ACPM ANNUAL MEETING

September 5-7, 2025 • San Antonio, TX
San Antonio Marriott Riverwalk (889 East Market St)

Join us for the 2025 ACPM Annual Meeting! This program is a 3-day event targeted to the podiatrist seeking excellence in CME activity. We are highlighting local, regional, and nationally-recognized experts delivering lectures in specialized tracks including:

- Biomechanics & Sports Medicine
- Dermatology
- Diabetes, Vascular, and Wound Care
- Surgery

The unique thread weaved through each track is a focus on innovation and technology. Attendees will learn how AI, emergent technologies, and innovation will influence our practices in the immediate future.

With a robust agenda and networking opportunities, the ACPM Annual Meeting is designed to support professional growth and collaborative innovation in podiatric medicine.

Event Details

Date: September 5-7, 2025

Location: San Antonio Marriott Riverwalk (889 East Market Street, San Antonio, TX 78205)

Cost (prices increase by \$100 after August 8, 2025):

ACPM Fellows and Associate Members: \$300

ACPM Trainee Members: \$50

Non-members: \$550

Industry: \$1500

Credit Offered: up to 20 CECH

ABPM Diplomates can earn up to 2 MOC points for attendance.

The intended audience for this program is Doctors of Podiatric Medicine, Podiatric Medical Residents, Post-graduate Fellows, and Podiatric Medical Students.

ACPM 2025 ANNUAL MEETING ACCREDITATION AND CANCELLATION POLICY

CECH Information

To receive full educational credit (up to 20 CECH) for this event, you must attend for the duration of the program.

Learner Refund and Cancellation Policy

ACPM Fellow and Associate Member early-bird registration cost for this event is \$300. Non-ACPM member early-bird registration cost for this event is \$550. ACPM Trainee member early-bird registration cost for this event is \$50. Industry early-bird registration cost for this event is \$1500.

On August 8, all prices increase by \$100.

Cancellation Policy: Cancellations made at least 72 hours before the event will receive a refund minus a \$50 handling fee. No refunds will be issued for cancellations made less than 72 hours before the event.

Accreditation

The American College of Podiatric Medicine is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. American College of Podiatric Medicine has approved this activity for a maximum of 20 continuing education contact hours.

CE certificates will be sent within 30 days of the event, after attendance is verified and an evaluation is filled out.

This continuing education activity includes two sessions that have received commercial support in the form of unrestricted educational grants: one provided by Bako Diagnostics, and one provided by Sagis Diagnostics.

Register at www.acpmed.org!

Questions? Contact us at meetings@acpmed.org.

CONFERENCE OBJECTIVES

- Appreciate the latest innovation in the field of biomechanics
- Understand the latest innovations in surgical management of podiatric patients
- Obtain knowledge on innovations in management of patients with diabetes

INDIVIDUAL TALK OBJECTIVES

Approaching the Post-CVA Patient - Robert D. Phillips, DPM

- Describe the gait changes most likely seen in the post-stroke patient.
- Describe the most important parts of the biomechanical exam in the post-stroke patient.
- Describe principles in prescribing brace therapy for post-stroke patients.

The Truth About the Twisted Plate Theory - Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.)

- Evaluate history and evolution of the twisted plate theory.
- Review literature it was developed from.
- Critique deductions made from evidence- offer suggestions moving forward.
- Review new data.

Athletic Footwear for Optimized Patient Care (Part 1 and 2) - Karen Langone, DPM, FACPM, FAAPSM

- Attendees will be provided with information on current materials in athletic footwear and the ramifications to biomechanical function
- Attendees will be provided with information on current construction techniques in athletic footwear and the ramifications to biomechanical function
- Attendees will be provided with information on current recommendations on athletic shoe choices for patients

What Weightbearing CT Reveals About the Biomechanics of Hallux Valgus - Robert D. Phillips, DPM

- Understand the various techniques and technologies that have been developed to understand what happens when hallux valgus patients stand up.
- Understand the various angles that have been developed to assess the severity of hallux valgus deformity
- Understand the coronal plane motion of the various joints that are associated with the development of hallux valgus.

