09h00-09h40	Keynote <i>Prilli Stevens</i> Norma N Gill Memorial Lecture Acknowledging the old and embracing the new... A review of fifty years of diversity and change.				
09h40-10h20	Keynote <i>Prof. Robert Baigrie</i> , Professor of Colorectal Surgery – UCT & Private, South Africa Advances in the Management of Colorectal Cancers				
10h20-10h30	Q & A				
10h30 - 11h30	REFRESHMENT BREAK – EXHIBITION HALL				
	AUDI 2	Breakaway 1	Breakaway 2		
	Session Chair: Prilli Stevens	Session Chair: Carmen George	Session Chair:		
	Keynote: <i>Prof. Adriano Duse</i> , Head of Clinical Microbiology and Infectious Diseases, WITS University – South Africa) The Ebola Outbreak (50)	Stoma Related Complications & Challenges Abstracts: (82) Riva Ziperstein –I Want To Know & I Don't Want To Know: Creating Atmosphere	Improving Patient Outcomes: Nurse Led Projects Abstracts: (21)Lisa Hall – Collaborative Working Between Stoma		

	(136) Wendy Osbourne Stipulating Quality for our Patients- Working Together To Set The Standards & The Bench Marks (10) Invited Speaker <i>Susan Stelton</i>, WCET President Wound Care In Disaster Situations: The Haiti Experience (15) (169) Yuko Omura Countermeasures Against Natural Disasters By Japanese SSCR (10) Invited Speaker <i>Dr. Linda Benskin</i>, Registered Nurse – Ghana The Quest for a Sustainable Wound Management Solution for Rural Areas of Tropical Developing Countries (15) Q & A (5)	For Compliance (151) Ayiaye Karadaay- The Effect Of Stoma Site Marking On Stomal and Peristomal Complications: A Multicenter Prospective Study (179) Paulo Alves – Stoma Complications & Q of L of Patients: Cross Sectional Study (56) Laurent Chabal – How A Transdisciplinary Approach Can Help in The Management Of High Output Ostomies/Fistulae & Short Gut Syndrome (168) Sercan Karadag Management of Complicated Wound Secondry to Retracted Stoma. PANEL DISCUSSION:	Nurses in the Acute and Community Setting (57) Aihua Chen - Effect of Out of Hospital health Guidance in Improving the Q of L of patients having undergone Colostomy (141) Grace Wanyoike – Making A Case For Nurse Led Wound Care Clinic at Kenyatta National Hospital (215) Xiaorong Huo A Mobile Internet App. To enhance Accessibility to ET Nurses in China. (218) Kirsten Lerum Indrebo A Non-randomized Controlled Study Investigating The Effects Of Routine Outcome Monitoring With A Clinical Feedback System On The Adjustment To Life With An Ostomy: A Study Protocol PANEL DISCUSSION:		
13h15 - 14h30					
	AUDI 2	Breakaway 1	Breakaway 2	Breakaway 3	
	Session Chairs: Louise Forest-Lalande	Session Chair: Jo Hoeflok	Session Chair: Dennis Hibbert		
	Burns & Trauma in Paediatrics Invited Speaker: <i>Dr. Andre Loubser</i>, Chris Barnard Memorial Hospital) Overview on Burns (20) Invited Speaker: <i>Dr. Roux Martinez</i>, Red Cross Children's Hospital) Toxic Syndrome in Burns (20)	Colorectal Cancers Invited Speaker: <i>Prof. Paul Goldberg</i>, Prof. Colorectal Surgery UCT South Africa) "Diamonds in the Dust" HNPCC – Herediatry Non-Polypotic Colon Cancer (25)	Wound Ostomy Continence Education Around the World Invited Speaker: Vera Santos Update on WCET ETNEP & REP Programmes (15) Abstracts: (201) Prof. T. Madiba – The Challenges of Stoma Care In Africa (10)	Invited Speakers: Karen Zulkowski , WCET Journal editor & Greg Paull, WCET Publisher Writers Workshop	

