

Comprehensive Compounding Course

C3 | PCCA Learning Center | Houston, Texas

BEST FOR:

- Pharmacists, technicians, owners and marketers
- New PCCA members
- Pharmacy staff in need of hands-on training or those who have been compounding for a while and need updated compounding practices

CE: 20.0 hours (2.0 CEUs)

PRICE:

- \$2,495.00 USD per person

Multiple Attendee Discounts

See page 4 for details.

Our **three-day C3 training** provides industry leading training education in compounding technique, USP <795> and <800> standards, clinical topics, regulatory information and everything needed to ensure compounding compliance within your facility. This course includes interactive, online, pre-class coursework* with 20.0 hours of CE, classroom and hands-on lab time.

Why Choose Our Training?

- **Multiple, experienced compounding pharmacists lead our training course**, teaching the most relevant information.
- Learn how to use our **newest as well as our tried-and-true, innovative bases** during the lab sessions.
- **Interactive games** make C3 learning fun. And we provide plenty of **opportunities for networking** with your peers.
- **Personalize your experience** by choosing the topics you would like to learn about during your three days of training. For instance, if you want more time in the lab, the Compounding Track provides additional hands-on training. If you prefer more disease state lectures and problem-solving presentations, then the Clinical Track is for you.

Online Learning Objectives

1. Understand and learn the basic concepts of pharmaceutical calculations
2. Discuss proper use and maintenance of equipment
3. Describe dosage forms and uses within pharmaceutical compounding
4. Review USP <795>
5. Review common compounding terminology

Universal Activity Numbers (UANs)

Section 1: Introduction, Terminology, and Reference

0829-0000-17-034-H04-P/T

Section 2: Workflow, USP, Quality, and Equipment

0829-0000-17-035-H03-P/T

Section 3: Calculations 0829-0000-17-036-H04-P/T

Section 4: Dosage Forms 0829-0000-17-037-H04-P/T

Section 5: Sweeteners and Flavors 0829-0000-17-038-H04-P/T

Optional Post-C3 Course Options *Additional fees apply.*

On the **Friday following C3**, you may choose from two courses: **Innovative Compounding Techniques**, which delves into more advanced compounding dosage forms, or **Applied Marketing Principles (AMP)**, designed to help you propel your practice to new heights.

* Online, pre-class coursework must be completed prior to class to obtain certificate and CE.

How It Works

1. REGISTER on the last page and return via fax, or online at www.pccarx.com/education

2. RECEIVE YOUR CONFIRMATION AND A SEPARATE EMAIL with a link to your pre-class coursework.

3. CONNECT ONLINE to complete the content and tests with at least a 70% a week before attending C3 (to obtain CE).

4. ATTEND C3
All attendees are now on a level playing field.

5. EVALUATION TIME Within 14 days after class, log in to evaluate your class and print your CE certificate.

Agenda*

TUESDAY, DAY ONE 7:30 a.m.