INNOVATIONS IN PODIATRY: Computer-Assisted Gait Analysis in the Amputated Foot - Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.)

- Review pathomechanics associated with specific amputations
- Examine computer assisted gait analysis data on real patient encounters
- Evaluate and reason how improvements can be made

What's New in Podiatric Dermatology? - William Scherer, DPM

- Understand difference between onychodystrophy and onychomycosis
- Learn about diagnosis and treatment of terbinafine resistance
- Attain mastery for web space infections - bacterial vs fungal infections
- Improve diagnosis and common skin cancers

Initial Evaluation and Biopsy of Acral Melanoma - Actual Case Presentations - Bryan Markinson, DPM, FACPM

- Elevate the clinical exam of pigmented lesions to better utilize the skin biopsy for diagnosis
- To increase the use of the biopsy to diagnose lesions earlier at stages that are curable

INNOVATIONS IN PODIATRY: The Evolving Role of AI in Dermatology - David M. Schweibish, DPM, MBA

- Define key concepts related to Artificial Intelligence (AI) and related technologies as they pertain to applications in general and lower extremity dermatology.
- Describe how AI, and related technologies, are developed, how they are currently used, and the potential limitations of these applications in general and lower extremity dermatology.
- Assess the general legal and ethical implications of AI and related technologies and the unique challenges healthcare practitioners face with the emergence of these applications.

Recognizing Dermatologic and Wound Presentations in People of Color: Enhancing Diagnostic Accuracy and Treatment Outcomes - Amanda Killeen, DPM, FACPM, CWSP, FFPM RCPS(Glasg)

- Identify key dermatologic conditions and wound presentations in patients with skin of color.
- Differentiate common misdiagnoses due to variations in pigmentation, inflammation, and scarring patterns
- Discuss strategies to reduce health disparities and improve outcomes for patients of color in podiatric care.

Taking a Closer Look at Webspace Infections - William Scherer, DPM

- Understand the history and role of DNA in molecular diagnostics
- Understand how DNA laboratory testing is used in consumer and medical applications
- Obtaining competence in diagnosing web space infections using DNA technology
- Improving patient outcomes with interdigital infection treatments

Hyperglycemia and Diabetes Medication Management During Acute Hospitalization: Current Practices and Novel Anti-Diabetic Agents - Kavitha Thammaneni, PharmD, BCPS

- Discuss management of diabetes medications and blood glucose in acute care settings of hospitalization, acute infection, and preoperative states in patients with diabetes.
- Discuss the role of select novel anti-diabetic agents in adult diabetes management.
- Provide a brief insight into novel agents in pipeline.

What's New in Management of the Charcot Foot - Matthew Johnson, DPM

- Enhance clinical practice in the area of Charcot foot disease

Evaluating Social Determinants of Health for Limb Preservation - Gary Rothenberg, DPM, CDCES, CWS, FACPM

- Appreciate the role that SDOH issues have in outcomes for wound care patients
- Learn the most common SDOH issues facing wound care patients
- Discover the SDOH interventions that yield the best ROI

Lower Extremity Nerve Entrapments - Sara E. Grzywa, DPM, AACFAS

- Describe the typical clinical presentations associated with common nerve entrapments
- Explain the common causes and anatomical sites of nerve compression in the lower limb.
- Discuss appropriate diagnostic tools, including physical examination maneuvers and electrodiagnostic studies.
- Outline the management strategies for each type of nerve entrapment, including conservative and surgical options

Collaborative Management of Diabetic Foot Infections: A Podiatrist-Pharmacist Approach Within the Inpatient Setting - Gary Legarda, PharmD

- Describe a pharmacist's systematic approach to reviewing and optimizing antimicrobial therapy for patients with diabetic foot infections.
- Identify common adverse effects and potential drug-drug interactions associated with frequently used antibiotics.
- Identify potential challenges and propose strategies for effective collaboration in the management of inpatient diabetic foot infections.