	Invited Speaker: <i>Prof. Sebastian Van As</i>, Red Cross Children's Hospital) Trauma In Paediatrics. (40) Abstracts: (19) Carol Stott - Special Considerations with Neonatal Stomaltherapy Nursing (10) (170) Judith & John White –The Psychological Impact of Surgery On Paediatric Ostomy Patients & The Need For Continued Aftercare For Children & Their Families (10)	Invited Speaker: <i>Ursula Algar:</i> A Case Study on a HNPPC Child (20) Invited Speaker: <i>Dr. Emile Coetzee</i>, Colorectal Surgeon Negotiating the Mine Field of Colorectal surgery (25) Abstracts: (117) Rebecca Foot-Connolly - Challenging the Norms of Stoma Formation (10) (112)Antoinette McTigue-Stoma Bridges & Their Effect On Patient Outcomes (10) (26) Dr. Selda Karaveli –The effect of Pre operative site marking on Q of L & Incidence of early Stoma Complications. (10) Q & A	(69) Elizabeth English – Kenya Is Awakening (10) (30) Jo Sica – The Romanian Ostomy Patients Support Foundation (10) (220)Mariam Mohd Nasir – Enterostomaltherapy Nursing in Malaysia: Our Journey & Direction (10) (66) Jane Ndungu – Initiation of WOC Services in Kenyatta National Hospital (10) (77) Xiaorong Huo – The Investigation of ETNEP Training & Development in Jiangsu Province, China (10) (44) Marie Sten – Project Ilco Sweden Ostomy Association – Ilco Zimbabwe Trust (10) (102) Dr. M.A De Paula - Enterostomaltherapy In Brazil – 25 years of History (10) (223)Mariam Mohd Nasir Collaboration Between WCET; CAET and ET Departemnt at UMMC – KL Malaysia (10)		
16h15 - 16h45	REFRESHMENT BREAK – EXHIBITION HALL				
16h45 - 18h00	Industry Symposium - CONVATEC				
19h00 - 23h00	Free Evening/Industry Functions				

06h30 -	Registration and Help Desk				
07h00 - 08h15	Breakfast Industry Symposium BBraun				
08h30 – 10H15	AUDI 2	Breakaway 1	Breakaway 2	Breakaway 3	
	Session Chair: Karen Zulkowski	Session Chair:	Session Chair: Elizabeth Ayello	Session Chair:	
	Keynote Speaker: <i>Jo Hoeflok, ET Nurse – Canada</i> Considering Prevention in Peristomal Skin Care (30) Abstracts: (129) Chen Jie – Status Survey of Children’s Stoma Skin Damage in China and Determine of Influencing Factors about Skin Damage (10) (79) Eva Carlsson – Stoma Related Complications & Stoma Height One Year After Surgery (10 Mins) Keynote Speaker: <i>Prof. Larry Purnell</i> (Creator of the Purnell Model for Cultural Competence – USA) Addressing the Issues of Cultural Competency (30) Abstracts: (190) I Wijaya – Balinese Nurses Spirituality And Beliefs – A Support System in Stoma Care (10) (124) Widasari Sri Gitarja Palliative Stoma Care Management: Spreading the Moslem Fatwa (10) Q & A (5)	Managing Infection in the 21st C. Keynote Speaker: <i>Prof. Adriano Duse</i> The Problems with Antibiotic Stewardship in the 21st Century (20mins) Invited Speaker: <i>Helen Loudon</i> Clostridium Difficile: a silent & deadly threat! (30mins) Invited Speaker: TBC Faecal Microbiota Transplantation (20mins) Abstracts: (228) Maddie White – Necrotising Fasciitis Flesh Eating Bugs - SciFi Or a Reason Why? (10) (127) Deidre Widdall – Symmetrical Peripheral Gangrene: A Rare Phenomenon. (10) Q & A (10)	Continence Care: Invited Speaker: <i>Dr. Gary Groenewald – Obstetrician & Gynaecologist</i> Female Urinary Stress Incontinence. (30) Abstracts: (196) Mr. Lelik Adiyanto – Efficacy of 3 Steps of Hypnosis to Control Bedwetting: A Case Study (10) (113) Dr. Gisele Azevedo – Development & Validation of an Assessment Tool to CIC Catheters By The User (10) (111) Sandra Guerrero – Gamboa Incontinent Teenage Girls: An Ugly Duckling Who Dreams of Being a Swan (10) (123) Widasari Sri Gitarja Traditional Massage & Vaginal Spa Treatment for Manage Continence Problems in Adult Women: A Case Series (10) (153) Hamka Hamka Taking The Benefit Of Haemodynamic Effect of Muscle Pump on Elderly With Over Active Bladder & Nocturia (10) Q & A (10)	Wound Care: IIWCC Keynote Speaker: <i>Hiske Smart & Invited Speaker Dr. Gary Sibbald & The Students from the International Interdisciplinary Wound Care Course:</i> The IIWCC – Global Outcomes (181) Knowledge Transfer from Africa	

