

2021 Annual Meeting Conference Rates

SER is committed to making our meeting available, especially at this time when epidemiology has such a critical role to play in the current crisis related to COVID-19 and renewed attention on the impacts of racism. We realize that many in our SER community have been financially impacted by COVID-19 and this might present an impediment to joining the meeting. Therefore, meeting registration costs have been discounted for the 2021 conference. Rates remain the same regardless of attending virtually or in person (if available).