INNOVATIONS IN PODIATRY: Cases from the Clinic Using Innovative Wound Care Options - Matthew Johnson, DPM

- Learners will be able to identify appropriate wound types that would benefit from topical oxygen therapy
- Learners will be able to describe how topical oxygen promotes wound healing

The Diabetic Foot Awareness: Parking At The Bed - Lawrence Harkless, DPM, FACPM

- Explain heterogeneity and its impact in compliance and adherence
- Cite the economic costs of diabetic foot
- Explain the environments role in aging
- Role of patient engagement in health ecosystem
- Describe non-biologic risk factors
- Integrate a modified foot risk classification system with psycho social factors into population health (delivery systems) to improve quality and decrease cost

SDoH From the Perspective of a Vascular Surgeon - Lyssa Ochoa, MD

- Learn to recognize what SDoH are and evaluate ways to address them
- Improve patient outcomes by identifying where need is the most and targeting interventions

Pre- and Post-Operative Treatment Protocols for Lower Extremity Amputations - Evelyn Baron, PT, DPT

- Identify pre-surgical considerations to optimize operative outcomes and patient's functional status including patient education and contracture prevention.
- Identify evidence-informed post-operative rehabilitation protocols from post-surgical care through return to functional ambulation focusing on edema control and progressive loading strategies.
- Discuss orthotic and prosthetic treatments including toe fillers, and custom AFO's to improve gait mechanics

The Fact and Fiction Where Podiatry Meets Infectious Diseases - Peter Crisologo, DPM, FACPM, FFPM RCPS (Glasg).

- The attendee will improve their clinical practice based on a command of the literature for accurate diagnosis of bone infections.
- Patient outcomes will be improved by increasing adherence to evidence based management of infections in patients with foot infections.
- The attendee will obtain the knowledge of complications associated with antibiotic overuse and improve patient outcomes by ultimately reducing antibiotic related complications.

Private, Academic, and Non-Profit Partnerships to Support Education, Research, and Innovation in Management of the Diabetic Foot - Lyssa Ochoa, MD

- Understand the need for cross-sector collaboration and identify key partners to help address diabetic foot care

INNOVATIONS IN PODIATRY: The Role of AI in Diabetic Foot Management - Tyler Coye, DPM

- Evaluate the current capabilities and limitations of artificial intelligence in the detection, prognosis, and management of diabetic foot complications to enhance evidence-based clinical decision-making.
- Integrate explainable AI tools and telehealth-enabled technologies into podiatric workflows to improve efficiency, diagnostic accuracy, and patient outcomes in limb salvage care.
- Apply ethical, regulatory, and implementation strategies to ensure safe, equitable, and effective adoption of AI solutions in podiatric medicine and surgery

Minimally Invasive Surgery: Breakthrough or Bandwagon? - Vilayvanh Saysoukha, DPM, MSc, FASPS, FACPM, FACFAS

- Define minimally invasive surgery (MIS).
- Review the different types of MIS procedures.
- Discuss how minimally invasive surgery is utilized today

Perioperative Management of the Podiatric Patient - Melissa Lockwood, DPM, FASPS, FACPM

- Direct the provider to appropriate resources for peri-operative management of complex surgical patients, including diabetes, autoimmune disease, cardiovascular disease.
- Increase knowledge and appropriate use of prophylaxis for DVT/PE for the podiatric surgical patient.
- Review the science of and appropriate post operative management of wound dehiscence.

From Scalpel to Society: The Measurable Impact of Operation Footprint - Bhavesh Shah, DPM, MBA

- Enhance the understanding of the impact of Operation Footprint Globally.
- Familiarize yourself with the pathologies treated by members of Operation Footprint and the effectiveness of surgical interventions.
- Develop a basic understanding of becoming a team member of Operation Footprint.

No Room for Error: Mastering OR Sterility in Podiatry - Stephanie Campbell, DPM, AACFAS

- The learner will recognize the increasing complexity of surgical interventions and the need for stringent infection prevention
- The learner will be able to identify evidence-based strategies for the domains of infection control
- The learner will be able to apply the principles of surgical site preparation and dead space management in the clinical setting
- The learner will be able to understand the impact of interdisciplinary coordination on infection outcomes

Perioperative Evaluation, Management, and Risk Assessment of Nutritional Status in Patients Undergoing Surgery in the Lower Extremity - Savannah Santiago, DPM

- How to identify at risk patients
- How to manage at risk patients
- Important labs and clinical pearls

