Invitation

Welcome to the 2025 Annual Congress of the Swiss Society of Senology!

In keeping with a valued tradition, this year's meeting will once again be held in conjunction with the MIBB Practical Course and the MIBB Symposium – forming a dynamic and unified event.

As we curated the scientific program, our primary aim was to foster knowledge exchange and strengthen interdisciplinary collaboration. We are delighted to welcome an outstanding faculty of leading international and Swiss experts to ensure a vibrant dialogue.

Prior to the congress, the MIBB Practical Course will take place at Kantonsspital Baden on September 17th. It will be followed the next morning by the MIBB Symposium, which will focus on key aspects of radiological assessment and minimally invasive breast procedures.

The main congress program – held over two days– will explore topics such as oligometastatic breast cancer, new insights into systemic treatments, nuanced surgical approaches, and considerations specific to patients with obesity. In addition, dedicated sessions will highlight innovation, personalized treatment strategies, and their potential to enhance quality of life.

We look forward to inspiring days of knowledge-sharing and networking!

Prof. Dr. Cornelia Leo

PD Dr. med. Simone Schiaffino

Organisation

MIBB President

Simone Schiaffino, Lugano

MIBB Co-President

Nadja Mamisch-Saupe, Zurich

SSS Congress President

Cornelia Leo, Baden

07.30 **Registration**

08.30-10.00 SESSION 3

How recent advances may improve quality of life

Chairs: Christoph Tausch, Zurich; Elisabeth A. Kappos, Basel

- 08.30-08.48 Microsurgical lymphatic reconstruction: from therapeutic to prophylactic indications
Shan Shan Qiu Shao, Maastricht (NL)
- 08.48-09.07 Patient journey: what could doctors do better in regard to QoL
Ingrid Kobler
- 09.07-09.25 De-escalation strategies in radiotherapy
Cédric Panje, St. Gallen
- 09.25-09.43 How can Integrative Medicine improve quality of life of patients under systemic therapy?
Twyla Müller, Zurich
- 09.43-10.00 A sensate breast: from Innervated flaps to nerve sparing mastectomies
Elisabeth A. Kappos, Basel

10.00-10.30 Coffee break

10.30-12.00 SESSION 4

Hot topics in systemic therapy

Chairs: Rosaria Condorelli, Bellinzona; Patrik Weder, St. Gallen

- 10.30-10.55 Targeted treatments in HR+/HER2- metastatic breast cancer
Ursina Zürcher, Winterthur
- 10.55-11.20 The impact of immunotherapy in breast cancer
Markus Vetter, Basel
- 11.20-11.45 ADCs in breast cancer: current achievements and future developments
Michael Schwitler, Chur
- 11.45-12.00 Discussion

12.00-13.30 Lunch break

12.30-13.15 **LUNCH SYMPOSIUM
BY EXACT SCIENCES**

**EXACT
SCIENCES**

12.30-13.15 Workshop Sirius & Mediconconsult

Axilla management: marker placement before neoadjuvant therapy, sentinel imaging with ICG indocyanine green

SEMINARRAUM HERTZ

13.30-15.00 SESSION 5

Innovation and treatment tailoring

Chairs: Cornelia Leo, Baden; Tatjana Vlajnic, Basel

- 13.30-13.52 Robotic Mastectomy: ready for prime time?
Antonio Toesca, Turin (IT)
- 13.52-14.14 AI application in breast pathology
Umberto Maccio, Zurich
- 14.14-14.36 Axilla revisited
Walter Weber, Basel
- 14.36-15.00 Adjuvant CDK4/6-inhibitor therapy: who benefits?
Isabell Witzel, Zurich

15.00 Farewell
