Rockhampton Nurses' Conference 2019

Two Days - Learn Locally with Ausmed

Need for Program

Engaging in CPD is essential for all health professionals to maintain, improve, and broaden their knowledge, skills, and practice. CPD assists health professionals to stay up-to-date with changes in clinical practice and emerging new evidence in order to enhance their patient outcomes. It is also a professional registration requirement. There is a need for formal CPD to be provided directly to regional Australian nurses, midwives, and other health professionals who may not otherwise be able to access engaging and effective continuing education.

Purpose of Program

The purpose of Ausmed's local nurses' conferences is to provide health professionals who work in regional Australia with current knowledge about a range of professional and clinical practice topics that will improve the provision of holistic care.

Learning Outcomes

At the conclusion of this program it is expected that the participants will be able to:

- People with health risks will receive preventative care and education to avoid illness
- Better patient outcomes will be achieved through the application of up-to-date knowledge related to specific interventions
- Interprofessional collaboration will be optimised to enhance patient outcomes
- Patient outcomes will be underpinned by evidence-based practice, recognised standards, and guidelines