INNOVATIONS IN PODIATRY: The Use of Patient-Specific Instrumentation in Hallux Valgus Correction - Marque Allen, DPM, FACFAS

- Understand the current availability of PSI
- Its application to deformity correction
- The future of PSI usage

SPEAKER DISCLOSURES

- Marque Allen, DPM, FACFAS - instructor and design consultant (Treace)
- Evelyn Baron, PT, DPT - no disclosures
- Stephanie Campbell, DPM, AACFAS, FACPM - no disclosures
- Tyler Coye, DPM - no disclosures
- Peter Crisologo, DPM, FACPM, FFPM RCPS (Glasg.) - no disclosures
- Sara E. Grzywa, DPM, AACFAS - no disclosures
- Lawrence Harkless, DPM, FACPM - no disclosures
- Matthew Johnson, DPM, FACFAS - no disclosures
- Amanda Killeen, DPM, FACPM, CWSP, FFPM RCPS(Glasg) - advisory board (GMS Holdings, Caleres, Inc)
- Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.) - no disclosures
- Karen Langone, DPM, FACPM, FAAPSM - VioLab participant and clinical lead (Vionic)
- Gary Legarda, PharmD - no disclosures
- Melissa Lockwood, DPM, FASPS, FACPM - no disclosures
- Bryan Markinson, DPM - consultant (Sagis Dx)
- Lyssa Ochoa, MD - no disclosures
- Robert D. Phillips, DPM - educator and case analyst (Orpyx Medical Technologies)
- Gary Rothenberg, DPM, DPM, CDCES, CWS, FACPM - employee (Podimetrics)
- Savannah Santiago, DPM - no disclosures
- Vilayvanh Saysoukha, DPM, MS, FASPS, FACPM, AACFAS - no disclosures
- William Scherer, DPM - consultant (Bako Diagnostics)
- David M. Schweibish, DPM, MBA - clinical consultant (Bako Diagnostics), medical advisory board member (Proassurance Insurance Company of America)
- Bhavesh Shah, DPM, MBA - no disclosures
- Kavitha Thammaneni, PharmD, BCPS - no disclosures

FEATURED SPEAKERS

Marque Allen,
DPM, FACFAS

Evelyn Baron,
PT, DPT

Stephanie Campbell,
DPM, AACFAS, FACPM

Tyler Coye, DPM

Peter Crisologo, DPM,
FACPM, FFPM RCPS
(Glasg.)

Sara E. Grzywa,
DPM, AACFAS

Lawrence Harkless,
DPM, FACPM

Matthew Johnson,
DPM, FACFAS

Amanda Killeen, DPM,
FACPM, CWSP, FFPM
RCPS(Glasg)

Samantha Landau,
DPM, MPH, FFPM
RCPS (Glasg.)

Karen Langone,
DPM, FACPM,
FAAPSM

Gary Legarda,
PharmD

FEATURED SPEAKERS (continued)

Melissa Lockwood,
DPM, FASPS, FACPM

Bryan Markinson,
DPM, FACPM

Lyssa Ochoa, MD

Robert D. Phillips, DPM

Gary Rothenberg,
DPM, DPM, CDCES,
CWS, FACPM

Savannah Santiago,
DPM

Vilayvanh Saysoukha,
DPM, MS, FASPS,
FACPM, AACFAS

William Scherer, DPM

David M. Schweibish,
DPM, MBA

Bhavesh Shah,
DPM, MBA

Kavitha Thammaneni,
PharmD, BCPS

Mike Webb

PLANNING COMMITTEE, MODERATOR, AND CONTENT REVIEWER DISCLOSURES

- Gary Rothenberg, DPM, DPM, CDCES, CWS, FACPM - employee (Podimetrics)
- Rosemay Michel, DPM, FACPM - no disclosures
- Nicole Branning, DPM, MBA, MHA, FACFAS, FACPM - no disclosures
- Tyreen Heybeck, DPM, FACPM - no disclosures
- Stephanie Hook, DPM, FACPM -no disclosures
- Syeda Roshan, DPM, FACPM, FASPS, CWSP - no disclosures
- Amanda Pacia - no disclosures
- Faye Silag - no disclosures