10h15 - 11h15	REFRESHMENT BREAK – EXHIBITION HALL & Poster Session - 45 minute Oral Poster Presentations				
	AUDI 2	Breakaway 1	Breakaway 2	Breakaway 3	
11h15 – 13h00	Session Chair:	Session Chair: Ursula Algar	Session Chair:	Session Chair:	
	Keynote Speaker: <i>Hiske Smart</i> (Registered Nurse – Wound Care Specialist - Bahrain) Initiating Change in Environments Resistant to change (30 mins) Invited Speaker: <i>Dr. Keryln Carville</i> Pressure Ulcers: The Risk Factors Contributing to Pressure Ulcers After Surgery (30) Abstracts: (177) Sandra Marina Gonsalves Analysis of Pressure Ulcer Prevalence In A Public Hospital (10) (183) Ticiane Camparilli Incidence of Pressure Ulcers & Skin Tears in A Cardiopneumologic Intensive Care unit. (10) (202) Kelly Strazzieri Pulido - Pressure Ulcer Incidence In Intensive Care Unit (10) (135) Saldy Yusuf – Development National Consensus Document of Wound Care Clinic Standard: Delphi Study (10)	Invited Speaker: <i>Anna- Lena Du Toit</i> (Dietician:Groote Schuur Hospital) Enteroclysis (20) Invited Speaker: <i>Dr. Adam Boutall</i>, Colorectal Surgeon GSH & UCT Private Intestinal Failure (20) Invited Speaker: <i>Dr. Carla Freeman – (Psychiatrist – UCT)</i> The Psycho –Social Impact on Patients with Intestinal Failure (20) Abstracts: (115) Margie Reid – Refeeding A Complex Fistula: My First Time! (10) Invited Speaker: <i>Dr. David Epstein</i> Advances in the Management of IBD. (20) Invited Speaker: <i>Nicci Ohlson</i> Case Study: Pyoderma - an Adverse Consequence (10) Q & A (5)	Faecal Incontinence Invited Speaker: <i>Dr. Claire Warden</i> (Groote Schuur Hospital) • Update on Faecal Incontinence • Sacral Nerve Stimulation (30) <i>Dawn Dennis</i> Biofeedback (20) <i>Claudine Jardine</i> (20) Abstracts: (14) Sithabiso Cotton Faecal Incontinence in a Healthy Young Man – What Sort of Investigations? (10) (166) Vicki Patton - Faecal Incontinence In Primiparous Women Who Sustained an Anal Sphincter Injury & Subsequent Primary Anal Sphincter Repair (10) (221) Mariam Mohd Nasir- Continence Care: Way Forward (10) Q & A (5)	Invited Speaker: <i>Dee Waugh</i> Stomalthapist Private Practice Cape Town The Nursing Role Managing Satisfactory Elimination After Low Anterior Resection (20) Invited Speaker: <i>Monica Franck</i> Stomalthapist Private Practice Cape Town The Value of Low Volume Washouts (15) Abstracts: (156) Martin Ghislaine – Colostomy Irrigation In 2015 & Future Perspectives (10) (32) Yanhua Xu –A Qualitative Study On Living Quality of Patients With Rectal Carcinoma & Permanent Colostomy. (10) (180) Paulo Alves –Capacity & Functional Dependence of People With Intestinal Elimination Stomas (10) (154) Elaine Swan Collaborative Working To Improve Stoma Care Follow Up For Ostomates. (10) (160) Maria Reinwalds - Patients Experience of Reversal of A Temporary Loop Ileostomy After Rectal Cancer Treatment (10)	

