-exhibitor)	€ 1400	€ 1600

* You are required to provide an official proof of your status. You can email it to info@proscas.org or fax it to the congress organisers at +32 491 82 71.