ACPM ANNUAL MEETING

September 5-7, 2025 • San Antonio, TX
San Antonio Marriott Riverwalk (889 East Market St)

AGENDA

FRIDAY, SEPTEMBER 5, 2025 - all times are Central time (CT)

Location: Alamo Ballroom

7:00 - 8:00 am	Registration and Breakfast with Exhibits	
8:00 - 8:05 am	Welcome and Overview	Gary Rothenberg, DPM, CDCES, CWS, FACPM ACPM Vice President and Annual Meeting Conference Chair
BIOMECHANICS & SPORTS MEDICINE (4 CECH) Moderator: Syeda Roshan, DPM, FACPM, CWSP		
8:05 - 8:35 am	Approaching the Post-CVA Patient	Robert D. Phillips, DPM
8:35 - 9:05 am	The Truth About the Twisted Plate Theory <i>This presentation is sponsored by the American Board of Podiatric Medicine.</i>	Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.)
9:05 - 9:35 am	Athletic Footwear for Optimized Patient Care (Part 1) <i>This presentation is sponsored by the American Board of Podiatric Medicine.</i>	Karen Langone, DPM, FACPM, FAAPSM
9:35 - 10:05 am	COFFEE BREAK: view posters and visit exhibits	
	Oral Poster Presentation: Medical Food Doubles the Healing Rate for Diabetic Foot Ulcer: A Case Series	Eric Trathen, DPM, FACPM
10:05 - 10:35 am	Athletic Footwear for Optimized Patient Care (Part 2) <i>This talk is sponsored by the American Board of Podiatric Medicine.</i>	Karen Langone, DPM, FACPM, FAAPSM
10:35 - 11:05 am	What Weightbearing CT Reveals About the Biomechanics of Hallux Valgus	Robert D. Phillips, DPM
11:05 - 11:35 am	INNOVATIONS IN PODIATRY: Computer-Assisted Gait Analysis in the Amputated Foot <i>This talk is sponsored by the American Board of Podiatric Medicine.</i>	Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.)
11:35 am - 12:05 pm	Q&A Session	
12:05 - 12:35 pm	BREAK: lunch buffet for product theater attendees	
12:35 - 1:35 pm Non-CE lecture	Safeguarding Wealth: Asset Protection and Tax Strategies Lunch hosted by ACPM for attendees staying for lunch talk. <i>This talk is sponsored by Legally Mine.</i>	Mike Webb
1:35 - 1:45 pm	BREAK: visit exhibit hall	

DERMATOLOGY (3.5 CECH)

Moderator: Nicole Branning, DPM, MBA, MHA, FACFAS, FACPM

1:45 - 2:15 pm	What's New in Podiatric Dermatology? <i>This presentation is supported by an unrestricted educational grant from Bako Diagnostics. The content and selection of speakers are solely determined by the American College of Podiatric Medicine.</i>	William Scherer, DPM
----------------	--	----------------------

Friday, September 5 - agenda continued

2:15 - 2:45 pm	Initial Evaluation and Biopsy of Acral Melanoma - Actual Case Presentations <i>This presentation is supported by an unrestricted educational grant from Sagis Diagnostics. The content and selection of speakers are solely determined by the American College of Podiatric Medicine.</i>	Bryan Markinson, DPM, FACPM
2:45 - 3:15 pm	INNOVATIONS IN PODIATRY: The Evolving Role of AI in Dermatology	David M. Schweibish, DPM, MBA
3:15 - 3:45 pm	COFFEE BREAK: view posters and visit exhibits Oral Poster Presentation: Silent Inequities: Ethnic Disparities in Diabetes-Related Amputation Rates in Medically Underserved U.S. Regions	Hooman Mir, DPM, MSci, FAPWCA, and Yasim Zafar
3:45 - 4:15 pm	Recognizing Dermatologic and Wound Presentations in People of Color: Enhancing Diagnostic Accuracy and Treatment Outcomes	Amanda Killeen, DPM, FACPM, CWSP, FFPM RCPS(Glasg)
4:15 - 4:45 pm	Taking a Closer Look at Webspace Infections	William Scherer, DPM
4:45 - 5:15 pm	Q&A Session	
5:15 - 5:40 pm	ACPM Meeting of the Members	
5:40 - 6:40 pm	Reception	

