

Cardiac Disease and Anaesthesia Symposium

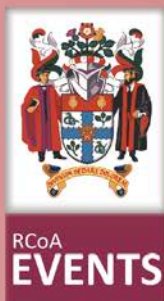

5-6 May 2016

RCoA, London

THURSDAY 5 MAY

0855-0930	REGISTRATION AND REFRESHMENTS			
0935-0940	Welcome and Introduction	Professor Pierre Foëx, Oxford		
SESSION I	Preoperative assessment of the cardiac patient	Chair: Professor Pierre Foëx	2A03/2A12	
0940-1005	Human factors and outcomes in cardiac patients	Dr Helen Higham, Oxford		
1005-1030	Reducing peri-operative risk in non-cardiac surgery: Should we screen for cardiac disease?			
1030-1055	Cardiopulmonary testing (CPX) for all?	Dr Jonathan Wilson, York		
1055-1110	Discussion			
1110-1135	REFRESHMENTS			
SESSION II	The adult with congenital heart disease	Chair: Dr Helen Higham	2A07	
1140-1205	Overview of grown-up congenital heart disease	Professor John Deanfield, London		
1205-1230	Anaesthesia for non-cardiac surgery in the grown-up with congenital heart disease	Dr Matthew Barnard, London		
1230-1240	Discussion			
1240-1335	LUNCH			
SESSION III	Complex problems frequently encountered	Chair: Dr Helen Higham	2B06/2A04	
1340-1405	Heart disease in pregnancy			
1405-1430	Pace-makers, internal defibrillators and cardiac resynchronizers			
1430-1455	Concerns about arrhythmias			
1455-1510	Discussion			
1510-1535	REFRESHMENTS			
SESSION IV	The lesser circulation is important	Chair: Professor Pierre Foëx	2B06/2A12	
1540-1605	Pathophysiology of pulmonary hypertension	Professor Sean Gaine, Dublin		
1605-1630	Perioperative management of the patients with pulmonary hypertension			
1630-1640	Discussion			
1640-1720	KEYNOTE LECTURE The ESC/ESA guidelines 2014: 18 months-on Professor Stefan de Hert, University of Ghent, Belgium		Chair: Professor Pierre Foëx	
1720-1730	Discussion and Close of Day 1			
1730-1830	Drinks Reception for all Participants			

Cardiac Disease and Anaesthesia Symposium

5-6 May 2016

RCoA, London

FRIDAY 6 MAY			
0830-0900	REGISTRATION AND REFRESHMENTS		
SESSION V	The surgical patient with coronary disease	Chair: Dr Helen Higham	2A07/1A02
0905-0930	Pathophysiology of coronary heart disease		
0930-0955	Coronary stents: managing patients or platelets?	Dr Georgina Flood, Dublin	
0955-1020	Cardiac protection: is this a myth?	Professor Pierre Foex, Oxford	
1020-1035	Discussion		
1035-1100	REFRESHMENTS		
SESSION VI	Valvular heart disease	Chair: Professor Pierre Foëx	2A07/2A12
1105-1130	Pathophysiology of valvular heart disease		
1130-1155	Anaesthetic management of patients with valvular heart disease	Dr Mark Patrick, Manchester	
1155-1205	Discussion		
1210-1250	KEYNOTE LECTURE Advances in cardiac monitoring: have they helped? Professor Jean-Louis Vincent, Université Libre de Bruxelles, Belgium	Chair: Professor Pierre Foëx	
1250-1300	Discussion		
1300-1400	LUNCH		
SESSION VII	Heart failure and its perioperative management	Chair: Dr Helen Higham	1A02/2A03/2A04
1405-1430	Heart failure, and update on its treatment	Professor Allan Struthers, Dundee	
1430-1455	Is there evidence for goal-directed therapy in high risk cardiac patients?	Dr Maurizio Cecconi, London	
1455-1520	Cardiac biomarkers in perioperative practice		
1520-1545	How I manage the patient with heart failure	Dr John Berridge, York	
1545-1605	Discussion		
1605	Close of the Symposium
