

GOSH Practical Paediatric Neuroimaging Course

This course will appeal to all radiologists (consultants and trainees), radiographers and clinicians interested in paediatric neuroimaging.

The content covers the breadth of day to day paediatric neuroradiology practice and aims to equip the practitioner with key image interpretation skills, focussing on diagnostic pearls and pitfalls one commonly encounters in paediatrics.

This meeting is endorsed by
ESNR European Society of Neuroradiology

For further details visit www.ichevents.com
or contact the ICH Events Office,
telephone: +44 (0)20 7905 2699, email ich.events@ucl.ac.uk

Guest Speaker:

■ Professor Andrea Rossi

Chief of the Neuroradiology Department
G. Gaslini Children's Research Hospital, Genoa, Italy

The lecturers on the course are all Consultant Neuroradiologists at Great Ormond Street Hospital for Children NHS Foundation Trust.

Course Director:

- Dr Kshitij Mankad, Consultant Paediatric Neuroradiologist, Great Ormond Street Hospital, London

Fees:

Early bird fee: £165 (until 30/09/18)

Standard fee: £245 (after 30/09/18)

This course provides 6 CPD credits in accordance
with the CPD Scheme of the Royal College of Radiologists

GOSH Practical Paediatric Neuroimaging Course

Programme

08:15 – 09:00	Registration
09:00 – 09:30	Paediatric Neuroimaging: Pearls and Pitfalls K. Mankad
09:30 – 10:00	Leukodystrophies: my approach A. Rossi
10:00 – 10:30	Emergencies: Stroke, Thrombosis & Hydrocephalus K. Chong
10:30 – 11:00	<i>Coffee break</i>
11:00 – 11:30	Practical radiogenomics in Neuro-oncology F. D'Arco
11:30 – 12:00	Epilepsy: The role of Neuroimaging K. Chong
12:00 – 12:30	Neuroimaging of the ataxic child A. Rossi
12:30 – 13:30	<i>Lunch</i>
13:30 – 14:00	Neonatal metabolic disorders A. Siddiqui
14:00 – 14:30	Neuroinfection & Neuroinflammation F. D'Arco
14:30 – 15:00	Craniospinal ultrasound: What is essential S. Shelmerdine
15:00 – 15:30	<i>Coffee break</i>
15:30 – 15:45	Optimising Paediatric MR neuroimaging – tips & tricks J. Cooper
15:45 – 16:15	Cystic masses of the neck F. D'Arco
16:15 – 16:45	Interactive cases from GOSH archives K. Mankad
16:45	Close
