Why You Should Come to this Conference:

- More than 30 topics organized in clinical, operational, and financial tracks.
- In the mornings we hold combined sessions so participants gain insight from all viewpoints on sub-specialty topics, innovation, technology and the business side of Ophthalmology. In the afternoon, participants will choose lectures in the various tracks.
- A TEAM approach to break the silos that typically hinders our care and operations.
- Opportunity to participate in multiple Focus Groups sponsored by Johnson & Johnson.
- Multiple networking opportunities with world renown leaders.
- This activity has been approved for *AMA PRA Category 1 Credits™*

What You'll Receive When You Attend the Interdisciplinary Conference

Be part of a ground-breaking "immersion weekend" that focuses on ASCs, and offices TEAM approach critical to success in ophthalmic surgery.

20-world class speakers including: Ophthalmic Surgeons, Anesthesiologists, Healthcare Executives, Nurses, Technicians and Administrators

Participate in multiple focus groups that will be available to all attendees and that will consist of different areas of improving your Ophthalmic practice and organization.

Join industry sponsored breakfast and lunch lectures/workshops throughout the weekend to increase your knowledge and tools.

Get equipped with the right perspective and tools to take your practice to the next level. Our speakers are ready to provide perspective on the areas that need more of your attention in the upcoming year, so that you can make informed decisions on the diagnosis, treatment and overall care of your patients.

Location

A stay at the JW Marriott Grande Lakes places you in the heart of Orlando Florida. This 5-star hotel is within proximity of Walt Disney World, Universal Studios and Sea World. Beyond the radiant sun, sand and surf, discover the sophisticated charm of Orlando in Central Florida.