SATURDAY, SEPTEMBER 6, 2025 - all times are Central time (CT)

Location: Alamo Ballroom

7:00 - 8:00 am	Registration and Breakfast with Exhibits	
8:00 - 8:05 am	Welcome and Overview	Gary Rothenberg, DPM, CDCES, CWS, FACPM ACPM Vice President and Annual Meeting Conference Chair
DIABETES, VASCULAR, AND WOUND CARE (Morning Session: 4 CECH) Moderator: Tara Deaver, DPM, FACPM		
8:05 - 8:35 am	Hyperglycemia and Diabetes Medication Management During Acute Hospitalization: Current Practices and Novel Anti-Diabetic Agents	Kavitha Thammaneni, PharmD, BCPS
8:35 - 9:05 am	What's New in Management of the Charcot Foot	Matthew Johnson, DPM, FACFAS
9:05 - 9:35 am	Evaluating Social Determinants of Health for Limb Preservation	Gary Rothenberg, DPM, CDCES, CWS, FACPM
9:35 - 10:05 am	COFFEE BREAK: view posters and visit exhibits Oral Poster Presentation: Time Out Before Amputation – A Novel Strategy for Limb Salvage	Syeda Roshan, DPM, FACPM, FASPS, CWSP
10:05 - 10:35 am	Lower Extremity Nerve Entrapments	Sara E. Grzywa, DPM, AACFAS
10:35 - 11:05 am	Collaborative Management of Diabetic Foot Infections: A Podiatrist-Pharmacist Approach Within the Inpatient Setting	Gary Legarda, PharmD
11:05 - 11:35 am	INNOVATIONS IN PODIATRY: Cases from the Clinic Using Innovative Wound Care Options	Matthew Johnson, DPM, FACFAS
11:35 am - 12:05 pm	Q&A Session	

12:05 - 1:30 pm	Lunch on your own
-----------------	-------------------

DIABETES, VASCULAR, AND WOUND CARE (Afternoon Session: 4.5 CECH)		
Moderator: Tyreen Heybeck, DPM, FACPM		
1:30 - 2:00 pm	The Diabetic Foot Awareness: Parking At The Bed	Lawrence Harkless, DPM, FACPM
2:00 - 2:30 pm	SDoH From the Perspective of a Vascular Surgeon	Lyssa Ochoa, MD
2:30 - 3:00 pm	Pre- and Post-Operative Treatment Protocols for Lower Extremity Amputations	Evelyn Baron, PT, DPT
3:00 - 3:30 pm	COFFEE BREAK: view posters and visit exhibits	
	Oral Poster Presentation: Use of External Fixation for Lateral Column Dislocations	Zaria St. Lawrence, DPM
3:30 - 4:00 pm	The Fact and Fiction Where Podiatry Meets Infectious Diseases	Peter Crisologo, DPM, FACPM, FFPM RCPS (Glasg).
4:00 - 4:30 pm	Private, Academic, and Non-Profit Partnerships to Support Education, Research, and Innovation in Management of the Diabetic Foot	Lyssa Ochoa, MD
4:30 - 5:00 pm	INNOVATIONS IN PODIATRY: The Role of AI in Diabetic Foot Management	Tyler Coye, DPM
5:00 - 5:20 pm	Q&A Session	
5:20 - 6:00 pm	ACPM Scholarship Competition: Foot & Ankle Gauntlet <i>Co-sponsored by the Foot & Ankle Surgery Academy.</i>	Elli Eskandari- UTRGV Peyton Seals- Scholl College Scott Atkinson - Western U
6:00 - 6:05 pm	Closing Remarks	Gary Rothenberg, DPM, CDCES, CWS, FACPM ACPM Vice President and Annual Meeting Conference Chair

SUNDAY, SEPTEMBER 7, 2025 - all times are Central time (CT)