				(185) Jun E Zhang Psychometric Evaluation Of The Stoma Q of L In Chinese Cancer Patients With Colostomies. (10) Q & A (5)	
13h00 - 14h00	LUNCH – EXHIBITION HALL				EDCUATION MEETING
	AUDI 2	Breakaway 1	Breakaway 2	Breakaway 3	
	Session Chair:	Session Chair:	Session Chair:	Session Chair: Jo Sica	
	Sexuality & Body Image: Invited Speaker: Prof. Frank Graewe (Plastic & Reconstructive Surgeon: Tygerberg Hospital) Traditional Circumcision & Penile Transplants (40) Abstracts: (64) Kevin Hayles - Addressing Body Image In A Trans Gender Male With An Extensive Mental Health History Including Chimerism(10) (37) Susan Peckham- Body Image & Intimacy Are Patients Informed?(10) Q & A (5) Wound Care Invited Speaker: Linda Benskin Spreading The Revolutionary Message of Modern Wound Management Priciples: Facilitating Change Among Surgeons in the Developing World. (25)	WCET International Ostomy Guidelines: Invited Speakers: Dr. Karen Zulkowski & Dr. Elizabeth Ayello Focus on the WCET International Ostomy Guideline: Peristomal Skin Issues (30) Abstracts: (165) Arum Ratna Pratiwi –Using Zinc Cream To Heal Macerated Peri wound Skin: Case Studies (10) (68) Dr. Selda Karaveli –From the Students Perspective Understanding Stoma (10) Invited Speaker: Dr. James Elliott Diabetic foot epidemiology and health system policies (30) (42) Michele Burdett-Taylor Indigenous Circumpolar Foot & Wound Health (10) (140) Saldy Yusuf Interaction Between Diabetic Foot Ulcers & Foot Wear In Indonesia (10)	Case Studies/ Stories from the bedside: Abstracts: (34) Sarah Ashworth -Does My Bum Look Big In This (10) (137) Anneke Bowley - Fatty Liver Disease; An End To The Circle of Life (10) (71) Breege O’ Neill -How Do We Bag This: Management & Challenges of a Large Fungating Abdominal Wall Tumour (10) (80) Keith Cutting –Silicone Technology in Stoma Care: Five Patients Qualitative Views on Performance Outcomes (10) (88) Marija Hegedu –Distresses of Parents of a Child With A Stoma (10) Pain Management in Wounds Invited Speaker: Dr. Linda Benskin Pain Assesment & Management for Nurses: Beyond the WHO Analgesic Ladder (60mins)	Keynote Speaker: Jo Hoeflok – The Importance of R & D & Collaboration with Industry. Abstracts: (212) Dr. Gregory Weir –The Use of A Surgical Incision Management System on Vascular Surgery Incisions: A Pilot Study (67) Gill Hopkins –Shhh Can you Keep a Secret? Evaluating Product Devlopments Within The Coloplast Ostomy Forum. (155) Anne Van Der Drift International Ostomy Patient Survey on a New Mechanical 2 Piece Applicance with a Specific Guiding System (199) Jiri Fronek –Successful Use of Flexima 3s Coupling System In Case of Multi Visceral Transplantation (48) Rita Forkosh Renewall Benefits (28) Pamela White –You Said We Did.	

	Abstracts: (175) Dr. Paulo Alves –Wound Prevalence & Characteristics (10) (104) Ikram Bauk -Neck Abscess Management Using Garlic Ointment & Zinc Cream As Primary Dressing in a Remote Area in Indonesia (10) (132) I Made Sukuma Wijaya The Role of Foot Care in Diabetic Foot Ulcer Prevention: A Scoping Review (10)	(43) Michele Burdett –Taylor University of Alaska, Foot, Nail and Wound Curriculum Initiative (10) (188) Saldy Yusuf Identification Clinical Features Diabetic Foot Ulcers Using Non Contact Thermography Based on Mobile Phone: A Case Series (10)	Abstracts: (178) Paulo Alves Pain is Present in Pressure Ulcers (10)		
16h00 –16h30	REFRESHMENT BREAK – EXHIBITION HALL				
16h30 – 17h45	HOLLISTER SYPOSIUM				
19h30 - 24h00	CONGRESS DINNER – CTICC Ballroom				

