ABOUT THE MEETING

This symposium is designed to provide an update on a variety of new cutting edge developments in diagnostic imaging and intervention. Topics include new techniques and practical applications of MRI and CT. Emphasis of this meeting is on the practical clinical uses of new technologies. Faculty members have been selected for their teaching ability, as well as their expertise.

TARGET AUDIENCE

This CME activity is primarily intended and designed to educate diagnostic imaging physicians who perform and interpret imaging examinations. The content will be beneficial to neurologists, emergency medicine physicians and general practitioners who order or integrate imaging information into practice management.

ACCREDITATION

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 17.5 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Technologists: This program has been submitted to the ASRT. The number of A CE credits will be available approximately 30 days prior to the meeting. Please visit www.edusymp.com or call 1-800-338-5901 regarding the availability of Category A CE credit.

Self-Assessment Modules (SAMs): Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Discuss new cutting edge applications of MR and CT imaging.
- Compare the use of CT and MRI in the evaluation of various musculoskeletal, body and cardiovascular applications.
- Integrate cutting edge technologies into the workup of neurological disease.
- Assess breast disease using state-of-the-art imaging techniques.
- Review safety updates for contrast use and radiation dose reduction.

No special educational preparation is required for this CME activity.

REGISTRATION INFORMATION

Early registration is strongly suggested. There will be a \$100 surcharge for anyone registering after **February 2, 2017**. Minimum and maximum attendance levels have been established for this meeting. If your registration cannot be accepted, you will be issued a full tuition refund.

Please note: A minimum number of registrants is required to live webcast this course. If the minimum number is not met by **January 13, 2017** the live webcast activity may be cancelled and a full refund issued.

CANCELLATIONS

Cancellations must be received in writing. A \$50 processing fee will be applied to all cancellations. Refunds requested in writing prior to **January 13, 2017** will be issued for the amount of tuition paid less the \$50 processing fee. No refunds will be made on or after that date.