Location: Alamo Ballroom

7:00 - 8:00 am	Registration and Breakfast with Exhibits	
8:00 - 8:05 am	Welcome and Overview	Gary Rothenberg, DPM, CDCES, CWS, FACPM ACPM Vice President and Annual Meeting Conference Chair
SURGERY (4 CECH)		
Moderator: James Sang, DPM, MBA, FACPM, FACFAS, FASPS		
8:05 - 8:35 am	Minimally Invasive Surgery: Breakthrough or Bandwagon? <i>This presentation is sponsored by the American Society of Podiatric Surgeons.</i>	Vilayvanh Saysoukha, DPM, MSc, FASPS, FACPM, FACFAS
8:35 - 9:05 am	Perioperative Management of the Podiatric Patient <i>This presentation is sponsored by the American Society of Podiatric Surgeons.</i>	Melissa Lockwood, DPM, FASPS, FACPM
9:05 - 9:35 am	From Scalpel to Society: The Measurable Impact of Operation Footprint	Bhaves Shah, DPM, MBA

9:35 - 10:05 am	COFFEE BREAK: view posters and visit exhibits	
	Oral Poster Presentation: Why Pressure Redistribution Isn't Enough for Chronic Diabetic Ulcer Management	Camellia Russell
10:05 - 10:35 am	No Room for Error: Mastering OR Sterility in Podiatry	Stephanie Campbell, DPM, AACFAS
10:35 - 11:05 am	Perioperative Evaluation, Management, and Risk Assessment of Nutritional Status in Patients Undergoing Surgery in the Lower Extremity	Savannah Santiago, DPM
11:05 - 11:35 am	INNOVATIONS IN PODIATRY: The Use of Patient-Specific Instrumentation in Hallux Valgus Correction	Marque Allen, DPM, FACFAS
11:35 am - 12:05 pm	Q&A Session	
12:05 - 12:10 pm	Closing Remarks / Adjourn	Gary Rothenberg, DPM, CDCES, CWS, FACPM <i>ACPM Vice President and Annual Meeting Conference Chair</i>

ACPM ANNUAL MEETING

September 5-7, 2025 • San Antonio, TX
San Antonio Marriott Riverwalk (889 East Market St)

PLANNING COMMITTEE (moderators, planners, content reviewers/education committee)

Gary Rothenberg, DPM, CDCES, CWS, FACPM

ACPM Vice President & Annual Meeting Chair

Clinical Associate Professor of Surgery and Internal Medicine,
University of Michigan School of Medicine
Director, Medical Affairs, Podimetrics

Rosemay Michel, DPM, FACPM, FFPM RCPS(Glasg.)

ACPM President

Podiatrist, Fayetteville VA Health Care Center
Clinical Associate Professor, University of Texas at Rio Grande Valley

Nicole Branning, DPM, MBA, MHA, FACFAS, FACPM

Associate Program Director
Geisinger Community Medical Center, Scranton, PA
Site Director, Podiatry

Tara Deaver, DPM, FACPM

Assistant Professor, Department of Family and Community Medicine
Certified Wound Specialist Physician
Texas Tech University Health Sciences Center

Christopher Girgis, DPM, CWSP, FACPM

Clinical Assistant Professor, Surgery and Vascular Surgery
Clinical Assistant Professor, Internal Medicine
University of Michigan Medical School

Tyreen Heybeck, DPM, FACPM

Department Chair of Podiatric Medicine, Surgery and Biomechanics
Assistant Professor of Medicine
University of Texas at Rio Grande Valley

Stephanie Hook, DPM, FASPS, FACPM, FFPM RCPS (Glasg.)

Executive Director
American Board of Podiatric Medicine

Michael Nirenberg, DPM

Forensic & Clinical Podiatrist
Friendly Foot Care, PC

Syeda Roshan, DPM, FACPM, FASPS, CSWP

Podiatric Physician & Surgeon
Muslim Community Health Center

James Sang, DPM, MBA, FACPM, FACFAS, FASPS

Chief of Podiatry
VA Boston Healthcare System

Nishit Vora, DPM, MPH, FACPM, AACFAS, FASPS, FAPWCA

Board Certified, Fellowship Trained, Foot and Ankle Surgeon
The Center for Foot Surgery, Plantation, FL

FACULTY

Marque Allen, DPM, FACFAS

Fellowship Director
Sports Medicine Associates of San Antonio

Evelyn Baron, PT, DPT

Doctor of Physical Therapy
University Health

Stephanie Campbell, DPM, AACFAS, FACPM

Assistant Professor, Clinical Faculty
University of Texas Rio Grande Valley School of Podiatric Medicine

Tyler Coye, DPM

Assistant Professor of Surgery
Division of Vascular Surgery and Endovascular Therapy
Baylor College of Medicine

Peter Crisologo, DPM, FACPM, FFPM RCPS (Glasg.)

