

28th

ANNUAL CONFERENCE OF INDIAN SOCIETY OF CRITICAL CARE MEDICINE

CRITICARE 2022 - AHMEDABAD

16th - 20th FEBRUARY 2022

NEW NORMAL
NEW FRONTIERS
NEW DIRECTION

INVITATION

Namaste from Ahmedabad!!

It gives me immense pleasure to invite you to the 28th Annual Conference of Indian Society of Critical Care Medicine, CRITICARE 2022 to be held from 16th to 20th February 2022 at Mahatma Mandir Convention Centre, Ahmedabad.

This annual conference is being hosted by Indian Society of Critical Care Medicine and it will be a meeting place for researchers, professors and young doctors in Intensive Care across the globe to exchange their knowledge and to voice their innovations to the world. Topics will be revisiting the clinical practices, new technologies and drugs, as well as – and very importantly – the current initiatives to deal with new normal- the pandemic and post pandemic scenario of critical care.

The conference city, Ahmedabad located on the banks of the Sabarmati river, is a rapidly growing metropolis, an industrial hub, an educational hotspot, and one of the most important cities in India. The city is full of history and heritage is a mix of magnificent temples, striking mosques, interesting museums, picturesque lakes, calming river-front, and bits of Gandhi's heritage.

While we were all set to host the CritiCare 2021 in Ahmedabad. However, due to the unprecedented spread of Covid-19, we decided to postpone the conference for the year 2022. Although pandemic is still casting its shadows but slowly life is bouncing back, It is a new normal, pandemic has opened new frontiers, everyone is looking for new directions, henceforth we are ready to bring back the Criticalcare community under one roof for 5 days of information parting, lots of discussions and fun in February 2022.

Dr. Deepak Govil | President, ISCCM | Organizing Chairman, CRITICARE 2022

Dear Colleagues & Co-warriors

As Organising Secretary, I extend my heartiest welcome to the 28th Annual Conference of the Indian Society of Critical Care Medicine "Criticare 2022" which is due to be held from 16th to 20th February 2022 in the vibrant and progressive city of Ahmedabad.

COVID-19 has wreaked havoc the world over and has proven to be a major game changer in the year 2020 and have in many ways tested human survival skill and adaptability to its extreme limit. We take this opportunity to congratulate all members of the Critical Care community, who unflinchingly rose to the challenge, mindless of the immediate peril to their lives and in true spirit of their profession lead the battle against the virus from the front. We bow in deepest condolence for all my colleagues the World over, who succumbed to the virus in line of their job.

Criticare 2022 promises to be back with an extra bang steering into new directions and seeking new frontiers. This year we aim to make the conference a unique all - inclusive experience with special emphasis on the "Physital" interaction. It would also intend to reach out to the allied health care workers and interested members of general public.

We hope that our esteemed delegates & Faculty, utilize the opportunity optimally to share their experiences in the field, stress upon safety measures and guidelines and showcase researches involving newer trends, innovative technology, and the latest in line of drug molecules in critical care practice. The personal interaction after many months of rigid social restrictive measure should keep the spirit of the conference alive.

I sincerely expect all of you to have an academically enriching and memorable experience and hope that despite the odds of a truant virus and its many variants still at large, we as a community will come together and make Criticare - 2022 a grand success.

Dr. Arindam Kar | General Secretary, ISCCM | Organizing Secretary, CRITICARE 2022

President elect message for Criticare 2022,

Welcome one and all to my home – Ahmedabad! Brace yourself for an exciting scientific extravaganza in critical care medicine during Criticare 2022.

As I embark upon new responsibilities as the President elect of ISCCM and as the scientific committee chairperson of the conference, I wish to assure you a novel program, promoting quality research and focusing on recent outstanding achievements and innovations in the field. The program will be unique with international exchange of views and experiences, along with inclusiveness of all ISCCM members. The program will be filled with numerous enlightening interactive sessions, and discoveries and major milestones, for the doctors as well as the allied professionals in critical care medicine.

I am confident that your presence will contribute to the vibrancy of the conference and enrich discussions. I look forward to welcome you to make this innovative event a great success.

Dr. Rajesh Chandra Mishra | President Elect, ISCCM
Chairman Scientific Committee, CRITICARE 2022
