

25th Annual OB-GYN Ultrasound Update 2016

DATES: Thursday, Friday, Saturday and Sunday, December 1-4, 2016.

LOCATION: Lago Mar Hotel, Fort Lauderdale, Florida

NOTE: If you have Internet access you can register on line at www.cmebyplaza.com

About this meeting...

We are excited about the 25th Annual OB-GYN Ultrasound Update for Clinical Practice meeting, and we think you will be too. We will be dedicating this meeting in honor of 3 very special people, John Hobbins, Ilan Timor and Stuart Campbell on their very special birthdays and we are sure you will want to join us for the celebration.

This year's course starts on Thursday afternoon and runs for the full day on Friday and half day on Saturday and Sunday. This year we are celebrating the 80th birthdays of these legends in ObGyn ultrasound with a special symposium on Saturday. We will cap the session off with a talk on the history of Rh disease by another legend, John Queenan.

Saturday evening all have the opportunity to join us in a gala birthday celebration of the lives of these pioneers in our field. We are certain you will not want to miss this event.

Participants will earn up to 26.25 AMA PRA Category 1 Credits™. CME certificates will be issued at the meeting.

Complimentary meals include continental breakfasts, all coffee breaks, lunch on Friday and brunch with our honorees on Saturday.

Because of this special event and limited meeting room size we will stop taking registrations when we reach 150. In order not to be shut out we encourage you to register right away. Once we have 150, we simply cannot take any more registrants.

The family-run Lago Mar Resort location has been tremendously popular and will continue to host us with gracious hospitality.

We welcome each one of you to this exciting and very special conference!

Joshua Copel, M.D. & Lawrence Platt, M.D.
Program Co-Directors
