Making Cancer History®

GOAL

This activity is being planned for an audience of both cardiology and oncology physicians, advanced practice providers, nurses and pharmacists. Cardiovascular disease and cancer are the number 1 and 2 causes of death respectively in the United States. Both cardiology and oncology are rapidly evolving fields that often do not intersect in terms of their educational and training programs. With the development of new targeted cancer therapeutics all with unique cardiovascular toxicities, health care providers must be knowledgeable of both. There is not a consensus on how to diagnose, monitor, or even treat cardiovascular side effects of cancer and cancer therapeutics. This activity is designed to update health care providers on the new cancer therapeutics and a practical approach to diagnosing and treating the cardiovascular adverse events. The expected outcome will be that healthcare providers at other institutions and in the community will be able to recognize and manage cardiovascular disease in cancer patients more effectively.

EDUCATIONAL OBJECTIVES

- Demonstrate comprehensive knowledge of the cardiovascular toxicities from traditional chemotherapeutics and newer targeted cancer therapies (*Knowledge, Competence, Patient Outcomes*)
- Utilize cardiovascular imaging modalities for monitoring and diagnosing cancer therapeutic cardiotoxicity (*Knowledge, Competence, Performance, Patient Outcomes*)
- Practice routine treatment of cardiac disease concurrently during cancer diagnosis and therapy (*Knowledge, Competence, Performance, Patient Outcomes*)
- Diagnose and manage pericardial disease in the cancer patient (*Knowledge, Competence, Performance, Patient Outcomes*)
- Manage cardiac arrhythmias and devices in a specialized way specific to the cancer patient (*Knowledge, Competence, Performance, Patient Outcomes*)

TARGET AUDIENCE

This program should be of value to Physicians, Advanced Practice Providers, Nurses and Pharmacists.

EDUCATIONAL METHODS

- Lecture/Didactic
- Case Study
- Questions/Answer Sessions

EVALUATION

A conference evaluation link will be included in the final program. This online survey will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

ACCREDITATION/CREDIT DESIGNATION

Physicians

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 12.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Ethics

The Supportive Care/End-of-Life presentation has been designated by The University of Texas MD Anderson Cancer Center for .50 *AMA PRA Category 1 Credits™* in medical ethics and/or professional responsibility.

Nursing and Pharmacy

The University of Texas MD Anderson Cancer Center is an approved provider with commendation of continuing nursing education by the Texas Nurses Association – Approver, an accredited approver with distinction, by the American Nurses Credentialing Center’s Commission on Accreditation.

Nursing Continuing Education Contact Hours will be provided.

Successful completion of this conference will provide up to 12.00 contact hours, which will include 2.6 Pharmaceutical credits for those sessions attended.

CME CERTIFICATES AND ATTENDANCE VERIFICATION CERTIFICATES

Certificates awarding *AMA PRA Category 1 Credits™* or certificates documenting attendance will be emailed when an individual completes the online CME Verification process and evaluation. To obtain a CME certificate, physicians must complete the on-line evaluation questionnaire and CME Verification Form.

A record of attendance (certificate) will be available online to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

The University of Texas MD Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. MD Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. MD Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, schedule conflicts, and so forth.

Photographing, audio taping and videotaping are prohibited.

The University of Texas MD Anderson Cancer Center does not endorse the commercial products, equipment, or services presented by program supporters/exhibitors.
