INTELLIGENT HEALTH 2023

Basel, Switzerland

THE WORLD'S LEADING AI IN MEDICINE SUMMIT SERIES

#IH23

TESTIMONIALS

'It's my first time at Intelligent Health - must say it's great to be here and meet with clients and friends who are really passionate about health. It's been awesome! Great organisation and looking forward to being back next year!'

—
Antonio Marco Russo
Partner and Head of AI & Data
Advisory

Deloitte.

'It's Nuance's first time in Basel, with our partner Microsoft. We're very happy to be here. The format is really engaging, the topics are very strong, excellent presenters and amazing people - it's been great!'

—
Milko Jovanoski - Int.
Healthcare Marketing Director

'Thank you InspiredMinds! for the interesting conversations at IH Basel. Unique combination of pharma, healthcare, tech, and global access programs under one roof, you don't see this in many conferences. All the different stakeholders coming together!'

—
Divya Gupta - Healthcare AI Leader and
Global Head of Growth

'Happy to meet so many inspired minds - I love the experience, absolutely love it! I go to a lot of conferences around the globe but I love this conference because of the diversity of people I get to meet - people doing very interesting work with cutting edge technology in healthcare! I'm genuinely excited and inspired!'

—
Rohit Ghosh - Chief Strategy Officer, Founding Member

'Great experience. Great networking. In an area we are totally passionate about!'

—
Susan Tillman - Head of Data
Science & Digital

WHAT IS INTELLIGENT HEALTH?

Intelligent Health is unique in the fact that it brings together scientists making exponential breakthroughs with world leading technologists. By applying tools such as AI and ML on chemistry, drug discovery and on major medical advances, we can reduce pressures on human labour by harnessing the speed of machine labour - the end effect of which will improve clinical outcomes and patient care. We are poised at a unique time in history where such breakthroughs are beyond the pace of those ever seen before - IH showcases the best and provides the opportunity for us to moonshot many more.

THE MISSION

Our mission is to progress discussion on how AI can be used to prevent and solve some of the world's greatest healthcare problems, improve the health of the human race, and set the global AI agenda in healthcare. We believe that our work is essential, but would not be possible without the generous support of our partners, advisors and ambassadors.

WHY **PARTNER** WITH INTELLIGENT HEALTH?

We bring together the full health and AI community to learn, improve and reach new heights. Nowhere else will you find big brains, big entrepreneurs and big tech all in one place.

Our partners are on a mission to drive innovation forward and make the world a better and healthier place.

Do you have an AI solution ready to challenge the norms in medicine? Have you created an AI product breaking science's glass ceiling. Whether you're an ambitious start-up, a forward-thinking investor, a relationship builder, an innovator or a deal maker – this event is for you.

Is this you? Then we invite you to partner with us.

HOW?

Exhibit: showcase your products, test the appetite for your services, engage in lead generation, network. All exhibiting packages include our Marketing campaign (website, social media, newsletter, blog, app) and a number of free passes to the event.

Sponsor: includes all the 'Exhibit' elements + massive exposure on our website + dedicated marketing campaign – we take your exposure pre/at/post show to the next level!

Want to be a thought leader at the event? Lead a workshop? Run a Hackaton?
Host a networking party? We're here to make it happen.

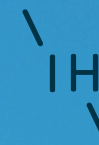

TALK TO US

We want to hear about your goals.
We want to know what makes you tick. We don't do 'one size fits all';
we're here to make it special for you.