Medical Director, Diabetic Limb Salvage,
Parkland Hospital
Director, Diabetic Limb Salvage Fellowship
Associate Medical Informatics Officer for
Surgery, Parkland Hospital
Assistant Professor, Department of Plastic Surgery
Department of Internal Medicine, Division of Infectious Diseases and
Geographic Medicine
The University of Texas Southwestern Medical Center

Sara E. Grzywa, DPM, AACFAS

Next Step Foot & Ankle Clinic
Fellowship trained in Forefoot and Rearfoot/Ankle Reconstructive Surgery

Lawrence Harkless, DPM, FACPM

Professor Emeritus, UTRGV School of Podiatric Medicine
Founding Dean Emeritus and Professor Emeritus, Western University of
Health Sciences College of Podiatric Medicine
Adjunct Professor, Department of Orthopedics
UT Health San Antonio Long School of Medicine

Matthew Johnson, DPM, FACFAS

Assistant Professor
Department of Plastic Surgery
University of Texas Southwestern Medical Center

Amanda Killeen, DPM, FACPM, CWSP, FFPM RCPS(Glasg.)

Assistant Professor
University of Texas Rio Grande Valley

Samantha Landau, DPM, MPH, FFPM RCPS (Glasg.)

Assistant Professor of Orthopedics & Pediatrics
New York College of Podiatric Medicine at Touro University

FACULTY (cont.)

Karen Langone, DPM, FACPM, FAAPSM

Immediate Past President, American Association for Women Podiatrists
Past President, American Academy of Podiatric Sports Medicine
Distinguished Fellow, National Academy of Practitioners

Gary Legarda, PharmD

Surgical Services Clinical Services
University Health System University Hospital San Antonio

Melissa Lockwood, DPM, FASPS, FACPM

Founder and Owner
Heartland Foot and Ankle Associates

Bryan Markinson, DPM, FACPM

Associate Professor, Orthopedic Surgery, Icahn School of Medicine at Mount Sinai
Team Member Skin Cancer and Melanoma Unit, Tisch Cancer Center, Icahn School of Medicine at Mount Sinai

Lyssa Ochoa, MD

CEO and Founder of the SAVE Clinic
Medical Director of Mission Surgery Center
Adjunct Faculty at University of Incarnate Word School of Medicine
Adjunct Faculty, UTRGV School of Podiatric Medicine

Robert D. Phillips, DPM

Volunteer Lecturer - U.S. Department of Veterans Affairs
Associate Editor for Biomechanics - Journal of the American Podiatric Medical Association

Savannah Santiago, DPM

PGY-2 Ascension St. Vincent Indianapolis
Author Sole Purpose for ePresent Podiatry

Vilayvanh Saysoukha, DPM, MS, FASPS, FACPM, AACFA

CEO & Founder
Premier Foot & Ankle Centers of Tennessee
Education Chair, American Society of Podiatric Surgeons

William Scherer, DPM

Consultant
Bako Diagnostics

David M. Schweibish, DPM, MBA

President, Florida Podiatric Medical Association
Clinical Consultant, BakoDx
Medical Advisory Board Member, Proassurance Insurance Company of America (PICA)

Bhavesh Shah, DPM, MBA

Co-director, Operation Footprint
Director, Surgical Brigade, India
Director, Complex Foot & Ankle Reconstruction Lecture Series (CFAR)
Conference Chair, Pediatric Foot & Ankle Conference (PFAC)

Kavitha Thammaneni, PharmD, BCPS

Clinical Pharmacy Specialist - 1
University Hospital San Antonio

Mike Webb

Presenter
Legally Mine, Inc.