06h30 -	Registration and Help Desk				
08h00-10h00	WCET GENERAL MEETING				
10h00 -10h45	BREAK – EXHIBITION HALL				
10h45 –12h15	AUDI 2	Breakaway 1	Breakaway 2	Breakaway 3	
	Session Chair: Mariette Swart	Session Chair: Nicci Ohlson	Session Chair:		
	Invited Speaker: Prof. Fiona Coyer (Australia) Sponsored by 3M Incontinence Associated Dermatitis Invited Speaker: Helen Loudon Microbial Biofilms: raising the bar in infection prevention – practice implications for ET and complicated wound management. Q & A	Management of High Output Stomas: Fistulae & Open Abdomens Invited Speaker: TBC Using SNAP in the Management of Entercutaneous Fistulae Abstracts: (65) Kevin Hayles – Enterocutaneous Fistula – Faecal Distal Refeed To Address Nutrition & Hydration in Crohns (10) (200) Prof Madiba – The Ues of NPWT In the Management of Large Complex Wounds: Experience from Durban (10) (128) Hagit Yona-Pioneering Trial Using Fistula Wound Management For Open Abdomen following Elective Lap Cholecystectomy (159) Carol Stott – SNAP (NPWT) An Evaluation of 10 Patients Wounds (95) Karen O'Brien Innovative Use Of NPWT On An Exposed Duodenostomy; and Biliary Ducts in a Complex Open Wound	Life Issues Following Ostomy Surgery: Abstracts: (16) Linda Coulter – Meeting Destiny's Challenge – Norma Gill's Legacy at the Cleveland Clinic (10 min) (108)Ayiaye Karadaay-Determination of the Effect of Colostomy Irrigation On Social Adjustment & Q of L in patients with colostomy (10) (119)Anne Mwangi – An Audit Q of L of Patients with Stoma Wound and Continence Issues (10) (60) Svatava Novakova – Remembering The Past Gives Power To The Present (10) (109) Zehra Baykara-Assessing Social Adaption of Individulas with An Intstinal Stoma -A Multicentered Study (10) (116) Choo Eng Ong- Effectiveness of a Psychoeducational Programme for Patients With Colorectal Cancer in Singapore: A pilot Randomised Control Trial (125)Harriet Ibaya – Psychological Challenges of Ostomates		

		(13) Sharon Coleman – Presented by Anne Goodey Manging High Output Stomas in The Community: Empowering Patients (222) Mariam Mohd Nasir – Challenges in Managing Fistula: How We Do It	197) Dr Debbie Dahlia The Effect of Multidisciplinary Pain Management To Accelerate Wound healing In Patients With Grade ii Open Fracture of the Lower Extremity		
12h15-13h30	LUNCH – EXHIBITION HALL (Exhibition closes after lunch)				
	AUDI 2	Breakaway 1			
13H30 -15h00	Session Chair: Monica Franck	Session Chair: Hiske Smart			
	Invited Speaker: Prof. Alp Numanoglu, Prof. Paediatric Surgery - Red Cross Childrens Hospital, Approaching Ano Rectal Malformations in the 21st C. (30) Invited Speaker: Jane Booth, Registered Nurse – Red Cross Childrens Hospital Tracheostomies – Home Care Case Study – Baby with Multiple Ostomies (20) Invited Speaker: Prof. Alp Numanoglu Teaching With Technology (20) Invited Speaker: Prof. Heinz Rode, Red Cross Children's Hospital My Tsunami Experience (20) CLOSING CEREMONY POSTER PRIZES & PRESENTATION OF KUALA LUMPUR 2018.	Invited Speaker: Dr. James Elliott (Canada) Diabetic Wounds: Diabetes epidemiology, self-management and education, especially in low and middle income contexts. (40) Abstracts: (25) Shelley Burdette –Taylor Focus on Feet to Prevent Falls & Wounds (10) (107) Deidre Widdall Developing a Model For Foot Care Education in Bali (10) (192) Yufang Zhu The Study of Nursing Prevention Model for Elderly Patients With Hemiplegia & Pressure Ulcers at Home (10) (174) Dr. Paulo Alves –Wounds & Costs (10) (217) Dr. Gregory Weir – Cost Efficacy of PHMB Solutions for Wound Care In SA. (10)			

	Invited Speaker: TBC Embracing The Circle of Life				
16h00	CLOSE				

Thursday, 17 March 2016

08h00	Exhibition breakdown continues
09h00	POST CONGRESS WCET EB MEETING
Morning	Educational Tours and Site Visits
