PROGRAM OVERVIEW

The **15th Annual Caribbean Dermatology Symposium**, being held **January 26-30, 2016**, at the Westin Grand Cayman, features an educational program with internationally-known faculty who will provide the latest updates in medical dermatology and the diagnosis and treatment of various dermatologic conditions. Join us on Grand Cayman for four days of cutting-edge education in managing diseases of the skin. Take the opportunity to network with faculty and peers as well as learn about complicated and common problems seen in practice. You'll gain insight and knowledge that will be immediately useful in the care of your patients. We look forward to seeing you in January.

Register by November 30, 2015 and save \$25 off the regular registration fee.

TARGET AUDIENCE

**Dermatologists • Dermatology Residents
Family Practitioners • Internists • Physician Assistants
Nurse Practitioners • Nurses
and other Healthcare Professionals**

LEARNING OBJECTIVES

At the conclusion of this live activity, participants should be better able to:

- Apply the most current treatments for common skin diseases
- Identify potential adverse effects and levels of efficacy of newer dermatologic treatments
- Explain the role of available biologics agents in treating psoriasis and how to incorporate them into practice
- Incorporate new approaches for managing acne, rosacea, contact dermatitis and eczema
- Discuss new approaches in the treatment of melanoma and other skin cancers
- Analyze new and emerging treatments for the management of tinea and onychomycosis
- Manage common and difficult skin diseases and gain insight from leading dermatologists
- Discuss approaches to treating dermatologic conditions in the pediatric patient
- Assess the role of dermoscopy in diagnosis and detection of skin cancers
- Compare treatment options for hyperhidrosis
